

COUNCIL FAVORS SUNDAY CLOSING ORDINANCE

Read Twice And Referred to Committee for Amendments

The city council met last night in regular session, with all members present except Aldermen Jacobs, Sims and Smith. The committee on ways and means reported favorably on the report of the city recorder, and the report was adopted. The committee on ordinances reported favorably on the ordinance for the tax levy, and recommended its adoption. The committee on current expenses reported favorably on the bills, and warrants were ordered drawn for several amounts. The committee on licenses reported favorably on the applications of Bach, Nadelstuck, Butte & Wenderoth, F. P. Whittington and J. Connor for saloon licenses, and the licenses were ordered issued. The committee on fire and water reported that a horse was purchased for the fire department at the cost of \$186, so that \$50 has been bid for the horse which is now sick. But a request of Alderman Gesner that the horse be given to the committee on streets for a cart horse, the matter was carried over.

The street commissioner was instructed to build a foot bridge on Leslie street, and the recorder was instructed to draw a warrant for the amount due for the city's share of the expenses of the examination of the steel bridge. The special committee reported that in the case of the City of Salem vs. H. P. Minto, et al, the city won the case. The attorneys' fees in this case will amount to \$500. A bill for an ordinance for the regulation and restraint of saloons and bartenders in the matter of keeping open on Sunday and selling liquor to minors, was introduced and read the first and second times, and was referred to the committee on ordinances, with instructions to change it to read that the license shall be revoked on the first violation of the ordinance, instead of the second offense, as it originally read. A bill for an ordinance amending the ordinance relative to the width of the streets was read the first and second time, and referred to the committee on ordinances. A bill for an ordinance establishing the grade of Owens street was read the first and

second time and referred to the committee on ordinances. The bill for an ordinance fixing the amounts of the expenses and revenues of the city, and the tax to be levied for the year 1905, as published in The Journal at the time of the making of the budget, was read the third time and passed.

Bills against the city were next read and referred to the committee on accounts and current expenses.

The recorder was instructed to collect the balance due on car license from the C. L. & T. Co.

On motion the council adjourned until Thursday evening at 7:30.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss, has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by J. C. Perry, druggist! Price 50c, \$1.00. Trial bottles free."

WILD TRIBES AT FAIR.

Native Filipino Villages Will Show Manners of the Islanders.

Portland, Dec. 21.—Native villages will be a feature of the Philippine display at the Lewis and Clark exposition, and they will embrace a more comprehensive showing of the manners and customs of the wild tribes of the islands than did those at St. Louis.

The villages will be inhabited by about three hundred natives representing several different tribes. There will be the head-hunting, dog-eating Igorrotes, the fighting Moros, the Negritos, who are the real aborigines of the islands, and the gentle, civilized Visayans. The natives will arrive at the exposition some time in April and will build their own houses out of bamboo and nipa. The villages will be located on the government peninsula in the center of Guild's lake. The Moros will build their houses on poles over the water as they do at home, while the Igorrotes and Negritos will build squat little huts in the wooded portion of the peninsula. The Visayans will be located on the trail, where they will conduct a native theater.

The natives who were at the St. Louis exposition are now on their way back to the Philippines, having left Seattle December 13, on the Iyo Maru, a Japanese vessel. They are returning home with the intention of telling the people of their tribe of the wonders of America, and many are also looking forward to their return to Portland next spring. Antonia, chief of the Bontoc Igorrotes, a warrior who has five human heads to his credit, visited Portland recently with Dr. T. K. Hunt, who collected and had charge of the exhibit at St. Louis. As Antonia will return to the Lewis and Clark exposition, he desired to look over the grounds, so that he could tell the people where they were coming next year. Antonia was much pleased with the exposition and the Rose City, and will exert his influence in Dr. Hunt's behalf in the collection of the natives.

