## MAYOR WATERS OFFERS TO BUILD CARLINE

### Submits Proposition to Inhabitants of Rosedale and Liberty Neigh- borhoods

Mayor Frank W. Waters has made the following proposition to the people of Liberty and Rosedale, regarding the proposed electric lines extended to those neighborhoods.

To the residents of Liberty and Rosedale, and along the proposed electric car line extension commencing at the present southern terminus of the Citizens' Light & Traction Company's car line, on South Commercial street, and extending along the county road south towards Liberty and Rosedale:

Whereas, At several recent meetings held at Liberty and Salem and Liberty, wherein were represented interested parties, it was proposed and undertaken to raise the necessary money to construct and operate an extension of the present South Commercial street car line, leading from its present terminus along the county road southward to Liberty, and on to Rosedale, a distance of approximately four and one-half miles, and

Whereas, At said several meetings a popular subscription paper was decided upon as the best and quickest means of ascertaining public sentiment, and pursuant thereto said subscription papers were placed in friendly circulation, towards the end that \$15,000 might be raised as a loan to the Citizens' Light & Traction Company, wherewith to aid in the construction of this proposed extension; said extension being estimated to cost \$30,000, of which amount the Citizens' Light & Traction Company was to furnish one-half, and the balance to be raised under the popular subscription papers, and

Whereas, A subscription committee was started to work with the intention of raising the \$15,000 required by the said Citizens' Light & Traction Company, the subscribers thereto to be called together at a later period, and, after satisfactory arrangements as to payments, character of loan, etc., were to organize themselves into a mortgage or bond company, thus perfecting matters by eliminating parties who overlooked the opportunity to subscribing from having any voice in the arrangement of the issuance of the proposed bonds or mortgages from the aforesaid company, to the subscribers raising the required loan of \$15,000, and to place power and authority solely with subscribing individuals, and

Whereas, The various committees subsequently appointed for an exhaustive canvass under the popular subscription paper, encountered oppo-

sition in their work, and, as a result of this lack of support, the aforesaid popular subscription plan has been withdrawn, and three reasons are named for so doing: First: Want of sufficient co-operation and support to the subscription papers by residents of Salem, Liberty and Rosedale. Second: The manifest lack of a thorough understanding of the proposition submitted to the general public. Third: The discovery of several technical defects covering the proposed extension, and for these reasons the original plan of popular subscription having been withdrawn, and those who have subscribed in any amounts are hereby released from any and all obligations named in the aforesaid subscription paper.

Therefore, Still believing the extension to be of inestimable value to Salem, Liberty and Rosedale and surrounding country, and a profitable investment, and in withdrawing the popular subscription, the following proposition is hereby substituted, which proposition is respectfully submitted by Frank W. Waters, and in lieu of the promoters working through the hereinbefore mentioned committees, and other interested parties associated with the carrying out of the originally planned undertaken plan of concentrating this proposed extension under popular subscription:

A proposition to the residents of Salem, Liberty, Rosedale and residents along the proposed South Commercial street car line extension, and to all others interested in said extension:

If the above referred residents and citizens will furnish to me, free of any cost and expense whatever, a right of way along the hereinbefore mentioned proposed extension; if they will do all required grading; if they will furnish and lay the necessary and required ties; if they will furnish and set all trolley wire poles required; if they will furnish such timbers as may be required for any bridging or similar work, and will do all work in a suitable manner, and supply the best materials obtainable from their own resources, within the period of.....days from the date hereof,

I will agree to purchase and lay all the necessary rails; to purchase and string all necessary wires; to lay all necessary tracks; to furnish all the necessary arms or brackets for supporting trolley wires; to furnish all

(Continued on Page Six.)

## JUDGE ISSUED ORDER

### That City Be Enjoined From Interfering With Packers

Chicago, Aug. 24.—Judge Brentano this morning granted the application of the packers for an injunction restraining the city from enforcing the order for the evacuation of the stock yards buildings used for housing strike breakers. He said the injunction was granted in the interests of peace, business interests and good order. If the men were required to leave the yards every night riots would result.

