## SERIOUS ACCIDENT AVERTED

Floyd Graham, the young man who drives the wagon for the California Bakery, had a very narrow escape from losing his life this morning, under the wheels of the southbound overland train. Young Graham was driving up Mission street, and, as he was a little behind time with his route, was not keeping a very sharp lookout when he crossed the track, and failed to notice the train, which was just pulling away from the station, until he was half way across the track. He then reached for the whip, but was a little too late, and the engine just brushed the hind wheel, overturning the wagon, dishing the wheel, and breaking the two rear springs. The driver and horses escaped without so much as a scratch, the wagon was quickly righted, and very little damage was left to show that a horrible accident was so narrowly averted.

## REPUBLICAN FACTION ACTIVE

The faction that undertook to defeat the Republican city ticket at the recent election are still very active in furthering the split in the party. The latest move is an organization to retire good men from the police force, and name all the policemen under Chief Cornelius from the opposite faction. Republican city committeemen met this morning to consider what could be done to head off the combination. They were also informed on reliable authority that one of the leaders in fighting the regular ticket was promised an important appointment at a state institution. A protest will be registered against any more such appointments by the regular organization.

### Boiler Explodes.

Indianapolis, Dec. 17.—A large boiler in Bower & Love Bros. cotton mill exploded at 6 o'clock this morning, and fatally injured three men.

A scene from "SHORE ACRES"

ymous said that "good parts make good actors." Still for all that Manager Sam S. Shubert believes in engaging only the best artists and a glance at the roster of both "Honeymoon" companies shows that they have a strong list of truly good players, particularly picked for the roles assigned them. The big company from the New York Casino will be seen here Monday night, December 19th.

### The New Edison.

Following this week's bill at the New Edison Theatre, the management has to announce another program equally as good, if not better, than the present. It will always be the aim and policy to raise the class of attractions to the highest standard possible. Judging by the packed houses, the New Edison has become a fixed star in Salem's amusement world.

Next week Walsh and Maitland, termed the "Red Raven Splitts," will offer a specialty, novel and new vaudeville. DeShields is the master of the tight wire while Comical Jarrett, black face comedian, completely dispels sorrow by his comicalities. The Only Helenais a singer of ability, and Miss Ethel Cosette will have a new illustrated song. On the Edisonoscope the new pictures presented will be most realistic of moonshiners' life and perils in the romantic hills of Tennessee. Their fight with the revenue officers is true to life in every way. The management takes pleasure in announcing this wonderful moving picture. Don't fail to see it. The show next week will be a very interesting one.

### Car Had Accident.

The South Salem car, which has been doing service on the other side of the creek during the repairs of the bridge, was out of commission Friday night on account of the burning out of the motor. It was repaired today and is on regular duty again, much to the pleasure of the residents of the southern suburbs.

Winter's winds on hands and face produce the same result as an ax on the bark of a tree. Rose and Cucumber Jelly (Curosa Cream) gently softens and soothes the chapped skin, removes redness and roughness, eradicates wrinkles, destroys blackheads. It is not sticky. Try it. Sold by all druggists; 25 cents.

## STOLE FARMERS CLOTHES

John White, who was arrested for the burglary of the residence of C. E. Stahl, half way between Hubbard and Aurora, was arraigned this morning before Justice Turner, pleaded not guilty, and his preliminary examination was set for 3 p. m.

Stahl was away from home the night of the burglary, staying with his brother-in-law in Aurora, and returned to his home the next morning about 10 o'clock when he did the chores, and immediately went to town with a load of clover seed, not returning until noon, when he discovered the loss of about \$100 worth of clothes. He has a telephone, and he quickly called up Hubbard and Aurora, but learned that no suspicious character had been seen in those places, so he phoned to Salem for the police force here to be on their guard. The police started in search of their man, and located him in Coffey's restaurant, where he had been given a job washing dishes to pay for something and a meal. The stolen clothes, he claimed, were his own, but he seemed very anxious to conceal them, where no one would find them, and placed them in several different places before he seemed satisfied.
