## JAPANESE DEMANDING MORE MEN

### Every Town in Korea Must Help Forty to Sixty Men Towards an Army

Paris, Oct. 5.—A dispatch from St. Petersburg confirms the report that a third Russian army is about to be formed. General Liudoviesky, of the military corps, is to be in command.

London, Oct. 5.—The Central News has a St. Petersburg dispatch which states that it is officially announced that Major-General Orloff, commanding the fifth division, and General Ramanoff, commanding the Sixth Siberian division, have been recalled. Orloff was court-martialed and recalled because he permitted General Kuroki to turn the Russian left flank at Liao Yang.

St. Petersburg, Oct. 4.—The following dispatch from General Stoessel, at Port Arthur, dated September 30th, was received today:

"Since the attack on September 23d all has been quiet, though there have been daily skirmishes and artillery bombardment. The Russians are making sorties daily.

"From September 19 to 23 the Japanese bombarded and assaulted the forts to the northwest of Port Arthur, but were repulsed. The Japanese only gained two small redoubts, which were wrecked by the bombardment. They destroyed the aqueduct, but the assault on Fort Visoky was repulsed at 5 o'clock on the morning of the 23d. The Japanese had their mitrailleuse in position, when General Konkratanko ordered a charge with hand grenades filled with nitro-glycerine. The Japs fled in haste." General Stoessel estimates the Japanese losses in the four days' fighting at 10,000 killed and wounded.

Rome, Oct. 5.—The St. Petersburg correspondent of the Giornale D'Italia wires that the Kaiser telegraphed the commander of the Russian Baltic fleet wishing him a good voyage and good luck. The first ice has appeared off Vladivostok.

Harbin, Oct. 5.—General Kuroki appears to be trying to turn the Russian left, while the Japanese main army is marching forward against the Russian center. The Japanese transports are the Yalu, whence it is carried by junks to Saholai, thence by coolies to Fang Wang Cheng. The construction of the railroad between Shahorai and Fang Wang Cheng is proceeding. It is reported that the Japanese have thrown bridges across the Liao river at Siampelie. They are repairing the roads as they go. The Chun Chusua have made communication between Mukden and Simun Teng, to the west unsafe.

Possiet Bay, Manchuria, Oct. 5.—The Japanese continue to recruit Koreans, under the pretense of employing them as coolies. The emperor of Korea has refused the Japanese request that every town in Korea furnish 40 to 60 men for the army, now being organized.

## FLIM FLAM GAME WORKED ON SPORT

### Backed Swift Man in Foot Race But Stakeholder Was Too Swift

A man going by several names, one as John T. Perkins, said to be of Portland, was the victim of a glaring hold up game in this city yesterday, resulting in the loss of \$2000 in gold coin. The men who secured the money are unknown, but it is thought they are smooth confidence operators from Puget Sound cities.

The victim has been in the city for several weeks, attending the race track almost daily before the state fair. He did not own horses himself, but he is an ardent admirer of the swift steeds, and was not adverse to placing a little money now and then on the horse that struck his fancy.

Perkins was not a quitter when it came to "backing" swift men, but he collided with a bunch yesterday morning that he will remember for several moons as the swiftest aggregation that has ever formed his genial companionship.

A couple of weeks ago a nice young man, with propensities for sprinting, drifted into the city, and at once met Perkins. He told the latter that he was the champion hundred-yard stepper in the West, perhaps in the world, and exhibited a number of trophies, including medals and other prizes that he had won by using his lower limbs.

## GOVERNOR LA FOLLETTE WON OUT

### Supreme Court of Wisconsin Declares Stalwarts Must Quit

Madison, Wis., Oct. 5.—Governor La Follette wins the supreme court decision in the Republican factional fight. The verdict of the court is favorable to his re-election as governor.

The decision was three to one, Cassady dissenting. Section 35 of the Wisconsin law is quoted as authority for the decision. This provides that in case of division of a political party, the preference is given to the convention, held pursuant to the call of the regularly constituted authorities. The decision of state central committee placing the La Follette ticket on the ballot is presumed to be just, and must stand.

## WAR DENOUNCED AS FRATRICIDE

The Boston peace congress assembled at 11 o'clock this morning. A telegram of greeting was sent Hodgson Pratt, London, and Frederick Harris and Andrew Carnegie, at Skibo Castle. Many telegrams of approval were received from religious organizations throughout the country. Rabbi Levi, of Pittsburgh, vice-president of the Universal Peace

Unions, aroused great enthusiasm by his address in which he denounced war as fratricide. It is reported that the Japanese recruited 600 men at Ping Yang, dressed them in uniforms and sent them to Manchuria, and placed them in the front lines, fastened to posts, until nearly all were killed. The Russians found only one man alive.
