OSTRICH LOGIC.

"When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the enemies which can't be seen, the disease breeding microbes which infect the blood. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure.

If there are eruptions on the skin, boils, pimples, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it. "My blood was all out of order, and I had to go to the doctor," writes Mrs. James R. Moss, New London, Stanley Co., N. C. "He gave me medicine which helped me for a short time. In the winter of 1891 I got worse than I had ever been. My tonsils were enlarged and my neck swollen all out of shape, my throat was sore and I could not cure it. My husband went for the doctor, but he gave me no encouragement. He helped me a little, but it did not last long. He attended me for twelve months, when I heard of a lady whose condition was like mine, who was taking your medicine and was getting well. So I secured some of the medicine and began taking it. In one week I was able to do my cooking. When I began taking the medicine I could sit up only a few minutes at a time, and I could not sleep only a little while at a time. My throat was so sore at times I could not even swallow sweet milk, and my tonsils were full of little eating sores. My left side was swollen out of shape and I could hardly get my breath. The doctor said I would not get well, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his 'Pellets,' three bottles of Dr. Sage's Catarrh Remedy and the use of salt water did the work and cured me."

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

GERMAN EMPRESS OLDER

Than She Was this Time a Year Ago

Berlin, Oct. 22.—The Empress Augusta Victoria was 46 years old today. Owing to the recent death of King George of Saxony, for whom the court is in mourning, the anniversary was allowed to pass without festivities, though flags were displayed on all public and many private buildings in the capital. Her majesty was like-wise the recipient of numerous presents and congratulatory messages from the various courts of Europe.

Though her domestic cares have been considerably lightened during the last few years by the growing up of her children, her majesty continues to devote almost her entire time and attention to her family and home. Her home life is thus described by a writer in a recent periodical:

At 10 o'clock the empress receives her housekeeper and attends to the luncheon and dinner menus, always including one or two favorite dishes of her husband. A few moments every morning are spent in the linen room and not a sheet or a duster is given out except under her direction.

At 11 she goes riding with the emperor or walking with two of her boys. Luncheon comes at 1, and the entire family are present at the meal, which is conducted without much ceremony. After luncheon the emperor and empress devote an hour or more to the younger children. The empress receives from 3 to 5, and the dinner hour is from 6 to 7, as many as fifty guests being invited sometimes. Beside each dish a menu in German, no foreign dish being allowed on the table, every detail being closely watched by the imperial hostess. Like other women, the empress has several hobbies. She methodically keeps a diary, which no one sees, each volume being locked away in her jewel safe at the end of the year.

POST OFFICE LITTER

General complaint has been made about people throwing waste paper around the postoffice building and grounds. It is the result of thoughtlessness on the part of patrons of the office, but causes the grounds and sidewalk to be littered with paper wrappers and other unsightly nuisances.

The janitor at the postoffice has a hard time to keep the approaches to the building in respectable condition and it is due him, as well as the general appearance of the city, to observe a little care in these matters. If people tear open papers they should at least throw the wrappers and other litter in waste baskets and not cast them upon the floor or ground to become eyesores and trash.

"Rev." Pratt Played Football.

George T. Pratt, theological student in the Auburn theological seminary, is captain of a football team of students. In a recent game his team defeated the Auburn high school eleven, 30 to 0. Pratt played right half-back. One of the features of the game was a 35-yard run by him, and the local paper commended him for his line bucking. He also made one of the touchdowns. His picture is given as a part of the proceedings.—Albany Democrat.
