

HOME PEOPLE BARRED

Will Not Be Permitted to Attend Notification Meeting

Oyster Bay, July 27.—Owing to the decision of Secretary Loeb, who doubtless consulted with President Roosevelt, the townspeople at large will not be admitted to visit Sagamore to listen to the speeches. The prohibition has caused a good deal of hard feeling. In 1900, the villagers participated in the notification.

Flock to Relic of St. Anne.

New York, July 27.—Men, women and children, lame and halt, crippled and deformed by disease or accident, went in thousands today to pray before and kiss the relic of St. Anne which rests on the altar in the crypt of the Church of St. John the Baptist, in east 76th street. It was the end of the nine days' pilgrimage to what has become known as the "Lourdes of America" because of the healing power said to reside in the relic. Lighted by hundreds of lamps and tapers borne by the worshippers, the crypt presented a strange sight. Behind the altar were tables laden with crutches, braces and other appliances said to have been left there by persons cured

through the virtues of the relic of St. Anne, who was the mother of the Virgin Mary.

Rogue River League Dead.

The Rogue River Valley Baseball Association has succumbed to a paucity of gate receipts, and is a thing of the past. The directors of the league in Jacksonville, assembled officially, have declared that the league be dissolved. When the hour of dissolution arrived, Ashland was leading the clubs of the league, and was awarded the pennant, while Medford and Jacksonville were tied for second place, Gold Hill, which had been struggling against adverse conditions for some weeks past, and which had lost the majority of the games played, yielded up the ghost Saturday, and that event brought matters to a culminating point. Largely owing to the energy and business tact of Billy Hulen, the Ashland club is said to have been the only one in the association which has been paying expenses, and is now on an entirely solvent basis.

The only game which was pulled off yesterday was between Medford and Jacksonville, at the latter place, and was won by the former by the overwhelming score of 19 to 1. It is said that over \$1000 changed hands on the result of the game.—Ashland Tidings.

Ship Burning at Sea.

Queenstown, July 27.—The White Star liner Majestic reports having sighted a ship afloat in latitude 46.16, longitude 57.38. There were no signs of life.

Miss Hattie Goode returned last evening from a week's trip at Newport.

BRUTAL OUTRAGES REPORTED

Russian Soldiers Attack Polish Prisoners and Maltreat Them

Berlin, July 27.—Most revolting reports are published here of the ill treatment of political prisoners in Kailisch, Russian Poland, during disturbances caused by the prisoners complaining of insufficient food. After being fortified by drink, 270 soldiers, headed by a dozen officers, entered the cells and attacked the prisoners. Some of them had ribs broken by the soldiers, and others their arms and legs. One prisoner lay on the ground pierced with bayonets. Some had their eyes knocked out, and some were strung up to beams, bound hand and foot, and cudgelled. Seventy prisoners were conveyed to the hospital, where they tore off their bandages and refused to permit the doctors to treat them.

Republicans of Missouri.

St. Joseph, Mo., July 27.—The Republican state convention to nominate a full state ticket was called to order here shortly after 10 o'clock this morning. Enthusiasm was the dominant note of the opening proceedings, the party leaders appearing confident that the factional differences among the Democrats give the Republicans a bet-chance of success in Missouri this year than ever before.

Senator McKinley and former Mayor Walbridge, of St. Louis, are the two candidates for the Republican gubernatorial nomination. For all the other places there are from two to half a dozen aspirants, so that the final make-up of the ticket is problematical.

Many Attend Curfew Congress.

St. Louis, Mo., July 27.—An international curfew congress opened today in Festival hall under the auspices of the National Curfew association, which has for its object the promotion of legislative and other measures intended to protect youths from the vices of the streets. In addition to the delegates from various parts of America there are present at the congress representatives of various

bodies in Great Britain, Germany, France, Japan, Mexico, Cuba and other foreign countries. Colonel Alexander Hogeland is the presiding officer.

Long Branch Horse Show.

Long Branch, N. J., July 27.—Society regards the eleventh annual exhibition of the Monmouth County Horse Show association, which opened here today, as the event of the summer. The show this year consists of 51 classes—eight more than last year—and the prizes aggregate \$5200, which is the largest sum yet distributed among horse owners at the Long Branch show. A notable feature of the program is the class for four-in-hand road teams. An other important innovation is a new class for gig horses.

Wisconsin Prohibitionists.

Madison, Wis., July 27.—Prohibitionists of Wisconsin assembled in Madison today for a two days' convention. Nearly every county in the state is fully represented. The convention will name candidates for state offices and decide upon plans for pursuing a vigorous campaign.

Delavan Lake Assembly.

Delavan, Wis., July 27.—William J. Bryan was the chief speaker today at the opening of the seventh annual session of the Delavan Lake assembly. His subject was "The Value of an Ideal." The assembly will continue for ten days.

ALASKA COAL FIELDS

Portland, Or., July 27.—Mr. Charles Forbes, an operator in the Cantalla Bay oil fields, Alaska, is at the Perkins, on his way East. He views the future of the Cantalla district with very hopeful eyes, and confidently expects that in the near future the greatest city in Alaska will be built there.

"There is a steady development going on in the oil and coal fields there," he said, "and as we have the finest coal in the world and the same quality of oil, I do not see how anything can defeat us. There are now four flowing wells. The last one was struck only a few weeks ago, and, from the indications at this time, it is the biggest well of the four. It is the property of the English syndicate that owns the other three wells. There are many other syndicates and individual enterprises at work, and all of them are confident of success. The shallowest gusher struck thus far was at a depth of 365 feet, and the deepest well is 1100 feet. The oil, as every one in the oil world knows, is the finest quality known. There are no pipe lines laid, but surveys for them are made, and there is considerable pipe on the ground. At present there is but one storage tank built, and it is only 1000 barrels capacity. The fact that speaks best for the district is not an empty hole in the Alaskan oil field—I mean by that an abandoned well.

"The development of the coal field is showing great results. One company has opened an 18-foot vein of the finest coal for a distance of 6000 feet. The coal will not be marketed in this country, but will be sold to the nations for steamship use. A government analysis of it shows it is even better than the Welsh coal."

New Cement Sidewalk.

Ed. Hirsch is constructing a cement sidewalk along the property owned by him on Commercial street, south of Ferry street. The improvement was greatly needed, and completes the cement sidewalk the entire length of the business district on Commercial street.
