'Things Doin'' In The Piano Line

It Is The Big House

that is talking to you, and when we say we are going to clean up all the present piano business in this valley, we mean exactly what we say. Of course there will be a buyer or two who could not see a bargain in piano that was given to them. It's the thinking buyer we want to reach; the buyer who understands the value, and who will prove a living advertisement for us.

It Is You, Shrewd Buyer,

whom we want to gaze on the price-tags on our standard grade lines of pianos. These lines are the leaders of the past two decades on the floors of the Pacific Northwest's largest and most reliable music houses.

SOCIAL EVENTS

Peerless Dancing Club.

One of the most brilliant successes of the social season was the opening reception of the Peerless Dancing Club, given under the direction of Miss Nettie Frazure, at Tioga hall, last evening.

The ball was beautifully decorated in purple and orange crepe paper, draped from the corners and sides of the room to the center. In two of the corners were cleverly arranged cozy seats, while in another corner, which was by no means overlooked or forgotten, as it proved one of the most reviving features of the evening, was the punch bowl. Here beautiful ferns had been used to good advantage, forming a complete bowler of green, from which little Miss Alma Oswalt, daintily gowned in pink, served the punch.

The music was furnished by the McElroy orchestra, and the numbers were played with such perfect harmony that every chair in the hall was left vacant during their rendition, while the merry throng glided over the hall with perfect ease, and enjoyed the music of the famous orchestra.

The grand march was led by Miss Frazure and Mr. Otto Miller, and following came Miss Emma Miller and Mr. Claude Hibbard. Many pretty gowns were in evidence, and about 44 couples attended.

It is understood that these club parties will be given on Thursday evening of each week, and this news will be welcomed by the lovers of this art. Miss Frazure will also conduct a dancing academy, and, as she is a most accomplished dancer, will no doubt have large classes. While she has only resided in this city for about two years, she has scores of friends who will aid her in making it a success.

Andrews-Simpkins Wedding.

A very pretty wedding occurred at the home of Mr. T. W. Andrews, near Amity, Ore., on October 19, 1904, when their daughter, Clara, was united in marriage to Mr. Jesse Simkins, of Hopewell, Or.

The bride was attended by Miss Ida M. Gooding, while the bride's brother, Lesley J. Andrews, supported the groom.

The wedding march was played by Miss Zoe Miller, of Amity, Or. She rendered the march "Teasing Hearts" in a most accomplished manner, and the bridal party entered and took their places beneath a large arch of ivy, and from which two large hearts of roses were suspended. The ceremony was performed by Rev. Shepard, of Zena.

The bride wore a handsome dress of white lansdowne, and carried a bouquet of white carnations. The young couple were the recipients of many beautiful and valuable presents. They are spending a short honeymoon in Dallas, after which they will be at home to their friends at Hopewell, Or. They have the best wishes of a large circle of friends.

BENICIA HANCOCK REVERSIBLE SIDE HILL DISC

Plows a "go in and comin'." This plow is a boon to the side-hill farmer who has a hard time trying to throw dirt up hill. This throws every furrow down hill, and no time is lost going around a land. Four of these in use in the vicinity of Salem.

Benicia Hancock Gang Plows

Are the old reliable sort that please the farmer who is up against a tough proposition. Our sales this fall are more than twice as large as last fall, and that saying a good deal.

ASK TO BE SHOWN

Chilled or steel mould boards. Joints if desired.
Rear wheel controller. Land gauge.
Perfect four-horse evener, with plenty of room for four large horses.
Heavy castings and extra strength for rough ground.
More Benicia Hancocks in use than any two other disc plows.

Monitor Double Disc Drills

It's the discs and the all around construction. Three more sent out this week, one each, 12-bar, 14-bar and 18-bar. You never saw a Monitor Double Disc customer who would exchange his drill for any other sort.

The double disc places the seed in the ground at an even depth, in a perfect seed bed. It does not tear out the trash, you have taken pains to cover, for if it can't cut through it rolls over. It handles wetter ground than any other style of drill. It will not clog in any kind of soil. One enthusiastic user says 'he can seed down a sod field if necessary.

Send for catalog, if you can't come in.

The Faultless Stump Puller

The most convenient and most rapid stump puller on the market, combined with absolute safety and great strength. The way to settle the stump puller question is to look at everything shown, and then use your judgment.

We want nothing better than to make comparisons of that sort. Send for catalog if you can't come in.
Throws in or out of gear instantly. Cable wound by hand to take up slack.
Cable cannot wind over itself, and thus cut and wear out.
Heavy parts and castings that stand any strain.
Bearings correctly finished fitted so you'll save a quarter horse power in the running.

ORGANIZE LITERARY SOCIETY

The Coleman Literary Society is the name of a new society organized by a number of young men up at the University last night. The object of the society, as stated in the preamble of their constitution, is to develop the art of debating and public speaking among its members. Particular emphasis is to be placed upon debating, and intersociety debates will be arranged with their rival society, the Philodorian. This will make three literary societies in the University, there being one girls' and one boys' society already. The organization of the new membership was made necessary by the membership of the old one becoming too large to do effective work. The name Coleman was given to it in honor of President John H. Coleman, who has so completely won the affection and confidence of every student in the University. The regular meetings of the society will be held on Saturday night, with an intermission of two weeks between each one, the opening meeting to be held November 5th.

A constitution and by-laws were adopted last night, the name chosen and the following officers elected: President, Edgar F. Averill, '05. Vice-president, Paul Beach, '05. Secretary, E. Kinney Miller, '05. Treasurer, Alvin S. Nace, '05. Censor, Ralph Zercher. Sergeant-at-arms, Ralph Rader. The president also appointed H. M. Markel, '06, and Eugene Whipple, '05, to act as the program committee for the remainder of the school term.

E. K. Miller and H. H. Markel compose a committee of two, to secure a room in which the society shall meet. A special room will probably be fitted up on the fourth floor of the University building. The society is composed almost exclusively of upper classmen, and the number of preparatory students holding membership will be limited at all times to one-fourth of the total membership.

EDITOR DIDN'T TELL

The Contents of Roosevelt's Letter Concerning Secession of Panama

New York, Oct. 21.—Dr. Albert Shaw, editor of the Review of Reviews, in reply to the accusation that a letter written by President Roosevelt to him, in which the President rejects the suggestion that he aid a secession of Panama from the Republic of Colombia, had been given out by him in violation of confidence, said today that the letter was made public by Mr. Loeb, and that he believed with the full consent of the President. He adds: "I believe that the private expression made by the President, that the independence of Panama will be welcomed, was shared in by the majority of the people."

Giant Football Players.

They tell it that the Utah football team, to play the O. A. C. eleven in Corvallis on Wednesday of next week, is a collection of giants. A dispatch from Utah to the Oregonian recently stated that the players averaged over 200 pounds per man. Nobody ever saw anything so big on O. A. C. field, and it will be interesting to see what 11 big giants will do with the O. A. C. boys. The Utah team has never been defeated, and that is a thing that makes admirers of the O. A. C. men hold their breath.—Corvallis Times.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
