LITERARY NOTES

"A Good Fighter."

Thomas E. Watson, who is the author of "The Life and Times of Thomas Jefferson" and "Bethany," both published by the Appletons, is going to advocate Jeffersonian Democracy. This is the cause that Watson pleaded in his book, and he has not given up. The magazine is to be known as Watson's Magazine, and the distinguished orator and writer is coming north once a month to edit it. The managing editor will be John H. Gardner, the author of "New Yorkism." The offices will be on Forty-second street, and the price of the magazine will be 10 cents, as Watson wants it to reach the largest possible public. Since the election the populist candidate has been "resting" (sick) at his home in Georgia.

A Missing Solution.

When Colonel Sir Thomas Hungerford Hoidich, K.O.M.G., K.C.I.E., C.B., M.E., was superintendent of the survey of India, he was approached one day by a native who had recently graduated from the local college. "Excuse me sir," said the latter, "but my province is the pursuit of all knowledge, and I exceedingly like to know the meaning of all those letters I see after your name. I know what M.P. means, but not K.O.M.G., K.C.I.E., C.B., M.E."

"So all knowledge is your province?" smiled the colonel. "Well those letters are quite a problem—" "Ah, a problem! I see!" interposed the native, quickly. "I have studied the mathematic, the algebra, and I will go seek for a solution."

The colonel is still waiting to hear the solution.

Houghton, Mifflin & Co. are preparing for early spring publication of a "Biography of Hawthorne." It will be of great service, alike to the book collectors and to the students of Hawthorne's life and writings. The work has been done by Miss Nina E. Browne, of the Boston Athenaeum, who has been engaged upon it for many years. It will contain, so far as it can possibly be discovered, a reference to everything in print either by or about Hawthorne. The classification and arrangement are being carefully considered, with a view to making the book as workable as possible, and there will be a double entry magazine index which is likely to prove especially serviceable.

A fifth revised edition of "A Dictionary of American Authors," by Oscar Fay Adams, has just been published by Houghton, Mifflin & Co. Over 1200 new names of writers have been included in its pages, bringing up the total to almost 12,000.

The cause of this complaint is not in the head at all, it comes from the stomach. A stomach that has become clogged from over eating, drinking or abuse in any manner, will warn you by bringing on sick headache. Cure the pains and distress in the stomach, and the headache stops of itself. All bilious attacks, dyspepsia, belching, bad taste in the mouth, misty complexion and yellow eyes, are cured by this remedy. It is called Dr. Gunn's Improved Liver Pills, one for a dose, and is sold by druggists all over the U. S. for 25c per box. For sale by Dr. S. C. Stone, druggist.

"A multitude of small expenditures make you poor. Just so, a multitude of small savings make you rich."

The habit of saving is the direct road to prosperity. We solicit the accounts of those who wish to have a part of their income and place it where it will be earning something. Interest paid on deposits of one dollar or more, which can be made at any time.

IT WILL KEEP

It is not always necessary to use a whole bottle of Scott's Emulsion. What is left will keep. We have seen a bottle of our Emulsion three years old that is still good. What other preparation of cod liver oil will keep sweet and permanent for half that length of time? Scott's Emulsion is always reliable because it's always absolutely pure.

We'll send you a sample free. SCOTT & BOWNE, 409 Pearl Street, New York

SOCIAL EVENTS

Surprise Their Friends.

Miss Maude Kites and Wm. Pruitt, of Hayesville, were quietly married at the Leslie M. E. parsonage yesterday afternoon at 3:30. Rev. W. S. Gordon was the means of making their happiness complete, by saying the words which made them one.

The bride was very pretty in her brown traveling suit with her hat to match.

After the ceremony the happy young couple took the 4:40 train for Portland, where they will spend a week, after which they will return and be at home on the groom's farm near Chemawa. Their many friends extend congratulations.

TO SHOW INDIAN WORK

Exhibit of Red Men's Progress at Lewis and Clark Centennial.

Portland, Jan. 11.—The Indian exhibit at the Lewis and Clark centennial will be a large and extensive one, in many respects superior to those held at earlier world's fairs. Superintendent Edwin L. Chalcraft, of the Chemawa, Oregon, Indian school, has been appointed to take charge of the exhibit, and the work of collecting the display is well advanced.

