Our Money Raising Sale...

Yesterday was the greatest business day ever known in a Salem firm. We had an army of clerks at both stores, and every one was on the jump every minute of the day. There is a determination back of this money raising sale, that will push it to the end, and make it the success we anticipate, and must have.

GORTON'S MINSTRELS COMING

Theatre attendance is enjoyed by all classes, and it is the kind of entertainment that is offered by Gorton's minstrels. The company is especially strong in musical acts, the vocal and instrumental selections being of a remarkably high order.

The grand conclusion of the performance, however, is by no means unlike to the musical portion of the entertainment.

Popular and artistic features there are in abundance, with funny comedians, graceful dancers, sport specialties, etc., thus enabling an attractive and agreeable program. Gorton's minstrels will be at the Grand Opera House on Friday evening, September 23d.

Fourth Odd Against Him.

Beginning, climax and decision. Such in brief was the condition of an old soldier by name of J. J. Barnes, Terrellton, Ia. For years he was troubled with kidney disease and neither doctor nor medicine gave him relief. At length he tried Electric Bitters. It put life in his feet to start with and now he testifies: "On the third bottle my kidney recovery." Just as swift for Liver and Kidney trouble and all forms of Stomach and Bowel complaints. Only 50c. Guaranteed by J. C. Perry, druggist.

POPULAR SALEM STORE

Again Joe Meyers & Sons are putting in a modern improvement, and in their efforts to be up-to-date that firm seems to be doing something of this sort all the time. Now they are replacing their old cash and bundle carriers with the new Lamson electric cable cashier. This is literally a cable car system, and is run by a motor to be placed in their basement. By this system a clerk can send the cash and sales slip to the cashier's stand in the shortest possible time, and patrons are not delayed in the making of change. This is the newest thing in the line, and will be a great improvement over their old system. The cashier's office is to be moved from its present position in the center of the store, up to the mail business office on the second floor. This will facilitate work between the bookkeeper and cashier, as well as to prevent the greatest convenience of buyers. It will also affect more room for goods on the first floor, as the stairways at present, leading from the office to the cashier's desk, will be removed.

The Salem public are always glad to welcome innovations and business improvements, and Meyers & Sons are among the first to introduce them.

WAS A MISTAKE.

Myrtle Thompson Was Not Abducted to Silverton.

Myrtle Thompson, who has made her home with Mr. and Mrs. Doty, of North Salem, has been returned to the family, and she told her mother that it was all a mistake about her being taken away by force to Silverton, as she went on invitation of a man and his family, and they promised to bring her back the next day, and paid for her staying over night at Silverton. There has been some difficulty in the family, and Myrtle has not been able to get along with Mr. Doty as well as with Mrs. Doty. Mr. Doty went before the district attorney to try to have some one arrested for causing the girl away from home. Myrtle denies any wrong doing on the part of her self or agents, and has all the appearance of an innocent and inexperienced girl, and will probably be taken back into the family, where she belongs.

An Open Letter

Friend Charles: Yours received, and contents noted.

I like your idea in regard to assessments. I will show your letter to the county commissioner and assessor.

Possibly we may be able to get them to assess the merchants in the fall, when they are all rich, and not in the spring when they are poor. Some of our merchants have to raise $50,000 in 60 days, others $40,000 in 25 days, while I would be content if I could raise $1000 in 60 days.

It would do you good, Charles, to see the faces they make when the assessors calls on them in the spring. Hardly any of them has more than a $10,000 stock, so if the assessment could be made during hop picking and fair time, there would be about a quarter of a million more taxable merchandise, and that would help the good roads, you know, but must not kick, for I had a piece of the hog.

I would like to accept your proposition to go skating with you on Cayuga lake next winter. I am offering my goods at very low prices, and expect to sell out by the 1st of January, or if I don't sell by that time, I will box the balance and store them.

I have accepted another invitation to go to Chautauqua Lake, so I will divide my time, part of January with you and February with my friends at Jamestown.

So good bye for the present, for I have a customer wanting to buy a necktie. My clerks are busy selling overalls and toilet soap.

I am still at 149 State Street.

Your friend,

S. FRIEDMAN.
