**MISS ALTA SAVAGE
COMMITTS SUICIDE**

**Popular Young Woman of This City
Takes Carbohc Acid at
Independence**

Independence, Nov. 4.—Miss Alta Savage, employed as a teacher in the seventh grade of the public school of this city, committed suicide this morning by swallowing a large quantity of carbohc acid.

The young lady arose at her usual time this morning and ate breakfast with the family of her uncle, Dr. E. L. Ketchum, where she boarded. About 8 o'clock she went to her room, and within a few minutes was discovered suffering from the effects of the poison. The best of medical attention was afforded the unfortunate girl, but she died within half an hour. She passed away peacefully, and was unconscious from the time that she was found until the end came.

Inquiry from her friends about town discloses the fact that for several days deceased seemed worried, and appeared to be downcast. Little attention was paid to this, however, as it was thought that she was busy with her school work. This morning she appeared to be in lower spirits, but did not complain.

She had taught in the Independence school for just one week and two days and had many friends. Her father ar-

rived from Salem and will take the remains to that city tonight.

(Miss Alta Savage was born in this city 21 years ago last April. She was the daughter of Mr. and Mrs. W. N. Savage, of this city, and was a popular society girl. She was graduated from the Salem public schools in the class of June, 1901, and was attending the State Normal School at Monmouth when she was elected to the position in Independence. The sad news of her death caused a shock to her many friends in this city, who could hardly realize that one of her bright disposition could commit such a rash act. They were loath to believe the report and awaited its confirmation from Independence. Her whole life had been one of purity and gentleness, and the only cause that can be assigned for the deed is the breaking down of her mental forces, caused by over study, as she was a constant worker. Deceased was a member of the First Presbyterian church, of this city, and the funeral will be held from that church on Sunday, and the remains taken to Macleay for interment. The family of the deceased have the sympathy of all in their sad bereavement.)

**TEACHERS
INSTITUTE
IS ENDED**

**Pronounced One of the Most
Successful Ever Held in
Marion County**

The last day of the Marion County Teachers' Institute opened at 9 o'clock this morning with music, followed by the regular section work. At 10 o'clock a recess was given for 15 minutes, after which the subject of an educational exhibit for the Lewis and Clark fair, to be held at Portland in 1905, was taken up, as also was the subject of how to arrange and obtain an educational exhibit. Judge Scott addressed the institute on the subject of the Marion county exhibit at the 1905 fair, and aroused great enthusiasm, especially when he pointed out the many matrimonial chances to be had at the fair.

The afternoon work was opened as usual with song service and section work followed by recess, after which B. Mulkey delivered an address on pedagogy. The institute was then closed with an address by H. C. Hartrauft. The institute this year was declared a great success by all who attended it, and tomorrow the school ma'ams will go back to their "young angels" wiser in many respects and better fitted for the guidance of the young minds.

The section work taken up today was as follows:

Primary Section—Morning.
Questions in Reading and Phonics, L. R. Traver.

Afternoon.
Numbers, L. R. Traver.

Advanced Section—Morning.
Orthoepy, B. F. Mulkey.

Afternoon.
Cities, B. F. Mulkey.

Department of Principals—Afternoon.
Address, H. G. Harthant.

Know the Dead Cashier.

J. A. Nimmon, of this city, was a personal friend of Cashier Middaugh, the man killed in the Wyoming bank raid this week, by a band of desperadoes. Middaugh was giving the bandits all they wanted, firing fast, when one of them, when one of them wheeled and shot him dead. When a neighbor of Mr. Nimmo, Middaugh was the editor of the town paper, afterwards moving and going into the banking business.—Albany Democrat.

Judge Had Money.

RETURN FROM HUNT

L. M. Carl and L. R. Stinson, the latter of Salem, returned late last evening from the Cascade mountains, where they hunted for a week and enjoyed an outing, says the Albany Herald. They spent most of their time in the mountains 25 miles east of LaComb and their stay was attended by the best of luck, for they secured a magnificent buck as evidence of their prowess. The deer shot by them was a fine specimen, for it was too big for one man to carry to camp, and was fat as butter.

Their experiences in the mountains would fill a small-sized book, and not the least of the interesting things that befell them was the spending of a night on the side of the mountain far from their camp without food, drink or means of keeping warm, but they enjoyed all, and were it not that the season for deer hunting has closed, they would be willing to go through their experience again.
