## Republicans Open Headquarters and Will Make an Active Campaign

The Republican city committee met last night in the Murphy block, where headquarters have been opened and will be maintained during the campaign which ends with the city election on Monday, December 5th.

All the committeemen were present, as follows:

- First ward, W. D. Claggett.
- Second ward, W. E. Richardson.
- Third ward, Paul Hauser.
- Fourth ward, Walt Low.
- Fifth ward, J. E. McCoy.
- Sixth ward, Chas. L. Parmenter.
- Seventh ward, Alex. Daue.

The committee organized by electing L. R. Stinson city chairman, W. E. Richardson, secretary and W. D. Claggett, treasurer.

W. D. Claggett was made temporary chairman.

J. E. McCoy, of the fifth ward nominated L. R. Stinson, and Walt Low, of the fourth ward, nominated E. M. LaFore. The ballot resulted Stinson five, LaFore two, and Mr. Stinson was, on motion, unanimously elected, and was heartily congratulated by all present.

The accounts of the old committee were turned over, and any one having bills against the committee is requested to present them to the secretary.

Committees were appointed for the active prosecution of the campaign.

The various candidates nominated Tuesday at the primaries were present and addressed the meeting on plans of campaign work, and a vigorous effort will be put forth this time to elect the whole ticket.

### Arkansas Baptists.

Pine Bluff, Ark., Nov. 18.—Pine Bluff has fallen before an invading force of nearly 1000 enthusiastic Baptists who will remain in possession of the city for the next three days. The occasion is the annual session of the Arkansas Baptist State convention, of which ex-Governor J. P. Eagle is the president.

The convention will devote the most of its attention to the educational needs of the denomination, though the missionary work in its various branches will also be considered. Reports prepared for presentation to the convention show that the past year has been one of great activity for the Baptists of Arkansas, gratifying progress having been made in all its fields of labor. The day sessions of the convention will be devoted to reports, discussions and other business of a similar nature, while the evenings will be given over to sermons and addresses by noted divines and educators who are among those in attendance. Thanks to the elaborate arrangements made by the local committees the visitors have found excellent accommodations provided for them in the way of reception and entertainment.

### Texas Librarians.

Houston, Texas, Nov. 18.—The Texas State Library association held its third annual meeting today at the Carnegie library in this city. President William L. Prather, of the University of Texas, presided and delegates were on hand from Dallas, Fort Worth, San Antonio, El Paso, Austin, Galveston and several other cities of Texas. One of the important matters that received the attention of the convention was the proposed law creating a state library commission, which the association will endeavor to have enacted at the next session of the legislature.

### W. C. T. U. to Convene.

Philadelphia, Nov. 18.—Arrangements are rapidly nearing completion for the reception and entertainment of the hundreds of women who will be in Philadelphia week after next to attend the annual national convention of the Women's Christian Temperance Union. Present indications point to an unusually large and notable gathering of temperance leaders from every section of the United States and Canada.

### Gomez Has a Birthday.

Havana, Nov. 18.—General Gomez, the hero of the Cuban insurrection, celebrated his sixty-first birthday today. Scores of visitors called upon him and personally offered their congratulations, while felicitous messages poured in upon him from all parts of the island and also from the United States.

### Oregon Apples in China.

The product of the Miller orchard in Josephine county is being shipped to China in large quantities. For several years past the Millers have been developing the trade for Oregon apples in the Orient and have made a success of it. The steamer Arabia took out three carloads from Portland a few days ago and the next steamer will take two carloads more.

## Advertises in the Dull Season

In an interview in the Meriden (Conn.) Journal, Henry C. Bibeau, grocer and one of the most successful merchants in that place, said:

"Of course every one knows that times are not as good just now as they were a little while ago, and a great many merchants are retrenching in their advertising, putting up the plea that they cannot afford increases. That is an entirely wrong view to take. Since the 1st of June I have tripled my advertising in the daily papers, and the results are surprisingly good. The time to retrench in your advertising is when your departments are doing all they can. It isn't necessary to advertise then."

"I am now using more space than I ever used, and the result is more than satisfactory."

"People always respond to good advertising, and one need have no fear of the efforts going amiss."

"I keep a separate record of each department, and when one of them shows a falling off I give it a dose of medicine in the shape of ads., which always proves effective."

This direct testimony on an important point should interest advertisers who are in the habit of dropping out in the dull season.

Thomas Balmer, advertising manager of the Butterick publications, says: "You cannot kill an elephant with a popgun. Neither can you get a page effect with an inch advertisement."

