## CROWD WILL BE LARGE

The excursion to the Willamette-Multnomah football game, to be played on Multnomah field tomorrow, will be one of the largest and most successful affairs of the kind ever conducted from this city. Over 150 tickets have been ordered, and if the weather remains favorable there will doubtless be over 200 Salemites to escort the defenders of the "cardinal and gold" to the scene of victory. The team was never in better condition than now and although Bishop will not play, the sons of old Willamette are confident of their ability to prove their supremacy on the gridiron over the wearers of the "Flying M."

The railroad has made a special rate of \$1.65 for the round trip and these tickets are good from tomorrow morning until Sunday night and it is expected that every young blood in the city will take advantage of this snap to make a Sunday call on his Portland "best girl."

### Basket Ball Games.

Two interesting games of basket ball will be played in the Varsity gymnasium this evening. The first will be between two ladies' teams, one representing the preparatory and the other the college departments.

The second game will be between two boys' teams, representing the second and third year preparatory classes, respectively.

## CHINESE COMMENCE ACTION

Ching Que and On Jung, partners doing business under the name of Ching Que & Co. have filed complaint against Louis Aral for \$980.46, and the costs and disbursements of this action. The plaintiffs state in their complaint that they entered into a 10-years' contract with defendant for the lease of a hop yard in Marion county, in 1903, such contract to expire in 1913. The complaint states that defendant was to furnish the horses for running the implements, one-third of the burlap and sulphur, all of the wood, posts and wire, and to furnish the money to cover the expenses of picking, curing and baling the hops, this money to be repaid by plaintiff with 6 per cent interest, and the insurance to be paid one-third by defendant and two-thirds by plaintiffs, and that for rent of said yard and property defendant was to receive one-third of the crop of hops at the time of baling. It also states that the crop of 1904 was 9277 pounds, and that defendant furnished \$599 in cash and paid a bill for material amounting to \$214.09, and at the time of baling defendants gave him his share, or one-third of the crop, and sold him the rest at 29 cents per pound, amounting to \$1793.55, and that defendant was entitled to \$813.09 of this on account of the money he had advanced, and that there is still due and unpaid \$980.46. John H. Woodward is attorney for plaintiffs.

Keith is wanted in Portland for breaking into box cars and stealing the contents. His partner is in Portland now in the hands of the authorities.

### Postoffice Robbed.

Portland, Dec. 9.—About 2 o'clock this morning the University Park post-office was entered and robbed of a quantity of stamps and 15 cents in money. Clerk Hemstock, hearing suspicious noises, entered the office soon after, and discovered results of the robbery. He notified the police immediately. No clew of the robber's identity could be found.

## LEE MANN CHECKED TO JAIL

One man will have a chance to reform New Year's day, thanks to the thoughtfulness of His Honor Justice of the Peace Turner, the magistrate who presides over the peace and dignity of the local trouble department of the state judiciary.

Lee Mann is the man who was accorded the privilege, and he will come out fresh from his apartments in Hotel Culver on that day of all days, when men are expected to make resolutions, whether they keep them or not.

Lee, it will be remembered, received several hop checks several months ago from a friend for the purpose of getting them cashed, but, instead, he hit the trail, and checked himself through to California, but eventually checked his freight into limbo, where he is now cashed for 23 days, the sentence imposed by the court. This will leave him a free man on the first day of the year, and the court considered this when he imposed the sentence. Judge Turner, in administering the penalty remarked that he hoped this would be a reminder, and that the young man would check himself, and therefore his career would become less checkered. He "hopped" onto the defendant with a lively lecture, and then countersigned his book, which read: "Good for 23 days' board."

## PROTEST AGAINST COACHES

It was feared last night that Ralph Rader, Willamette's sturdy tackle, would not be able to play tomorrow, because of illness, but his strong constitution has enabled him to ward off a threatened attack of la grippe. He will be out for practice this evening, and will be found in his place tomorrow.

Coach Bishop went to Portland this morning to arrange for the officials and other minor details of the game and to file a protest against the playing of Dolph and Lonergan, two men who have been known to receive pay for coaching. Since Bishop is not to play with the Willamette team, they will be strictly amateurs and can reasonably expect to have Multnomah eliminate her coaches in an amateur game. Oregon refused to let Dolph play because he had formerly been a paid coach of their team and Lonergan was the coach of this year's Columbia university team. It is what the outcome of this protest will be, but the game will be played.

