

SUPREME COURT HANDS DOWN SEVERAL DECISIONS

The supreme court handed down the appeal the motion is granted, per three decisions on the merits and two curiam.

In the case of the Grand Ronde Electrical Power and Railroad company, appellant, against A. H. Drake and H. D. Drake, respondents, which was appealed from Union county, Hon. Robert Eakin, judge, the action of the lower court was reversed and remanded by Chief Justice Moore. This was an action to condemn a right of way for a ditch across defendant's premises, and also their interest as riparian proprietors in and to the surplus water of a navigable stream. A demurrer to the complaint was on the ground that it did not contain facts sufficient to constitute a cause of action was sustained, and for a failure further to plead the action was dismissed and plaintiff appeals.

In the case of Gardner K. Wilder, respondent, against W. O. Reed, appellant, which was appealed from the Multnomah county, Hon. Arthur L. Frazer, judge, on motion to dismiss

longing to defendants, flooding the grounds of plaintiff's experiment station in Union county, and upon plaintiff's putting in a drain box, which carried the water away from their land, but also did from the hand of defendants, whereupon defendants threatened to close the box and a compromise was effected the defendants were to dig the ditch deeper, thus carrying away the water and they are to have permission to run an irrigating ditch across the property of plaintiffs. These conditions were not carried out by defendants and plaintiffs complain. The supreme court decides that defendant shall deepen the ditch and have the right of way across plaintiffs' property as long as no damage is done. Should either party fail to do as agreed they have permission to appear before the lower court.

In the case of the Norwich Union Fire Insurance company, respondent, against the O. R. & N. Co., which was appealed from Umatilla county, Hon. W. R. Ellis, judge, the action of the lower court is affirmed by Justice Wolverton. This action is to recover damages for loss occasioned by fire, alleged to have been caused by the negligent operation and management of a freight train and certain engines used for propelling it. The plaintiff recovered judgment and the defendant appeals.

Reform School Board.

J. H. Robnett, attending physician to the school, reports that the general

health is good, that there has been one severe accident, fracture of the ribs, several cases of tonsillitis, bronchitis and lagrippe. He also says that the pupils are well fed and warmly clothed.

Superintendent Looney recommends that Jasper Ballard and Maurice Garlinghouse be granted their parole.

Mrs. Dodge's Necklace at Auction.

New York, Jan. 4.—The pearl necklace, with diamond pendant, that was taken from Mrs. Phyllis E. Dodge several years ago by Theobald, a former treasury agent, was placed on view for inspection today preparatory to being sold at public auction. The sale is set for tomorrow and will take place in the United States marshal's office.

The sale is probably the most notable of its kind that has taken place in this city and will culminate a case that has attracted national attention. When Mrs. Dodge disembarked from the steamship St. Paul in June, 1899, she said that most of the jewelry she had with her was bought in this country. Two boxes, however, marked with the names of Parisian jewelers, were found, and the jewelry was confiscated. A year later the case was brought up in the United States district court, and on the payment of a part of the required duty Mrs. Dodge regained all the seized jewelry except the famous necklace. Later the case was brought up before the United States supreme court and a decision against Mrs. Dodge was made. She then brought the case before President Roosevelt, but he refused to interfere.

CASTORIA.

The Kind You Have Always Bought

INHERITED SCROFULA

When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right one was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could with safety be taken out. For ten years I wore a little piece of cloth about an inch long in my neck to keep the place open. During this time I had to have it cut open by the doctor every time I took cold or the opening clogged. In the Spring or early Summer of 1884 I was persuaded by my wife to use S. S. S., which I did, strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time.

Only a constitutional remedy can reach an hereditary disease like Scrofula. When the blood is restored to a normal condition and the scrofulous deposits are carried off there is a gradual return to health. S. S. S. is well known as a blood purifier and tonic. It is the only guaranteed, strictly vegetable remedy sold. If you have any signs of Scrofula, write us and our physicians will advise you free.

Women's Headaches

542 1-2 Congress Street. PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmina Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.
