## NEWBRO'S HERPICIDE

The original remedy that "killed the Dandruff Germ."

### THE HUNTERS CAME TOO LATE

Their Faithful Dog Has Pointed Out the True Remedy to Prevent Baldness, but the Hunters Came too late—Chronic Baldness Is Incurable.

**HERPICIDE A "HAIR-SAVER."**  
Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold. The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair-papilla at the bottom of the hair follicle, and the papilla in turn gets its nourishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths enter the sebaceous glands, situated at the top of

the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebum also solidifies, causing dry, lustreless and brittle hair. Destroy this microscopic growth with Newbro's Herpicide and protect the hair against re-infection, and it will grow as nature intended. Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ-destroying solution that will enable careful persons to have beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do more that we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, on ac-

count of its dainty and refreshing odor, which is characteristic. It contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair. Stops itching of the scalp almost instantly.

#### Immediate Results.

"I had not used half the contents of a bottle of Herpicide before I noticed my hair was not falling out so badly, and the terrible itching had stopped after the third treatment."

(Signed) MRS. DR. BISPHAM, Los Angeles, California.

#### Prominent Doctor Says

"I am very much pleased to state that I used Herpicide for myself, and found it very easy of application; a quality not possessed by ointments. It proves to be a very satisfactory remedy for dandruff." (Signed) EDWIN MERRILL, M. D. Los Angeles, California.