When Dr. Hunt was arranging for the St. Louis exhibit, he was handicapped by the fact that the Igorrotes had never been more than ten miles away from home, and knew practically nothing of the outside world. They had no idea where they were going, how they would get there or whether they would ever return. But, nevertheless, some of them put explicit confidence in Dr. Hunt, who had lived with them for a year and who had always been their friend. Naturally there were some of the warriors of the tribe, fighting men of six feet in stature, who refused to make the trip. But the glowing accounts of the safely returned travelers will create a desire in the rest of the people to visit America and Dr. Hunt can take his pick of the best types of men and women on the island.

Besides the wild tribes, the government will detail 100 Filipino scouts for duty at the exposition. The scouts are made up of representatives of the higher class Filipinos and are a part of the regular army. A band of native musicians will probably accompany the company.

A Costly Mistake.

Blanders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c at J. C. Perry's Drug Store.

BRITT DEFEATS NELSON

San Francisco, Dec. 21.—Jimmy Britt retains the lightweight championship, although for 20 rounds "Batling" Nelson, the Dane, took his punishment, and the champion was unable to put him to sleep. The fight was awarded to Britt by Referee Roach, who said that the greater number of points were secured by Britt, and his blows were cleaner and more scientific.

Time after time Nelson would recover from the punishment that Britt was dealing out to him, and come to his corner in almost perfect condition. Britt lacked steam or he would have had his opponent to the bad in a very few rounds.

Nelson led the fighting most of the time, but he could not make his long-arm blows effective, and he lost the fight on that account.

The crowd was the greatest that ever witnessed a minor encounter in this city, and about \$40,000 will be divided among the fighters.

Adjourns for Holidays.

Washington, Dec. 21.—Departing trains during the next day or two will carry many members of congress and department officials to their homes for the holidays. When the house and senate adjourn today it will be for the Christmas recess, which will last until January 4.

WHAT DO YOU CARE? YOU'VE GOT YOUR HEALTH

Great Natures Do Not Despair at Disappointment—They Look for Something Else to Do.

The broad-gauged man of today does not get blue just because things don't always come his way unless there is something the matter with him. If he "falls down" on one proposition he always looks forward and keeps on hustling. A man with his health and faculties has plenty of opportunities and the man who gives up or even feels like it has either a small nature or some physical weakness.

Dyspepsia certainly puts the best of men out of condition for work of any kind. You cannot blame the dyspeptic for getting blue. The very nature of his disease is most depressing and calculated to deprive him of ambition, energy and hope. There is hope for him, however, certain and sure.

Stuart's Dyspepsia Tablets are recognized throughout the length and breadth of the land as the one cure that's safe and sure. Their unbounded popularity—resulting from the thousands of cures they have effected, prove beyond the shadow of a doubt their greatness as a cure. Wherein lies their greatness? In the very fact that they are Nature's own simple remedy. They do the exact work in exactly the same way that the digestive fluids of the stomach do because they are composed of exactly the same elements and possess the same properties. They relieve the weak and worn out stomach of its burden of digestion and permit it without let or hindrance to rest and grow sound and well. The stomach will get well quick enough in its own natural way if it is let alone. That is what Stuart's Dyspepsia Tablets do. They not only let it alone themselves, but make the food taken into the stomach do the same.

You can satisfy yourself of the truth of this statement by putting the food you would eat into a glass jar with sufficient water and one of Stuart's Dyspepsia Tablets. The process of digestion will be taken up and carried out just as the gastric juice and other digestive fluids would do it. Their action is natural and they cause no disturbance in the digestive organs. In fact you forget you have a stomach when they begin to do their work, so mild and natural is the operation. Stuart's Dyspepsia Tablets are for sale by all druggists at 50c a box. 16-19-21

Eczema

How it reddens the skin, itches, cracks, dries and scales! Some people call it tetter, milk crust or salt rheum. The suffering from it is sometimes intense. Local applications are resorted to—they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla

positively removes them, has radically and permanently cured the worst cases and is without an equal for all cutaneous eruptions.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS.
The Publishers of Webster's International Dictionary allege that it is in fact, the popularly recognized thoroughly revised in every detail, and vastly superior in every way, with the purpose of adapting it to meet the larger and severer requirements of another generation.

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the Dictionary in our judicial work as of the highest authority in accuracy of definition and that in the future as in the past it will be the source of constant reference.