The exhibit will show the progress of the Indian people during the past century, and displays will be made illustrating the life of the Indians at the time of the Lewis and Clark expedition and the present condition of the red men. The exhibit will be given an Indian setting, an abundance of native grasses, Navajo rugs and blankets, Indian pottery and basket work being used for this purpose. School room papers, articles manufactured by the Indians, specimens of crops and photographs of schools are being collected. The finest collection of Indian baskets ever displayed will be a feature of the exhibit. The Chemawa Indian students are at work making a miniature wagon which will be shown at the fair. While the display will show a representative way the work of Indians in every part of the country where the native red man still lives, special attention will be given to the work of the Indians of the Pacific Northwest.

U. OF O. SELECTS BROWN

As Captain of the 1905 Baseball Team.

Eugene, Jan. 13.—By the election today of Clifford Brown as captain and Wistar Johnson as manager, the first move in baseball matters for the coming season was made. Brown has played on the team for several seasons, and is a clever, heady man, who holds the confidence of his teammates. He plays center field. Johnson is a player of no mean ability, having played on the Eugene high school team, and will make an energetic manager.

It is very early yet to predict anything about the team, but most of last year's team are back, and there is a good assortment of freshmen material to draw from. The management would like the other colleges of the state to put out baseball teams, so that a state championship could be decided. Probably O. A. C. will put out a team, and if that is the case a game will no doubt be arranged when the season is well advanced. Baseball at the university has never received much encouragement, but this year there seems to be a spirit in its favor and the student body will help liberally. The reason that the sport has not developed more is that the college has been almost too small to turn out a baseball team and a track team, but this year there is abundant material for both.

The defunct Portland savings bank, in which many lost money, has made its final payment. The largest loser was that of B. B. Lamson estate, amounting to \$24,000.

THIRTEEN CLUB DINNER

Affair Will Take Place at Hotel Astor Friday 13th

New York, Jan. 13.—This being Friday and the 13th of the month, the date was thought eminently fitting by the Thirteen club as a time for holding its annual dinner. The affair will consequently take place at the new Hotel Astor tonight and from all accounts it will be a rousing affair. The usual properties of the club's dinners are to be more in evidence than usual. Each guest will receive a neat and well-fitted coffin, and an unsurpassed view of witches, skulls, ghosts and other cheering adornments to the meal, which will be eaten under open umbrellas and tilted ladders.

Among the eatables will be mackerel containing 13 bones, spring chicken 13 weeks old, sweetbreads from 13 calves, 13 breasts of 13 partridges (this is the supply for one table only), 13 hearts of 13 head of lettuce, ice cream served in coffins, cake fashioned in the style of the Chamber of Death, surrounded by 13 candles, cheese containing 13 microbes, and black coffee surmounted by hell fire.

PAINFUL SCIATICA

EVERY SUFFERER WANTS THE VERY QUICKEST CURE.

Mr. Donovan Thinks the Remedy Used by Him With Such Remarkable Success the Best—Cured by Five Boxes.

"Men who have to do difficult and dangerous work on electric lines at any hour of day or night can't afford to have anything the matter with their health," said Mr. Donovan, "particularly anything that interferes with the freedom of their movements. You can imagine, therefore, how much I was alarmed one winter's day in 1902 when I was seized with a pain just behind my right hip that made it difficult for me to walk home. It was so bad and had made me so weak by the time I reached the house that I was obliged to go straight to bed."

"Did that relieve you?"

"No, the pain grew more severe, and kept extending downward along my leg. I sent for a physician, and he soon decided that I had a severe attack of sickness. In a few days the whole nerve was affected, and I could not turn over or even move in bed, for the least movement brought on terrible agony."

"Did your condition improve under the doctor's treatment?"

"Quite the contrary. His medicines did not seem to help me at all. At the end of two months I wasn't a bit better, and at times I was thoroughly discouraged. I feared that I would never be able to leave my bed."

"How did you get out again?"

"Because I was willing to be guided by the experience of some people who had been cured of sciatica without the aid of a doctor. When I was lying in bed, unable to move and wasting away in flesh because I had no appetite, a friend visited me and told me about the wonderful cures brought about by a great blood and nerve remedy, Dr. Williams' Pink Pills. He strongly urged me to try them, and I luckily had sense enough to take his advice. Then I began to get well."

"Did you mend quickly?"

"Yes, that was the astonishing thing. I noticed a slight improvement before I had quite finished the first box of the pills. I could get out of bed while I was on the third box, and I was entirely cured by the time I had taken five boxes. I think I am permanently cured, for I have never had the slightest return of the trouble since Dr. Williams' Pink Pills first drove the terrible pains away."

