## SPUDS GOING NORTH

### Sandwich Tons Will Find Market in the Alaska Country

Sept. 21.—The Star says: "The Klondike and Tanana districts are jumping in an attempt to supply the market in those sections with potatoes. At the present time the demand for this product has exceeded that of the previous two years, and during the week there have been hardly any potatoes in the city of Dawson. Yesterday the day before orders for potatoes in large quantities have been placed each other over the wire, and the steamship companies, owing to the fact that nearly all of the vessels are either en route north, or returning to Alaska, are at a loss to place the potatoes."

The steamer Jefferson took 650 tons of potatoes with her other freight, was all ready to handle. There is also a large quantity en route to this city from Dawson on the steamer Rainier. The vessel has 2000 cases, which are being shipped to Dawson from this city. The consignment of potatoes, which were to go north on the Topeka, have relieved the shortage to a great extent in the northern market, and would not in any way supply the market.

A telegram received this morning from the officials of the Alaska Steamship Company, requesting reservation for 1000 tons of potatoes, it is mentioned that nearly all the merchants in the Klondike metropolis are endeavoring to get in the first supply, also to pile up their stock to such extent that, when other merchants run out of the product, they will be able to have a corner on "spuds," during the past week more than 1000 tons of potatoes have been purchased by Dawson jobbers and speculators, all of whom are doing their best to get their consignment on the market.

## SECRET SERVICE OFFICER

### Was Arrested Just After He Had Landed a Counterfeiter

Farmington, Me., Sept. 21.—Leroy A. French, of San Francisco, who claims that he is a member of the United States secret service, was arrested here, charged with stealing a horse and buggy. French came here, bringing G. A. Harlow, of Pittsfield, whom he had arrested for counterfeiting. French was arrested while trying to cash checks aggregating \$400, signed by Harlow. The police say they don't know French, or whether he is a secret service officer.

### Weds Army Officer.

Bloomfield, N. J., Sept. 21.—A military wedding was celebrated here today, the contracting parties being Miss Anne Judkins Mason and Lieut. Keith Sumner Gregory of the Sixth United States Infantry. The bride is the daughter of Lieut. John Sanford Mason, Jr., who was killed in the Sioux war of 1890-91. Lieut. Gregory is a son of Isaac C. Gregory, of Waterloo, N. Y., and is now stationed at Fort Leavenworth, Kan.

### Wreckers Throw Switch.

Springfield, Ill., Sept. 21.—Train wreckers threw a switch at Barclay, Illinois, throwing the Illinois Central Diamond special, for St. Louis into the top of the works of the Barclay Coal and Mining Company's mine early this morning. Fireman Coa Cannon, of Decatur, was killed, and Messenger Hays, of Clinton, Iowa, badly injured. None of the passengers were severely hurt. All but the rear sleeper left the rails.

### Colorado Democrats.

Denver, Colo., Sept. 21.—The Colorado Democratic convention assembled in Denver today. The convention will name a candidate to make the gubernatorial race against Governor Peabody and candidates for the other state offices to be filled at the November election.

## PUSHING CLUB WORK

### Two Hundred Dollars a Month for Development Work

The Commercial Club is meeting with good results in pushing work on the development league plan. They are organizing their correspondence committee, and the first literature will begin to go out next Monday, on the Tom Richardson plan. People will be asked to give the club the names of their relatives and friends in the East who are coming to Oregon during the ensuing year. A package of the latest literature and information about Salem and this part of Oregon and our industries will be sent to each address, and a postal card stating that it had been sent at the request of the person named on the postal, who is thus put in direct communication and correspondence with the person receiving the literature. They will be invited to write to their friends here or to the club, and thus be enlisted and interested in our city and country. It is expected to reach about 5000 per month, and the executive committee of the Commercial Club is working to raise \$200 per month. The following voluntary subscriptions, nearly all per month, for one year, have been received by the club, besides many smaller amounts per month.

Geo. G. Bingham, Mission street	\$2.50
Jefferson Meyers, Portland	5.00
Geo. F. Rodgers, Liberty and Court	5.00

## GREAT BATTLE EXPECTED

### Kuropatkin Will Make Another Hard Fight at Mukden

Tokio, Sept. 21.—General Kuropatkin, it is learned, is prepared to make a determined stand at Mukden, and is strongly entrenched there. He has an immense army at his disposal, and the battle will be terrific, as both armies are now in a condition to renew the fighting. Marshal Oyama, it is stated, will continue to press Kuropatkin until the operations are stopped by a fall of snow. He will then strongly guard his advance position, and remain until spring, when he will again take up the work where he left off.

