

## IN THE THROES OF ANARCHY

### Affection Fast Spreading Throughout All Russia--Czar Preparing for Safety

### Violent Socialist Uprising Imminent--Proclamations Sent Broadcast by Anarchistic Elements of St. Petersburg

St. Petersburg, Jan. 21.—The labor disaffections continue to spread in all directions. It is estimated that that fully 50,000 workmen have already quit in various towns. Delegates from workmen of Moscow and Liban arrived in St. Petersburg this morning to secure the co-operation of Father Copon in calling out the employees of those towns. It is believed next Sunday's proposed demonstration will prove the industrial crisis or the beginning of a revelation which will shake Russia to its foundations. The government is taking every precaution to curb any disturbance. Military forces will be posted at strategic points, but will be concealed as much as possible in order not to excite the strikers by too much open display of force. The czar is now in consultation with the chief advisers as to the advisability of showing himself in front of the palace during the demonstration. It is understood the czar is inclined to appear, but a decision has not yet been reached.

#### Strikers Marching.

St. Petersburg, Jan. 21.—Strikers assembled on the streets this morning early and continue to show a complete lack of trusulence. They are marching about quietly, and delegations are visiting the various factories persuading the employes to quit. Secret police are following the strikers in order to keep the authorities informed. There has been no clashes.

#### Strikers Gaining Strength.

St. Petersburg, Jan. 21.—The opinion is rapidly growing here that the government will be compelled to concede to the demands of the strikers.

#### Excitement Increasing.

St. Petersburg, Jan. 21.—The report that Manager Smirnov of the Putiloff Iron Works was murdered last night proved to be incorrect. The report, however, has greatly increased the excitement. Father Gopon, who was reported as being kidnaped last night is understood to be going about today organizing the workmen for tomorrow's demonstration. He says the workmen must attempt to see the czar at all hazards. He advised the workmen to take their wives and children to the palace square tomorrow and to go there armed prepared to fight if necessary.

#### Preparing to Check Violence.

St. Petersburg, Jan. 21.—The strikers were notified by the government that they have selected a corps of 400 picked men as a bodyguard to the czar in the event of his agreeing to confer with their leaders. Members in this body guard have all sworn to sacrifice their lives for the czar in fulfilling this guarantee of his safety. None of the printers who quit yesterday have returned to their posts, consequently St. Petersburg is today without a newspaper. Violent Socialist proclamations are being circulated today calling for a general uprising. As no plans are proposed the proclamations are having no effect on the strikers. A regiment of Uhlans were dispatched today to the winter palace for the further protection of the czar, and several guns are being prepared for mounting in the palace court yards. One hundred students are today joining the ranks of the strikers. At a meeting of the students and strikers last night a cry was raised: "We want no more war!" "What is Manchuria to us?"

#### Break Open Factories.

St. Petersburg, Jan. 21.—This afternoon a number of strikers forced an entrance to several factories and smashed the machinery and maltreated the employes and further violence is feared.

#### St. Petersburg, Jan. 21.—A deputation of strikers went to Taarkozle yesterday evening and made an effort to deliver a workmen's petition to the czar in order that the czar might have a full day to consider it before the demonstration Sunday. The socialists have issued a manifesto as follows: "We have suffered enough. Comrades, let us join the workmen, who

## LAND FRAUD JURY DISAGREE

Portland, Jan. 21.—After being out 40 hours the jury in the case of George Sorenson, who was charged with offering a bribe to District Attorney Hall, reported that they could not agree and were discharged. Charges of bribery were made against two of the jurymen, A. C. Adkins, of Polk county, and John Northrup, of The Dalles. In all probability indictments will be returned this afternoon.

On the discharge of the trial jury, Federal Judge Bellinger instructed the district attorney to take Sorenson's case before the grand jury with a view to indictment for perjury. The federal grand jury this morning examined C. T. Scoggins, Amos King, W. M. Hawk, H. B. Brown, Ed Smith, Clyde Brown, R. H. Morris, Clyde Glass, James Johnson and Mrs. Sophia Colonne, all of Wheeler county, and charged with having taken up homesteads for the Butte Creek Land, Lumber and Live Stock company.

are resolved as one man to stand firmly for their just rights. We want elective legislative assemblies. Down with autocracy. Down with the war. Long live the Russian Socialist party."

#### Will Resist Strikers.

Paris, Jan. 21.—A telegram from St. Petersburg shows that at the conference today between the ministers and police authorities and the employes it was decided to resist the strikers' demands.

## ROAD WORKERS ADJOURN

### After a Profitable Session Lasting Two Days

The convention of Marion county road supervisors came to a close yesterday afternoon at 5 o'clock after a profitable conference.

The supervisors nearly all subscribed for the Good Roads Magazine, a paper especially useful to them.