### Entertained Their Friends.

Married at the home of Mr. Apach, in Portland, on Wednesday, November 30th, Mr. Victor Cambas and Miss Dora Bjorge. They returned to Gervais Sunday, and are temporarily domiciled at the Depot Hotel.

In celebration of the event Mr. and Mrs. Cambas will give a free dance at the opera house on Friday evening, December 16th, to which all are invited. There will be good music, and a good time generally.—Gervais Star.

## PLACE SOUGHT AFTER

Washington, Dec. 9.—Senator Mitchell will have to put up the stiffest kind of a fight if he is to secure the chairmanship of the committee on inter-oceanic canals. It is understood this chairmanship, made vacant by the death of Senator Hanna, will be filled before the holiday adjournment. While Senator Platt, of New York, is the ranking man, and would naturally succeed Hanna, he insists he does not want the place. Mitchell is next in line, and would ordinarily be appointed. Many leading senators, however, are making a determined fight to keep Mitchell out on account of his stand for Nicaragua at the time the two canal routes were under consideration, and are bringing all their influence to bear to this end. So far, Senator Mitchell has made no fight on his own behalf, but is rather depending on his seniority to carry him through. His chances are growing less every day. Senator Kittridge is seeking the position.

### Coal Mines Rushed.

Marshfield, Or., Dec. 9.—The Clarina for the first time since the shut-down at Beaver Hill, arrived from San Francisco with the four-ton tubes for the new washer, and will return with 1000 tons of coal. Orders for coal are pouring in faster than the mine can fill them, but the new washer will be in operation by the first of the year, when the output of the mine will be 500 tons per day.

## WANTS SECOND DIVORCE

Mattie L. Kightlinger has filed complaint against her husband, E. M. Kightlinger for divorce on the grounds of cruel and inhuman treatment. This couple were married the first time in March, 1897, and were divorced in May, 1902. They were remarried in February, 1903. Plaintiff now asks for the custody of the two minor children, Lillian and Ruth, \$50 attorney's fees, \$500 alimony, \$20 per month for the maintenance of the children from the date of the filing of complaint until they shall become of age; that the plaintiff receive the undivided one-third interest of defendant's interest in the real estate, and the costs and disbursements of this suit.

### Dr. Hill Sick.

Dr. J. L. Hill, who has been seriously ill with a touch of pneumonia, was much improved last evening, and, with good care, it is expected that he will soon be convalescent. The doctor has been indisposed for some days, and Wednesday he thought he had recovered sufficiently to warrant his leaving his bed, and this he did, with the result that yesterday morning symptoms showed themselves that were not quite satisfactory. He is receiving good care, and it is expected that he will soon be better.—Albany Herald.

### College Paper.

The Weekly Willamette Collegian of this week is a very bright and interesting number. It gives a good account of the last game, Chemawa vs. Willamette, in full. The social side of the school is also well represented, and the whole is very interesting. A half-toned portrait of Pollard, "Willamette's old stand-by," as he is called, is given in the paper.

It is said to be superior to that at Eoche Harbor, the only other lime on Pacific tide-water. The ledge has been defined for a mile and a quarter in length and 50 feet wide.

### Of Interest to Thin, Weak People.

It is perfectly understood by every sick man or woman that if they can get some remedy that will stop the gradual loss of flesh and strength, their recovery is assured. People that are nervous and unsteady, with dizzy spells, weakened memory, and loss of ambition, their blood is thin and watery. It shows in their sallow complexion and tired manner, soon as they commence to gain flesh they look better and sleep better. To gain from 1 to 3 pounds of good solid flesh per week the blood must be made rich and pure. Dr. Gunn's Blood and Nerve Tonic puts in the body the very pith of what makes pure rich blood in the most direct way, and cures disease by making strength. This tonic is in tablet form, to be taken right after meals. Sold by all druggists for 75c per box, or 3 for \$2. For women's weakness a better remedy was never made. For sale by Dr. E. C. Stone, druggist.
