CITY COUNCIL GRINDS

New Electric Light Ordinance for the City

Old City Will Have Ten More Lights and the New Wards Will Have Fifteen

The new electric lighting ordinance was passed at a meeting of the city council Tuesday evening, providing for 60 lights at the old rate fixed by the Hayseed council, at \$1.95 per month for five years. This is the third contract of this kind the city has entered into in the history of electric lighting in this city.

The vote which upon this ordinance was passed stood as follows: Ayes—Acheson, Churchill, Crookan, Downing, Hughes, Jacobs, Smith, Walker, Young, Nays—Bayne, Sims, Abbott—Cathie, Geener, Hubbard.

Under the new ordinance 10 new lights will be erected in the four old wards of the city, and 15 in the new wards. The electric corporation to-day ordered the poles distributed for the lights in the new wards.

Alderman Sims introduced a resolution instructing the committee on lights to frame an ordinance for maximum water, light, gas and power to private consumers. Adopted.

On motion of Alderman Downing, the street commissioner was instructed to order all defuncted alleys opened.

After a few minor matters the council adjourned.

MISUNDERSTANDING SETTLED

There has been an awkward misunderstanding about the school board meeting in the police court room of the city hall. There has been quite a demand by the public that meetings of the board should be held in a public place, and upon application to the city council permission was granted the board to use this room. At the time of the last meeting it seems that City Recorder Zuhak could not be reached by phone, or otherwise, to open the room, and as he was not authorized to give out a key for the use of the board, that body had to meet elsewhere last week. He has now, however, been authorized by Mayor Waters to give the school clerk a key, which will enable them to hold their meetings there at any time. This will settle the apparent difficulty, and give the public the benefit of the wide open meetings.

Departure in Burial.
 The Eugene Guard, in writing up the funeral of the late Ira L. Campbell, says:

A very pretty departure from the established custom of burials was that of Ira L. Campbell yesterday in departing with the box in the grave to receive the casket. Instead the bottom of the grave was covered with fir boughs, while canvas upon which lay was plentifully fastened was drawn about the sides. The casket was lowered into its bed of evergreens then plentifully covered with boughs. There was no getting into the grave by the sexton or undertaker, with rattling boards to cover the box, then the kindly covering earth fell gently. There was some of that heart-rending sound of clouds falling upon loose boards, bringing to the bereaved perhaps the first complete realization of the fallow of their loss.

We know not of the past—what of the future? We would fain believe in, we hope for immortality, yet from the tomb comes no voice—all is silence and desolation. Creeds and religions there are many in response to the longing for life, each with the basic foundation of a supreme, controlling power, yet faith, hope is all they offer.

REPEAT "HUSKIN' BEE"

The success of the "Huskin' Bee" last night was so pronounced that there is a general demand for a repetition of the performance. Miss Thompson and those taking part have not been consulted in the matter, but it is understood that they are willing to give another presentation of the excellent entertainment.

Without doubt it is the best musical farce comedy ever presented by amateurs in the city, considering the number of people engaged in the cast and specialties. The general consensus of opinion by the people attending last night is that it could not be improved upon, and there is a demand for another performance.

The ladies of the public library do not care to impose on the citizens, but they believe that the attraction will bear repeating, and the patrons will get their money's worth. Under these circumstances, they feel like arranging another date.

LOCAL ENTHUSIASM

On One Subject Salem People Grow Enthusiastic.

The increase of popular enthusiasm on the following subject is almost fully manifested by public expression and local endorsement. Read what this disease says and discover the cause of the constant showering of praise which follows in the wake of Deane's Kidney Pills.

Jacob Marlock, farmer, residing on Rural Avenue, between Hazel and Laurel streets, in Nob Hill addition, South Salem, says: "Deane's Kidney Pills, procured at Dr. Stone's drug store, did me good. I had been bothered of and on for quite a long time with pain through my back and kidneys. I have always worked hard at farming, and think the trouble was originally caused from a strain. The secretions of the kidneys were annoying at times, and caused me considerable inconvenience. Before I had taken one box of Deane's Kidney Pills the pain in my back and other symptoms of kidney trouble had passed away. I am pleased to recommend this remedy to others."

Young Men's Rally.

There will be a young men's rally at the city hall Friday night this week when a first voters club will be organized. Young men who are Roosevelt supporters, and 18 years or over, who have their first vote to cast, are requested to be present, and all such names will be enrolled in the new organization. Members of the Young Men's Republican Club are also requested to be present at this preliminary rally. Some bright, stirring campaign speeches will be made by local talent, and possible some campaign songs sung. The local enthusiasm is increasing, and the Republicans of Salem can be relied upon to do their full share in the coming election.