Which is just another way of saying you cannot do justice to your new stock with a small ad. Suppose you try a page ad. in this paper.

## KNIGHTS DAY AT THE FAIR

The Knights of Pythias day at the Lewis and Clark exposition will be Wednesday, October 11, 1905. No definite plans have been formed as yet for the program of the day, but it will be the endeavor of the lodge to make this the gala day of the whole fair. The preparation will be under the supervision of Grand Chancellor L. M. Carl, of Albany, who will be assisted by a committee to be appointed later. Knights and ladies will be present from every state in the Union, and if not all, nearly every lodge in the country will contribute at least one delegate. No estimate has been made yet as to how many of the fraternity will be in attendance, but, without doubt, it will be a mighty army.

## JUDGE HOLDS COURT

Among other cases of interest which will be handled will be the Barr-Jessup case and the case against the Greater Salem charter. Decisions will be handed down in both of these matters sometime this week.

## IT IS IN THE BLOOD

NEITHER LINIMENTS NOR OINTMENTS WILL REACH RHEUMATISM—HOW MR. STEPHENSON WAS CURED.

To attempt to cure rheumatism by external applications is a foolish waste of time. The seat of the disease is in the blood, and while the sufferer is rubbing lotions and grease on the skin the poison in the circulation is increasing and being distributed to every joint and muscle of the body.

Delays in adopting a sensible treatment are dangerous because rheumatism may at any moment reach the heart and prove fatal. The only safe course for rheumatic sufferers is to get the best possible blood remedy at once.

Mr. Stephenson's experience with this obstinate and distressing affliction is that of hundreds who treat it at first as if it were confined to the part where it appears, and superficial. He says:

"About a year ago I was attacked by severe rheumatic pains in my left shoulder. The pains were worst in wet weather and at these periods caused me the greatest suffering. I tried a number of treatments and ointments but they failed to alleviate the pains."

Then he realized that the cause must be deeper and the pain only a surface indication, a symptom of a hidden disorder that must be sought out and corrected by an internal remedy. He adds:

"I had heard of Dr. Williams' Pink Pills for Pale People recommended as a cure for rheumatism, and when I found that I was getting no relief from applications, I made up my mind that I would try them. Before the first box was gone I noticed that the pains were becoming less frequent and that they were not so severe as before. After the second box had been used up I was entirely free from discomfort and I have had no traces of rheumatism since."

The change in treatment proved by almost immediate results that it was based on the right theory, and the quickness with which the improvement proceeded to a perfect cure showed that he had found the true means for the purification and enrichment of his blood.

People with inflamed and aching joints, or painful muscles; people who shuffle about with the aid of a cane or a crutch and cry, Oh! at every slight jar, are constantly asking, "What is the best thing for rheumatism?"

"Dr. Williams' Pink Pills" is the answer of Mr. Thomas Stephenson, of No. 115 Greenwood street, Springfield, Mass.; Mr. J. G. Meukel, of No. 2975 Jackson avenue, Dubuque, Iowa; Mr. C. H. Hickey, of Henry Street, of No. 432 Muskingum avenue, Zanesville, Ohio, and scores of others who speak from actual experience.

Dr. Williams' Pink Pills are without doubt the best of all blood remedies. Their record in the curing of cases of anemia alone would be convincing proof of that. They effect genuine and lasting cures in rheumatism. They do not merely deaden the ache, but they expel the poison from the blood. These pills are sold by all druggists.

### Death of Pioneer Woman.

Mrs. Martha Wills Humphrey, wife of Geo. Humphrey, ex-sheriff of Linn county, died Wednesday morning at the age of 70 years. She was married to Mr. Humphrey in Iowa in 1854 and came with him across the plains in 1855, residing in Albany until eight or nine years ago when they moved to Portland to reside. She was a woman of lovely character, beloved by many. She leaves a husband and two sons, Geo. W., editor of the Jefferson Review and W. A., one of the Western Union foremen operators at Portland.

### Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at J. C. Perry's drug store.

### CASTORIA.

The Kind You Have Always Bought

### Found in Nevada.

Thos. Sizer came in last week with about 400 head more of cattle to be fed in the valley this winter. He brought in one of the old-fashioned ox yokes used in pioneer days, which he had found among a lot of old irons and bones at the head of High Rock, east of Massacre. The yoke had lain there for years and was the property of some unfortunate emigrants that were murdered by the Indians in the early fifties while on the way to the Golden State. Every now and then a pile of bones or the remains of a wagon are found in different parts of Nevada, mute reminders of horrible atrocities committed by the Indians and of the dangers incident to the settling up of this county.—Cedarville Record.