Mr. Joseph A. Donovan is living at Plaistow, New Hampshire, and is line inspector for the Haverhill, Newton and Plaistow Electric Railway. The remedy to which he owes his quick release from the tortures of sciatica has a world wide reputation for purifying and enriching the blood. When the blood that feeds the nerves is sound and abundant the nerves themselves grow healthy and strong.

Dr. Williams' Pink Pills are the remedy to use when the blood is thin, as in anemia; or impure, as in rheumatism; or when the nerves are weak, as in neuralgia; or listless, as in partial paralysis; or when the body as a whole is ill-nourished, as in general debility. When the nerves ache and trouble it means they are starving. The only way to feed them is through the blood, and the best food is Dr. Williams' Pink Pills. They are sold by all druggists.

ANY SUIT in the STORE \$10

What would you do if you were a big clothier and had more stock on hand than you could sell this season?

Would you keep your money tied up until next year---let the stock get rusty---get tired of showing it---start next season with a half new stock?

Or would you say: "We'll lose a little money now; bring in some people who haven't been buying of us; make them happy; and then when they come next year show them something they have never seen before, here or anywhere else."

You've answered our question. We're after you---not for today alone, but for as long as you live.

RIVER AND HARBOR BILL

Washington, Jan. 13.—The people of Oregon can rest assured that a river and harbor bill will be passed this session. This statement was made by Senator Fulton last evening after a conference with Chairman Burton, of the house committee on rivers and harbors.

"But," added the senator, "it will be a comparatively small bill. The house committee is seeking down appropriations to the lowest notch, and it is cutting out many items altogether. Only the most important projects will be cared for, and some of them will be sacrificed."

Senator Fulton is satisfied that ample provision will be made for continuing the improvement of the mouth of the Columbia, and that reasonable appropriation will be made for maintaining an open channel from Portland to the sea. Just what amounts the house committee will agree to he does not know as yet. The committee has not yet considered the Pacific coast items.

Bent Her Double.

"I knew no one for four weeks when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders. At J. C. Perry's drug store. Price, 50c.

County Treasury Robbed.

Toledo, Ohio, Jan. 12.—The vault of the county treasury at Wauseon, Fulton county, was blown up by four crackmen early this morning. They secured a sum estimated at \$5000 to \$10,000 and escaped.

LEGISLATURE MAY INVESTIGATE

Sacramento, Cal., Jan. 13.—The proposition to introduce a resolution for the appointment of a legislative committee to investigate the city administration of San Francisco is being discussed by the members of the legislature who are opposed to Abe Ruef, the Republican boss of San Francisco, whose influence with the San Francisco delegation forced the stampede to Flint in the senatorial fight.

"Only an Idle Dream."

The pupils of the High School building have been bubbling over for a few days, owing to the fact that a rumor of an extra month of school had gained currency among them. The thought of having a whole month added to the already nine-months-too-long term was simply unendurable, and has probably been the cause of a good many sleepless nights for some of the over-worked boys and girls. The Journal is glad to be able to inform them that it is all a myth, according to the statement of a member of the school board, who was interviewed by a reporter, and they may settle down to hard study once more, knowing it will only be five months from today until vacation time.

PERSONALS.

R. F. Jones went to his home at Toledo last evening.

Representative Cornett, of Albany, is spending the intermission at his home.

Gale S. Hill, of Albany, was among the Elks attending the social here last evening.

Judge G. P. Terrell went to his home at Mahama last evening for an over-Sunday visit with his family. Mr. Terrell is sergeant-at-arms in the legislature.

ELKS TRAMP SOCIAL

The tramp social held by the O. Elks, of this city, last night, their hall was pronounced by all to be quite enough to be present, to be "real thing." Several outside lodges were represented, there being 37 members of the Albany, three of the Roseburg and five of the Portland lodges present. The affair was "tramp" in the fullest sense of the word, penalties were imposed upon all failing to appear in raiment suited to the occasion. There were Hooligans, Glo-Gusses and the whole tramp family represented, and a thorough good time was enjoyed by all. The Elks' orchestra discoursed sweet music through the evening and solos were rendered by Messrs. George Snyder, Frank Bin, Al Disque and L. R. Stebbins. A sumptuous banquet was served, oysters and turkey playing no part in the bill of fare.

The visitors returned to their respective homes last night, or rather this morning, declaring the Salem Elks' social to be the best of the kind they had ever enjoyed, and that the starting of the procession and the depot till the time the last of the city disappeared in the rear of the home-bound train.
