Wants to Be Returned.

Attorney D. R. Murphy of Portland, appeared before Governor Chamberlain this morning and made an argument to have the prisoner Guegliemo who is awaiting execution at the penitentiary transferred to the Multnomah county jail. It will be remembered that the prisoner was convicted of murder and sentenced to be hung. After being brought to the pen for the purpose, his attorneys have endeavored to secure a stay of judgment from the supreme court and that is why this transfer is requested.

Under section 478 of the code, which provides that a prisoner awaiting a decision of the court on a stay of judgment is entitled to be returned to his original place of custody. Governor Chamberlain has taken the matter under advisement.

To Notify Parker.

New York, Aug. 9.—Leading Democrats from all parts of the country rounded up today at the Hoffman house preparatory to going to Esopus tomorrow for the formal notification of Judge Parker of his nomination for the presidency. Notwithstanding the expressed wish of the nominee to have the notification ceremonies as brief and simple as possible it looks as though the event is destined to be a big affair, at least so far as attendance goes. In addition to the notification committee, which includes a representative for each state and territory, the event will be attended by many members of the national committee, the New York state committee and by many party leaders of this vicinity. The West Shore railroad has placed special trains at the disposal of the committee to convey the visitors from this city to Esopus, where carriages will be waiting at the station to take them to Rosemount.

MORE BODIES FOUND

One Hundred Are Known to Have Perished in the Pueblo Wreck

Denver, Colo., Aug. 9.—At 8 o'clock this morning 76 bodies had been recovered and identified from the Pueblo wreck. The closest estimate of the total death list is now 106 making it the greatest railroad disaster in the history of Colorado. It will take several days to determine the actual number who perished. The search is still being prosecuted in the Fountain and Arkansas rivers for the bodies. Those recovered show very few bruises and apparently almost all died from drowning.

Will Patrol Rivers.

Pueblo, Aug. 9.—Fountain river this morning had fallen to nearly its normal condition and the work of recovering the bodies will be easier. The mayor called a public meeting for the purpose of launching a movement to organize a systematic patrol of the Fountain and Arkansas rivers in the hope of finding more bodies. Hundreds of men responded and the work was taken up under the direction of the officials. All citizens joined in one immense procession today, winding from one morgue to another, in the hope of identifying bodies of friends and relatives. It is estimated that 20 to 30 bodies are buried in the sand of the river. The remains of all but six victims recovered so far have been identified.

Two Wills Filed.

The separate wills of Mr and Mrs. James Caplinger were today filed in probate. The estimated value of the property of Mr. Caplinger is \$6200. That of Mrs. Caplinger is \$1150. Both instruments appoint their son John Caplinger as executor and both provide the same bequests as follows:

To their daughter Mary Nixon, \$5, their son Rufus Caplinger, \$5.00. The remainder of the estates is to be divided equally among the following named heirs: their granddaughter, Bertha Josephine Carlson, their sons Henry Caplinger, John Caplinger, and Thomas Woodside Caplinger and to their daughter Anna Scott. The appraisers appointed are Thomas Humphrey, J. B. Ashby and William Humphrey. Wm Kaiser has been retained as attorney for both estates.

Wholesale Arrests.

Portland, Aug. 9.—Between midnight last night and 2 o'clock this morning, the police department broke all records and arrested 219 men. All were charged with being on the city streets after hours, and their arrest was by command of Chief Hunt, who ordered yesterday that all men violating the after-hours ordinance last night be arrested and prosecuted. It is the first step of the police department in their act of clearing the city of vagrants and undesirable characters, and the raid was brought to hand by the number of petty crimes, burglaries and hold-ups that have occurred within the past month.

Will Improve Prison.

Governor Chamberlain has been busy the past few days completing arrangements for the entire renovation and re-modeling of the plumbing at the state prison. He has had Architect Nerr and the prison engineer engaged on the work of making plans and specifications to this end. The governor is determined to make this prison a respectable institution, and one of the greatest needs that he has found is that of better sanitary conditions.
