

INTERESTING POINTS IN ENGLISH HISTORY

gon Law School Journal, Salem, September, 1904.)

assist our readers in the chronology of the events of English history connected with laws from which the common law of our country had its origin, we print the following.

We have but little authentic information as to the history of England prior to the Christian era. The Britons are believed to have been the original inhabitants of England and that they were driven northward and into the interior of the island by successive invasions. From early accounts the people who first inhabited the interior country were but little above the savages in the scale of civilization. The Phoenicians are supposed to have worked the tin mines of Cornwall at an early date and which are known by them as the Tin Islands.

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scored good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass.; her advice is free.

California's Birthday Today.

San Francisco, Cal., Sept. 9.—The fifty-fourth anniversary of the admission of California into the Union is being observed today with the customary festivities. Several cities of the state are celebrating the anniversary on a large scale, but by far the largest gathering is at Oakland, where Native Sons of the Golden West are holding their annual celebration. Hundreds of the visitors who have been attending the Knights Templar conclave in this city went to Oakland this morning to take part in the festivities there.