A list of the tools needed in each district was made out and handed in, the tools to be supplied by the county.

One of the important discussions of the session was on fence moving and the proper place for the road, it being a fact that many farmers in building new fences move the line a considerable distance farther out. In a case of this kind the party must hire the surveyor to lay out the correct line.

Another important matter was the suggestion to supervisors to get in their orders for sign boards. This is a matter in which every resident of Marion county is interested and ought to be enforced. With the influx of people into the state that is expected this year, many of them to locate permanently, and most of whom are accustomed to straight roads with a prominent sign board at every mile corner, there ought to be at least 500 new boards put up within the next few months at some of Marion's doubtful crossroads.

There are now only about 170 boards up, and the law says the supervisors' claims may be held up by the county court if this section is not complied with.

After a vote of thanks to the honorable county court adjournment was had until next year's convention, the time of which will be set by the county court.

## FIVE AMERICANS MURDERED

Chicago, Jan. 21.—News of the murder by Yaqui Indians of John Kenneth Mackenzie and Dr. Robert Coy, of Chicago, was received here today. Fears are expressed that E. A. Potter, Mackenzie's partner in a mining engineering firm, was also among those murdered.

Nogales, Ariz., Jan. 21.—The bodies of five Americans murdered yesterday at Sonora, Mexico, by Yaqui Indians, were brought here today. The dead men came here recently from Illinois.

#### Woman Passes Bogus Checks.

Pendleton, Ore., Jan. 21.—A woman giving her name as Mrs. M. Morrison has during the last few days been successfully passing bogus checks among the business men. She had been in the city for some time and had become well known among several merchants, who were led to believe that she was conducting a boarding house. J. V. Tallman, druggist, cashed a check for \$45; Charles Semble one for \$59, and R. Alexander one for \$65. The bank refused to honor the checks, as the woman had no funds. She has left the city, but the officers are working on the case and expect to apprehend her.

#### Change of Venue Taken.

Bedford, Ind., Jan. 21.—In the preliminary hearing of Frank Evans and Elmer Browning, who are charged with the murder of Sarah Schaefer, which was heard this morning before Justice Harris, a change of venue to Justice McLahan's court was taken. The hearing was then set for next Thursday.

#### Arrested for Embezzlement.

Des Moines, Jan. 21.—Carl H. Spencer was arrested today charged with the embezzlement of \$6000 from the Des Moines National bank, of which he was assistant cashier.

## SENATOR SMOOT TALKS

### Believes Leaders of the Church Can Receive Revelation From God

Washington, Jan. 21.—Senator Smoot resumed the witness stand this morning and corrected his testimony of yesterday, saying he had learned since that a quorum of apostles did have the right to try one of its members. Attorney Taylor tried to make him say that a majority rule prevailed in the Mormon church, but the witness demurred. Smoot said he voted to sustain President Smith October 6 last, and upon every occasion since, although he was cognizant that testimony was given by Smith at the committee hearing.

In answer to a question by Senator Overman witness said:

"I believe leaders of the church can receive revelations from God. Any good man can receive revelations, but only the president of the church can receive those which bind the church. They would be binding upon President Smith above the law of the land, and if I received such a revelation it would be binding upon me. If it conflicted with the law of the land I should obey it, but I would first go to some other country."

Asked whether a revelation commanding polygamy was a law of God, witness said: "Yes, if you will make it a revelation permitting plural wives, not 'commanding.' God did make it mandatory on Joseph Smith, and he is the only one. If he made a similar command on me I would obey it." Witness thought God could recall or amend a revelation. The hearing then adjourned until Monday.

Pendleton may have a new \$20,000 theatre within a year.

## Jos. Meyers & Sons

SALEM'S GREATEST STORE  
THE WHITE CORNER

## WHITE FAIR and CLEARANCE SALES

Every article in the house—except contract goods—radically reduced

## It's a Big Event--A Helpful Event

A veritable triumph of modern retailing. The opportunities for saving are almost startling. If you value your dollars—and who does not—you can save many of them by supplying your needs now. Maybe you've planned to buy later on, when house-cleaning time comes around, and you ask yourself what is the difference as long as you buy? Well, the difference is right here, and mark it well: You can buy cheaper now than later on. Everything in the store (except contract goods) has been reduced.

## Credit Buyers Pay for Misplaced Confidence

It Pays to Trade at

# BARNES' CASH STORE

Where you don't have to pay for goods some one else bought "on time" and failed to pay for. Our expenses are very light compared with the volume of business, which, with the savings of our spot cash plan, enable us to sell the most reliable merchandise at lower prices than you can find it at any "regular store."

## DRY GOODS, SHOES, CLOTHING

Everything for the Whole Family

SALEM'S CHEAPEST ONE-PRICE CASH STORE.
