AUF WIEDERSHEN.

(Miss M. Agnes Kelly in Yaquina Bay News.)

No more the glowing embers
Of bonfires gleaming bright,
Light up the cliffs, or soft gray mist
That veils the falling night;
No more the light winds listen
As they sweep gently by,
To words but faintly spoken,
Or sigh that answers sigh.

No more the phosphorescent gleam
Of drift logs on the shore,
Entices man or maiden fair.
The summer days are o're,
And now the cricket's plaintive croon
Completes the autumn day,
And full moon's splendor flings a path
Of gold across the bay.

Bright laughter rings no more above
The breakers' lonely moan,
Nor eyes flash mischief into hearts
Of those now left alone
Where once was written on the sand
A dainty, girlish name,
And then erased relentlessly
By pearly waves that came.

No dancing footsteps echo now
As days go drifting past,
The warmth has left the sunset's glow,
Its glory could not last!
Ah, sweet and winsome summer girl,
When you at length depart
Have you not even left a sear
Upon the summer heart?

WHO ARE THE BIG FOUR?

The Salem Statesman doubts that four men can run this state of 500,000 population to suit their own inclinations. Nevertheless, they have done so in the past. The people whose expressed wish has been cast aside by this same clique are not taken into consideration. — Woodburn Independent.

The Independent should name the men.

Of course, it would not omit the editor of the Oregon Bible, politically speaking, printed at Portland.

It wouldn't leave out the editor of the New Testament, again politically speaking, printed at Salem.

Could it make the people believe one of the big four was not the editor of the Salem Statesman itself?

Last, but not least, would the Woodburn Independent man have the injustice to leave himself out of the list of the four men who are responsible for things done in Oregon?

For our part, if we are to be included in the above quartet, we wish to deny that he have ever been deaf to the call of the people, and we wish to enter the same denial on behalf of the statesman from Clackamas county.

But perhaps the Woodburn man will not include him in the big four, not even at our request, and should we be never so willing to give him our place.

A MODERN INSTANCE.

Stealing chickens, six years.
Stealing $54,000, 18 months.

An Iowa bank president stole $54,000 of his depositors' money.

The judge in passing sentence upon this man gave him 18 months in the penitentiary.

In the same penitentiary to which this bank president is committed a man is serving six years for stealing a chicken.

In giving an account of the rich prisoner's demeanor the press reports say he "took his sentence very calmly."

No doubt of it.

And so did the judge who sentenced him take the sentence calmly—too calmly to suit the sense of justice of decent people.

It is said that Socialism is on the increase in this country. There is no doubt of it. And the reasons are plain. One reason may easily be discovered in the modern instance just recited. The Socialists can hold up the deadly parallel at the head of this editorial and say, "that is justice as it is exemplified under your present system of society. How do you like it?"

The man in charge of a bank who loots it is ten times meaner than the ordinary robber. The banker robs those who trust him. He is about the only man in the community who is permitted to handle funds without a bond. When he proves recreant to his trust he strikes a body blow at confidence. He should receive the maximum punishment and that maximum should be imprisonment for life.

The people are slowly formulating this belief:

If you steal a little you will get the limit.

If you steal enough you will be let off easy.

That is a dangerous belief, but not so dangerous as the facts that go to make up the belief.

LET US TRY PUBLIC OWNERSHIP.

Without in any way antagonizing the present private ownership of public lighting, the city of Salem should try a public ownership plant.

Those who favor public ownership should organize and make the effort to secure a public lighting plant for the city.

A public ownership club should be formed, literature circulated, and the matter should be promoted in a public manner.

The present city charter is very favorable to public ownership. The people should undertake action before that charter is amended.

All that is necessary is to submit a proper petition with a certain number of signers, and the city council must order an election.

If the matter is voted down that is the end of it. If the proposition carries the city must proceed to install a plant as soon as practicable.

The Wilcox property offered the city has from 500 to 600 horse power ready to convert into electric light.

The water ditch with about 20 acres of land, and the big brick mills and a perpetual water right are offered for $50,000.

From a sanitary standpoint alone the city should acquire the ownership of the North Mill creek ditch.

DOING AND DENOUNCING.

It must be remembered that the party which is today denouncing Roosevelt and the Republicans is the same party which denounced Lincoln and called the war a failure in 1864. It is the same party that denounced Grant in 1872. It denounced McKinley up to the very hour of his death. It is very easy to denounce. It is not so easy to do. Ever since 1860 the Republican party and its leaders have been doing while the Democratic party and its leaders have been denouncing. And yet the old flag still waves, the constitution is still supreme.

Republican policies have carried the country to the forefront among the nations and our people have progressed and prospered except when checked by Democratic legislation and Democratic administration.

Under Roosevelt and Fairbanks the progress will be still onward and the flag and the constitution will command the respect of the world.

THE COST OF CLEVELANDISM.

The contention of Vice-Presidential Candidate Davis that the administration of Theodore Roosevelt has been attended with extravagance in public expenditures, and the figures recently given out by Edward Atkinson on the same lines, have failed to convince the prosperous farmer and the busy merchant that a return to the conditions under Democracy and free trade during the administration of Cleveland is desirable.

We are told by our Democratic friends that the expenditures under Cleveland were $2 less per capita than under Roosevelt. But we had no war under Cleveland, or results of war. We had no Panama canal undertaking. We had no rural free delivery service. We had no legislation looking to irrigation.

But it must be admitted that we had one thing under Cleveland which we have not had under McKinley or Roosevelt. We had deficits year after year and a consequent increase in debt. Nearly three-quarters of a billion dollars was the cost of Clevelandism to the government alone, to say nothing of the cost of several billion to the people.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich

Providence, Sept. 13.—The Rhode Island legislature convened today in extra session in response to the call recently issued by Governor Garvin. The matters to be considered and acted upon by the session relative to the governor's power, the constitutional initiative, providing that 5000 electors may propose specific amendments to the state constitution, and the measure conferring upon registry voters in cities the right to vote in the election of city councils.