London, Sept. 21.—The Tokio correspondent of Reuter's agency says that it is predicted in Tokio that the reduction of Port Arthur will be accomplished within a fortnight.

St. Petersburg, Sept. 21.—General Kuropatkin, under yesterday's date, reports that the flanking attempt by the Japanese on the Russian left was unsuccessful. The situation at Mukden, he says, is unchanged. On Monday the enemy was observed moving to the east of Darling Pass. Later the Japanese twice attacked our posts, but were checked by cavalry and machine guns.

### Odd Fellows at Washington.

San Francisco, Sept. 21.—Washington was selected as the place for holding the next session of the Odd Fellows' grand lodge. It will be held in September, 1905. The vote was as follows: Washington 98, Buffalo 20, Philadelphia 18, Cleveland 14, Montreal 11.

### Canadian Fire.

Montreal, Sept. 21.—The building of the Canadian Hardware Company, the Canadian branch of the London Thread Trust and Cheput, File & Co., the largest wholesale grocery and liquor house in Canada, were destroyed by fire early today. The loss is \$750,000.

## PEACE MAKER SHOT

### Mob Then Beat Murderer Until He Will Probably Die

Helena, Mont., Sept. 21.—Bert Wareham, who was essaying the role of peace-maker between Charles Reed and Frank Moore in a fight at Kendall last night, was fatally shot by Reed. Bystanders thereupon beat Reed so that he, too, is expected to die.

### Henry Weinhard Dead.

Portland, Sept. 21.—Henry Weinhard, the pioneer brewer of the Pacific coast, died at 11:10 o'clock last night at the age of 74 years. He was suffering from an attack of uremic coma, the third with which he has been seized in recent years, and for several days his life has been despaired of. The disease stopped the action of his kidneys three days ago, and he had been unconscious during that period, except for a slight glimmer yesterday afternoon. The end came without a struggle, and apparently without pain.

Mr. Weinhard was a typical Western man, with all the social qualities of the Western man and German. He succeeded by close application to a business which he made one of the largest industries of the city, with a fame extending beyond the bounds of the United States. He was ready to lend to the city and state for the promotion of the success of the community the energy and ability which made his own success, and he readily contributed to every charitable and public enterprise.

As disease had crept upon him with age, he has gradually entrusted his business to his sons-in-law, who have been associated with him from their early manhood, so that there will be no break in the management of his great interests.

### Oil Tank Struck.

Houston, Tex., Sept. 21.—Lightning struck an oil tank at a Texas refinery on the Texas coast today, killing six workmen and firing the tank.

## YORK STATE HARMONY

### Democrats Finally Bury the Hatchet and Nominate Herrick

Saratoga, N. Y., Sept. 21.—After a conference of Democratic leaders this morning, it was announced that Dr. Cady Herrick, of Albany, will probably get the nomination for governor. Francis B. Harrison has been decided for lieutenant-governor. Stanchfield's name will not be presented to the convention.

The convention was called to order at 12:30 o'clock. Duncan E. L. Lee was made permanent chairman, and his address was liberally cheered. Senator Hill will place Judge Herrick in nomination.

The platform proclaims the devotion of the party to the principles of government enunciated by Thomas Jefferson, and then proceeded to attack what it calls "Odellism." It says: "The issue of Odellism, the paramount and overshadowing issue in state affairs is between official honesty and official corruption. In palpable violation of his sworn obligation to be the impartial servant of the whole people, he has assumed to act as state chairman of a political machine, and his present dual action constitutes a public scandal and amounts to the grossest kind of contempt of official duty in the history of the state. Instead of being opposed to extravagance, the administration has become the actual promoter of adroit schemes to loot the public treasury, under the guise of law."

State issues were then taken up and handled exhaustively.

Harrison was nominated lieutenant-governor by acclamation. Herrick's selection was the result of a compromise. Murphy declared that he would not accept McCarren's candidate, but Grout and Hill finally brought the factions together by an act of self-abnegation, of the latter in accepting his ancient and personal enemy, and promoting Herrick.