President Donnelly returned from St. Louis today. He declared the prospects of winning the strike are bright and based his hopes on the demoralized condition of the packers' business. The heavy losses they are sustaining, he said, compelled them to sell meat below cost, and their business was being cut into tremendously by the independent packers. In St. Louis the packers are fairly giving meat away. In New York they are compelled to sell below cost, and Chicago is the only place where they maintained prices. He believes the packers cannot stand the financial straits much longer. Lib-eration are expected.

#### Returned from Yaquina.

Col. L. K. Page and family have returned from a month's outing in the mountains and by the seashore. They drove over from Yaquina bay, arriving last night, and had a splendid good time.

#### It Pays to Move.

Jennie Edith Phillips has commenced an action in the circuit against Matthew Gibson for rent. Turner & Inman are attorneys for plaintiff.

## WORK OF BLACK HAND

### New York Italians Are in High State of Excite- ment

New York, Aug. 24.—Salvator Bossoto, aged 18, was shot to death today in his father's restaurant on Park street by Carlo Rossatti, aged 35, because he had disclosed to the police secrets of the alleged "Black Hand." The father was knocked down and choked by the slayer, who was pursued by a mob of 1000 Italians, who later attacked the Elizabeth-street station in an attempt to get at Rossatti. It is understood that Bossoto revealed the plan of secrecy to murder and rob a party of their countrymen on their way to Italy.

## EDWARD FEELS WELL

Martenbad, Bohemia, Aug. 24.—Dr. Ott, King Edward's physician, contradicts the pessimistic rumors published recently regarding the health of his majesty's health, and says he is stronger than ever.

Metropolitan Life Insurance Company, Incorporated by the state of New York. The company of the people by the people and for the people. Eight million policies outstanding—the most gigantic organization in America. J. H. McCourt and J. Oliver, representatives, Room 10, McCormack block. Agents wanted.

## ALEXIS CHRISTENED WITH MUCH POMP

### Heir to Russian Throne Anointed and Immersed Before Many Prom- inent Officials

St. Petersburg, Aug. 24.—With pomp and ceremonies the heir to the Russian throne was baptized in the Palace Church at Peterhof today before an assemblage of diplomats and royalty. The child was anointed and immersed in holy water by the metropolitan of St. Petersburg. After the ceremony the manifesto of the Czar on the birth of a son was published. This grants many privileges to the people of Russia and attempts to conciliate the people of Finland. In honor of the christening the Czar conferred a number of orders. The white eagle was conferred upon M. DeWitte, the insignia Alexander Newsky on Count Lamadorf, minister of foreign affairs; M. Yermoloff, minister of agriculture; M. Muravieff, minister of justice.

The present minister of public works and railways, M. K. Hloff, was appointed secretary of state.

The imperial party, in a gilded coach drawn by eight horses, proceeded by an escort of husars and Cossacks, preceded from Alexandria palace to Peterhof. The procession to the church included the emperor, dowager empress, Prince Henry of Prussia, Prince Louis, of Battenberg, representing the godfather of the baby, Emperor William, King Edward and members of the imperial household. After the baptism the Emperor invested his son with the insignia of the Order of St. Andrew. The ringing of bells and salutes of 301 guns announced the completion of the ceremonies. The

state luncheon followed at Peterhof. The city was beautifully decorated, and will be illuminated tonight. The health of the Czarine and Czarowitch is excellent.

#### Sebastopol Struck Mine.

London, Aug. 24.—The Japanese legation issued a report from the commander of the Japanese torpedo boat destroyer Asashio, which stated that while the Russian battleship Sebastopol was bombarding the Japanese land position on the outer harbor at Port Arthur yesterday, she struck a mine, and immediately listed. Her bows and beams were submerged, but she was towed inside the harbor.

#### Time Extended.

Washington, Aug. 24.—The state department this morning received a cablegram from Consul Goodnow at Shanghai, stating that the Chinese foreign office has extended the time for repairs to the Russian cruiser Askold to August 28th.

#### MARRIED.

A'KIN—HIEFLEIN.—At the residence of S. W. Spencer, corner of Capital and Chemeketa streets, this morning at 9 o'clock, Miss Elva A'Kin to Mr. Wm. C. Hoefflein, in the presence of a very few relatives and friends. They left this morning for Yaquina where they will make their future home, the groom being a resident of that city. Rev. P. S. Knights officiated at the ceremony.
