

VARSITY LINEUP WILL BE A STRONG ONE

Coach Bishop Expects His Men to Make Good Showing This Year

The game with Monmouth on the University campus tomorrow will open the season for Willamette. The O. S. N. S. men are being coached by a former University of Michigan player, and it is expected that their team is by far the strongest one ever put out by their institution. If this is true the game tomorrow promises to be even more interesting than was at first expected.

The Willamette squad under the able coaching of Chauncey Bishop, is fast developing into what looks like one of the strongest teams in the Northwest. Bishop is well liked by every man in the squad, is a Salem boy, and, therefore, understands the local conditions, knows how to play the game himself, and can show others how to play it. These facts, taken together, make him second to none in Oregon.

The squad itself is made up of the best lot of football material Willamette has ever had from which to pick a team. First, there is last year's team all back, with the exception of one man, and only two of them sure of making this year's team. They are big Pollard, who was captain last year, and O. B. Long, captain of this year's eleven. Pollard has been changed from his old position of fullback and put at right tackle. "Polly," as he is familiarly known, is without doubt the strongest man on the team, and his playing tackle means that there is one spot in Willamette's line which cannot be glibbed by anybody. Long will be found in his old position at right half.

Metcalf at left guard, Marker at right guard, Rader at left tackle, Beach at quarter and "Racehorse" Nace at left half. Of these six, all of whom are good, Rader and Nace are the stars, and it is doubtful if they have their superiors or even equals in the Northwest.

In addition to these there is Lounsberry, from Iowa, Hinkle and M. Long,

from Corvallis; Patton and Davidson, from Halsey; Ford, from Eugene; Smith, from Medford, and McCain, from Brownsville, all of whom, with the exception of Ford, are big men, and all have had some football experience. Lounsberry and Davidson are out for the position of fullback, with the chances about evenly divided. Both are good line buckers and punters. Hinkle and Long, weighing about 175 each, are trying for either end or half. Ford played end on the University of Oregon team, which defeated California, four years ago. Smith and McCain, weighing 202 and 215, respectively, are trying for guards, and will prove formidable men before the season is over.

A number of other men, who are new to the game, are practicing faithfully, and may show as dark horses a little later.

About 25 or 30 men are out each night, and take a two-mile "jog" every morning before breakfast. A large crowd of spectators is out every night, showing that Salem people are taking a great deal of interest in the team.

Manager Miller has arranged the following schedule of games for the season:

- October 8th—O. S. N. S., at Salem.
 - October 15th—U. of O., in Eugene.
 - October 22d—Columbia University, in Salem.
 - October 29th—U. of O. Medicine, in Salem.
 - November 5th—Open.
 - November 12th—Whitman, in Salem.
 - November 18th—P. U., in Salem.
 - Thanksgiving—Albany, in Salem.
 - December 10th—Multnomah, in Portland.
- Miller is also trying hard to secure a mid-week game with the University of Washington team, as they return from Eugene. This is the best schedule Willamette ever had.

KILLED DURING NIGHT

Boise, Idaho, Oct. 7.—Charles Daly, a solicitor for a gas company, was murdered Wednesday night while in bed, by being shot three times, and struck on the head with a hatchet. Nothing was known of the tragedy until this morning, when Fred Bond, a roomer at the Daly house, informed an officer that Mrs. Daly had shot her husband. An examination was made and the body of Daly was found in a pool of blood, which had spattered over the bed and walls of the room.

Bond and Mrs. Daly were arrested, the latter swearing before a coroner's jury that she had shot her husband in self-defense. Later she swore that Bond did the killing, which had been arranged between the Bond declares he is innocent.

Benicia Hancock Disc Plows

SOME GOOD POINTS FOR COMPARISON.

The Benicia Hancock Disc Plow is perfectly at home in the hills. It "stays put" on the side hill, either going or coming, plowing either way, with even furrows, front and rear.

How about the other sort?

The Benicia Hancock Disc Plow tackles fields that have been untouched with a plow for two years, and does first-class work, where certain other plows will not stay in the ground.

There has never been seen or heard of a bent or twisted tongue in a Benicia Hancock Disc Plow.

Then there has yet to be produced a bent, broken or twisted beam in a Benicia Hancock.

The four-horse evener on the Benicia Hancock is a perfect equalizer without side draft. It pulls straight ahead, is wide enough for four big horses, abreast, and doesn't wear their legs and shoulders off pulling sideways.

In short, the castings, the beams, the tongue, the discs, the hitch, and all other parts of the Benicia Hancock are made for service, and not simply to sell.

Many a man has used a Benicia two or three years without two-bits for repairs.

Can all disc plows say as much?
