Forest Fires Rage.

Portland, Sept. 15.—Victory over the forest fires has been won by the residents of two districts near the city, but at the same time one fresh fire has broken out in a hitherto untouched neighborhood, and another is blazing with the persistence of three days ago.

Near Vancouver, Wash., the dogged resistance of the people of the vicinity has practically carried the day, unless a high wind fans new life into smouldering embers.

Around Gresham combined efforts have kept down the fires, and now, with a dead calm, the remains of a dozen fires are being extinguished. Here also much depends upon the wind during the next day or two.

The new fire is in Cedar canyon, 11 miles north of Forest Grove. One farm, including house and barn, was completely burned over, and a number of ranch houses are threatened with absolute destruction.

In the Hollbrook region fire is burning on the Hoover property. Three thousand dollars damage was done on Tuesday night and yesterday. One or two small new blazes are also reported.

Speaking in Portland.

Portland, Sept. 15.—Citizens of Oregon will have an opportunity of gazing upon, hearing and talking to the Republican candidate for vice-president of the United States on the night of October 1st. At the same time they will hear arguments which will enable them to judge for themselves what they should do when they go to the polls November 8th.

Senator Fairbanks, of Indiana, the running-mate of Theodore Roosevelt, will speak in Portland Saturday night, October 1st, and from the same platform will resound the voice of that famous man from Iowa, Senator J. E. Dolliver.

State Chairman Frank C. Baker is responsible for these speeches. As soon as Mr. Baker learned that Senator Fairbanks intended to visit the Pacific coast he immediately telegraphed Chairman Tanney, asking whether the vice-presidential candidate would speak in Portland, and received an immediate reply that Oregon would be favored.

Women Mixed.

St. Louis, Mo., Sept. 15.—Miss Etta Carter has resigned as secretary of the board of lady managers of the fair, because she alleges that Miss Todd, private secretary to Mrs. Manning, president of the board, by her officiousness, made her position unendurable. It is reported that an effort will be made to bring about Miss Todd's discharge, because of her unpopularity.

WORTH GOOD MONEY

Gravel Bar Decision is Valuable to the City of Salem

The city of Salem is certainly to be congratulated upon having won the important gravel bar case, as it involves what will prove a valuable vested right for generations to come. The attorneys who conducted the case had not a little to overcome in the way of local conditions and influences, and they are what might, under the circumstances, be called double winners of the case. The defendants are influential and popular people, and had much public sympathy with them, and they were also ably represented in the way of legal talent. The defense made two very strong points in their behalf, first that the contract was incorrectly drawn, and did not express their original intentions, and second that the city had grossly violated the terms of the contract. These two points became unavailable to the defense, as the city's attorneys proved that they were of no effect in point of law. The court held with the plaintiffs that the contract given to the city by Mr. Minto was irrevocable in its nature, and this controlled the decision.

The contract provides that the gravel shall be taken from the northeast end of the bar, and the court holds that this portion of the contract must be complied with, and this the city claims has been done. Carson, Adams and Cannon represented the city, while Messrs. Bingham and D'Arcy represented the defense.

NEGRO LYNCHERS GUILTY

Huntsville, Ala., Sept. 15.—The grand jury which investigated the lynching of the negro, Horace Maples, found 10 true bills. It is reported that several of the participants in the lynching have disappeared. Impeachment charges against Deputies Taylor and Smith, for failure to prevent the lynching are probable.

The man on the stage who does the trick of escaping from firmly tied ropes, submits to the bonds with a smile. He knows he can get out of the ropes that are being knotted. Put the same man in the woods and let Indian captors bind him to a tree for torture and he would struggle to the last against the bonds.

When the stomach is diseased there are bonds being woven every hour about the organs dependent on the stomach—heart, lungs, liver, kidneys, etc. The folly of mankind is to passively submit to the fastening of these bonds with no effort to escape until the pain they cause arouses fear.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys and other organs, when these diseases, as is often the case, have their origin in the diseased stomach.

"For a long time I was suffering and was hardly able to get about," writes Mr. Andrew J. Jennings, of Thomas, Tucker Co., W. Va., Box 104. "I was bothered with kidney trouble and my whole system was out of order; had no appetite. A friend of mine told me to try Dr. Pierce's Golden Medical Discovery. I did so and the first bottle restored my appetite. I took six bottles of 'Golden Medical Discovery' and some of the 'Pleasant Pellets' and feel like a new person."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from impurities.

MANY OUT OF WORK

Chicago, Sept. 15.—Not more than 250 strikers found work at the packing plants today. The police were compelled to clear the yards of the crowds seeking work. As a result of the new arrangement of hours, whereby the butchers work full time, it is estimated that the force will be reduced by 5000. It is thought that 10,000 of the stock yard workers will be out of work this winter as a result of the strike.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the borrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills the dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

DAVIS MEETS PARKER

New York, Sept. 15.—Henry G. Davis, the Democratic nominee for vice-president, and Wm. F. Sheehan arrived at the Hotel Astoria at 9 o'clock this morning. They are here to hold a conference with Judge Parker. It is expected that Gorman and other prominent leaders will also be present. It will be the most important conference of the campaign so far. Parker left Esopus on the yacht Sapphire last night, and arrived at the hotel at 9 o'clock, accompanied by his private secretary, McCausland, and John B. McDonald, contractor, on whose yacht he made the trip from Esopus. Owing to the heavy weather the Sapphire anchored off Cromwell light, leaving there at 5 o'clock this morning.
