THE OLD WHITE CORNER AND
THE J. J. DALRYMPLE STORE
THE GRAND FINAL

Only a few more days and the old landmark will be closed. We propose to make this the **LIVELIEST WEEK THE DALRYMPLE STORE EVER SAW.** Something will happen every time the clock ticks. Price concessions will be greater than ever. Every one will be served promptly, courteously and well. We can better afford to cut prices than any other firm because we bought the Dalrymple stock at nearly half what it was worth.

New Cement Walk.

Contractors commenced the work of building a new cement sidewalk around the State and Liberty street Chinese section. The walk will be standard width, and will be a great improvement over the old dilapidated board walk.

Make Both Ends Meet.

If you cannot make both ends meet, you might make one sausage. Try some of that made at the old reliable market of E. C. Cross. The best of everything which Oregon can produce and money can buy. And at the cut prices, on account of the meat war.

Weekly Pay Day.

The weekly pay day of H. S. Gile & Company occurred this afternoon. The company paid out over \$400 to the 75 people employed in packing prunes.

A Good Team.

The Columbia University football team, which went up against Willamette University Saturday, was an all-around good team, but, owing to the heavier weight of the Willamette's, they were outclassed. They showed great spirit throughout the game, and took their defeat gracefully. They are a gentlemanly lot of boys, and made many friends during their short stay in the city. They returned home on the afternoon train yesterday.

Married a Widow.

London, Oct. 24.—Edward Terry, the actor, today was married to the widow of the late theatrical manager, Augustus Harris.

The Credit Buyer Pays For The Accomodation

And he pays for the credit extended to his neighbors. The only way to avoid paying goods that other people bought and failed to pay for is to pay cash at a cash store.

The New York Rack

Does a strictly cash business. Not one dollar's worth of goods out on credit or approval. Every article that leaves the store must be paid for. No losses from bad accounts to add to our prices. Our expenses are very light in proportion to the business we are doing. The quantity of merchandise we use enables us to buy at the lowest quantity prices. That's why we undersell "regular stores."
