DEFEAT AND RETREAT THEIR ONLY REPORT

Russians Continue to Meet Reverses at Hands of the Brown Men

Heavy Losses Are Acknowledged by Both Forces in Recent Battles on Peninsula

London, Aug. 3.—A Liao Yang dispatch dated Tuesday says that on Sunday at Kukiatz, northwest of Liao Yang, the Russians encountered a superior force of Japanese and after a hard fight were driven back with a loss of nearly 1000.

London, Aug. 3.—The Japanese legation issue the following Tokio official report. "The army which occupied Simucheng reports that on July 30th, they began an attack upon the enemy who were occupying a strongly entrenched position on the heights around Tomucheng 15 miles southeast of Haicheng. Fierce fighting continued throughout July 31 when our left wing expelled the enemy before them and threatened the rear of the main body of the enemy, who were thereupon compelled to retreat during the night toward Hai Cheng.

The enemy was under Alexieff and consisted of two divisions of infantry and seven batteries of artillery. We captured six field guns and some prisoners. Our casualties numbered 400 while the enemy left 150 corpses on the field.

(The report that the army was under Alexieff is said to be incorrect.)

St. Petersburg, Aug. 3.—General Kuropatkin reports that the Russian troops have retired from Hacseng along the road to Anshanchan. The retreat was in perfect order, despite the heat, which caused many sun-strokes. He adds that no serious news has been received from the eastern front.

Rome, Aug. 3.—The Giornale de Italia correspondent at Liao Yang asserts that conditions among Russians at the front are disastrous. The army correspondent says they are dying of hunger. After a march lasting 48 hours they were given nothing but a piece of sugar. They have no bread, and provisions arrive at long intervals only. Under these conditions

the work of the troops is truly heroic.

Kansas City, Aug. 3.—President Donnelly, of the Butchers' union, spent today here. A parade of several thousand strikers marched to the parks, where they were addressed by Donnelly. He expressed the opinion that the strike would continue a long time, but that victory for the strikers was the only thing he could see.

Loses Ten Thousand. London, Aug. 3.—The list of casualties incurred by the Russian and Japanese armies in the present movement in Manchuria since June 15th, with the battle of Vafangow give the combined losses of the two forces at 10,000 killed and wounded. The Russian losses are the heaviest, approximating 4600 known killed and wounded.

LEAGUE SELECTS OFFICERS

Portland, Aug. 3.—The Oregon Development League met this morning at 10 o'clock. The committee on organization reported the following officers:

President E. L. Smith, Hood River; Vice-presidents, F. J. Blakely of Roseburg, J. G. Graham of Salem, J. H. Aitkin of Huntington, and A. Bennett of Irrigon, Secretary Thomas Richardson of Portland.

The meeting is a grand success in every particular. The delegates come from every section of the state and they are enthusiastic in the work. The session this morning was devoted to hearing talks on the development of the state and many papers were read, all showing the country to be in a prosperous condition. Marion county made a good impression and received cordial treatment.

The committee on reception and entertainment kept open house for the delegates and their friends at the Commercial club last night.

The affair was entirely informal and a large number of delegates were present, many of them being accompanied by their wives.

It is estimated that there were 700 people in attendance during the evening.

An orchestra had been provided which furnished music during the evening. No program had been prepared it having been thought that it would be more pleasant to have the reception entirely informal and with nothing to hinder the formation of acquaintances among the members of the league.

Crazed From Drink. August Farley, of Roseburg, was today committed to the asylum. He is 47 years old, and despondency is assigned as the cause. Soon after leaving Chicago and reaching his new home, he gradually became despondent and homesick. He neglected his usual farm duties, until the last six months, when he has shown a tendency to wander around and it became necessary for him to be restrained by the attendants. He has at all times drank liquor to excess periodically until the last six months.

COMMITTEE NOTIFIES SENATOR FAIRBANKS

Enthusiastic Speeches by ex-Secretary Root and Vice Presidential Candidate

Indianapolis, Ind., Aug. 3.—In a large tent set in the middle of the beautiful grounds surrounding the candidates home and in the presence of a distinguished company of his fellow partisans, Senator Fairbanks this afternoon was officially notified of his nomination by the Republican party to the high office of vice-president by ex-Secretary of War Root, who delivered the notification speech. Politics ruled the Indiana capitol today. The Democratic state convention is being held and the streets are filled with enthusiastic followers of both parties. Two hundred guests participated in the notification and in the luncheon which was served in a tent. Replying to Root's address the senator said he accepted the commission with a profound sense of the dignity and responsibilities of the exalted position and plunged into a review and dis-

cussion of the parties policies beginning with the gold standard. The monetary and economic policies which are so forcibly reannounced, he said, lie at the very foundation of our industrial life.

Russia Watches England.

St. Petersburg, Aug. 3.—The Russ and the Novoe Vremya this morning both comment on Great Britain's activity in Persia. The Russ says it is to be expected that when Great Britain has finished with Tibet she will take advantage of Russia's preoccupation to strengthen her footing in Persia, but adds that she will find Russia not so absorbed even in a serious war that she cannot safeguard her interests in the Central East.

The Novoe Vremya thinks that the searching of a few merchantmen for contraband in time of war is a small matter, compared with the raising of the British flag in time of peace on two of the Pearl Islands in the Persian gulf.

YARDS FILLED WITH CATTLE AND HOGS

Packing House Strike Is Getting Serious and Price of Stock May Drop

Chicago, Aug. 3.—With a glut of cattle, hogs, and sheep this morning the packers faced what the strikers termed a serious situation and heavy losses may follow through their inability to handle them. The importation of non-unionists continues without violence.

Despite the declarations of the packers' representatives, the pens at the stockyards are filling with cattle and hogs that buyers make no bids for in the market. According to commission men and officials of the Union Stockyards & Transit company, out of livestock received yesterday and last night over 19,000 sheep and 10,000 hogs were reshipped, and unsold stock is rapidly accumulating in the pens. Twelve thousand hogs remained unsold last night and large receipts today is causing the livestock handlers to fear a swamping of their facilities.

According to commission men, there are thousands of holdovers in all departments of the yards, and the cattle

in the pens will not all be out of the way by Saturday night. In the face of all this, shippers are constantly forwarding stock to Chicago, and indications today are that there will be a decided slump in prices of livestock.

DIED FROM WOUND

Butte, Mont., Aug. 3.—Patrick Mahoney, who was shot by Jerry Slattery, the pugilist, died this morning. Slattery is in jail charged with murder.

Rome, Aug. 3.—Giornale d' Italia has published an extra with a Tokio dispatch announcing that the Japanese armored cruiser Kasuga, formerly an Argentine war ship has been sunk.
