GEORGE BROWNELL INDICTED

Portland, Feb. 1.—Interest in the land fraud cases was again brought to fever heat by the announcement that the federal grand jury today had indicted Senator Mitchell on another charge of bribery, and also indicted State Senator George C. Brownell on charges of subordination of perjury.

The indictment against Mitchell alleges that while senator from this state to the federal congress he accepted on seven different occasions sums of money aggregating \$4200 from a timber and dealer named Frederick R. Kribs, for services rendered in it, is alleged, inducing Congressman Hermann, then commission of the general land office, to make special and approve certain applications for public lands, and to recommend issuing patents to lands located in the Roseburg land district. The indictment makes the charge that in consideration of services Kribs gave Mitchell two checks for \$500 each on the Roseburg bank February 13, 1902; two checks June 14, 1902, for \$1000 each; one check January 4, 1904, for \$500, and one check October 8, 1904.

The indictment against Senator Brownell involves land in the same district in Eastern Oregon in which forged applications for surveys were made, and upon which ex-Surveyor-General Henry Meldrum was convicted last year. The charges against Brownell are in the nature of a conspiracy with Malcom S. McCown and Rufus S. Moore, deputy surveyors, and Henry Meldrum, surveyor-general of Oregon, the defraud the government of public land by procuring surveys to be made of land in a manner prejudicial to the administration of the law, and that he caused Fred Sievers and John Howland to take an oath before him as notary public and that they appeared before Brownell in his official capacity as notary in December, 1901, and did swear to final oath as assistants in the official field notes, which stated that the survey had been well and faithfully made.

The indictment alleges that Sievers and Howland did not make the oath in good faith, and that they so swore because Brownell suborned and instigated them to do so, and that Brownell knew the oaths were untrue, and according to the indictments during the recent investigations of the grand jury it became material whether they so appeared before Brownell as notary and swore to the oaths, and when Sievers and Howland appeared before the grand jury, they at the instigation of Brownell, again swore that the oaths taken before him were true, when in fact Brownell, Sievers and Howland all knew they were not made in good faith.

NATURE TELLS YOU.

As Many a Salem Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Hundreds of people testify to this. Mrs. Wm. Rainwater, wife of Wm. Rainwater, employed in Veal's chair factory, residing at 903 East First street, Albany, says: "My kidneys troubled me off and on for eight years. Every time I contracted a cold it settled in my kidneys, causing my back to ache often so badly that I could hardly get about to attend to my household duties. Accompanying this was a very annoying and distressing difficulty with the kidney secretions. I was treated by physicians and took a number of highly recommended remedies, but the relief I obtained was only temporary, and I was about discouraged. Finally I read an advertisement about Doan's Kidney Pills, and got a box and began their use. I expected some relief, of course, but, to my surprise, they went quickly to the root of the disease, and I had no more trouble, until recently I felt symptoms of a recurrence. Doan's Kidney Pills are the best kidney medicine I ever used, and I have recommended them to neighbors."

Plenty more proof like this from Salem people. Call at Dr. Stone's drug store, and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Physicians prescribe it for their most delicate patients.
