Uncommon Colds.

"It is just a common cold," people say, "there's no danger in that." Admitting their statement, then there are uncommon colds, colds which are dangerous; for many a fatal sickness begins with a cold. If we could tell the common cold from the uncommon we could feel quite safe. But we can't. The uncommon variety is rarely recognized until it has fastened its hold on the lungs, and there are symptoms of consumption.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, "weak" lungs and other diseases of the organs of respiration. It increases the supply of pure, rich blood and builds up the emaciated body.

"I took a severe cold which settled in the bronchial tubes," writes Rev. Frank Day of Newtonville, Jefferson Co., Kansas. "After trying medicines called 'Sure Cure,' almost without number, I was led to try Dr. Pierce's Golden Medical Discovery. I took two bottles and was cured, and have stayed cured. When I think of the great pain I had to endure, and the terrible cough I had, it seems almost a miracle that I was so soon relieved. That God may spare you many years and abundantly bless you is the prayer of your grateful friend."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

OREGON'S FLYING MACHINE

Grant Kay, of La Grande, Oregon's flying machine inventor, is preparing to exhibit his aeroplane next summer at the Lewis and Clark exposition. He is confident that he has a machine which will prove a great surprise, and the opinion of experts who have seen the kite, and of those to whom he has explained it, bear out his statements that he will meet with success.

Inventor Kay's idea is that the problem in airship building is to be able to reach the desired elevation above the earth. Once in the air, he says, aerial navigation is an easy matter. The ship will then fly in the same manner as a bird which skims along in the air, dips to the earth and arises again without a flap of its wings.

Cup Safe for Another Year.
 New York, Dec. 1.—It is now a certainty that there will be no race for the America's cup next year. The rules and regulations governing the races require that the challenging club shall give ten months notice in writing and as it is the general understanding that the races should be sailed in August or September it is now too late for a challenge to be received for a contest in 1905. Nothing authoritative has been heard from Sir Thomas Lipton, but those well acquainted with the character and views of the men are inclined to the belief that he has merely postponed, but not abandoned, his attempt to secure the coveted trophy.

Home Market Dinner.

Boston, Dec. 1.—The reception and dinner of the Home Market club, to be given in Mechanics' building this evening, promises to surpass all similar affairs of its kind given by the club. Chief among the speakers will be vice-president-elect Fairbanks, W. H. Montague, members of the privy council of the Dominion of Canada; John D. Long, ex-secretary of the navy, and Governor Bates. It is intimated that general felicitation over the recent national Republican victory will be a leading feature of the speech-making, and that it is not improbable that Mr. Montague may refer to the question of reciprocity with Canada and the Chamberlain policy.

A Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take medicine into the system that will remove the cause of sickness, and illness will leave of itself. Dyspepsia, indigestion, sick-headache and biliousness have their foundation in stomach disorders. Remove this weakness and the other symptoms are so more. There is one cure for this that all druggists sell for 25c per box. It is Dr. Gunn's Improved Liver Pills. They get right at the beginning of these diseases and make the cure by taking away the cause.

For sale by Dr. S. C. Stone, druggist.
