**CHANGE TIME SCHEDULE**

**Temporary Diner Service Installed on Southern Pacific**

A change has been made in the time card of trains Nos. 11 and 12 on the Southern Pacific, and it is understood that No. 12 will pass Salem one hour later than the usual time on the old schedule. This delay is caused by the taking of the ferry boat at Benicia, California, off the service for three months, while it undergoes some much needed repairs, making it necessary for all Oregon trains to run into and out of San Francisco via Stockton, which is a longer route, causing the later schedule. The ferry at Benicia is the largest ferry boat in the world, and has a capacity of four or five trains at one trip, but it has needed repairs for some time, and will be taken to the ship yards for that purpose.

While this delay is in effect a dining car service will be established on Oregon trains Nos. 11 and 12. A dining car, serving breakfast and lunch will be attached to No. 11 as far south as Goshen, where it will be transferred to No. 12, and run back to Portland, serving dinner and supper on that train. The car will be taken from the diner service of the O. R. & N., and will be under the supervision of the superintendent of the service on that road.

It is also understood that a "flyer" will be put on between San Francisco and Portland, which will only make stops at the principal cities along the line, and will make much better time than the regular overlands.

**NATURE TELLS YOU.**

**As Many a Salem Reader Knows Too Well.**

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Hundreds of people testify to this. Mrs. Wm. Rainwater, wife of Wm. Rainwater, employed in Veal's chair factory, residing at 903 East First street, Albany, says: "My kidneys troubled me off and on for eight years. Every time I contracted a cold it settled in my kidneys, causing my back to ache often so badly that I could hardly get about to attend to my household duties. Accompanying this was a very annoying and distressing difficulty with the kidney secretions. I was treated by physicians and took a number of highly recommended remedies, but the relief I obtained was only temporary, and I was about discouraged. Finally I read an advertisement about Doan's Kidney Pills, and got a box and began their use. I expected some relief, of course, but, to my surprise, they went quickly to the root of the disease, and I had no more trouble, until recently I felt symptoms of a recurrence. Doan's Kidney Pills are the best kidney medicine I ever used, and I have recommended them to neighbors."

Plenty more proof like this from Salem people. Call at Dr. Stone's drug store, and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

**SALEM AGAINST NEWBERG.**

**Business College Basketball Team Will Meet Pacific.**

The Business College basketball team went to Newberg this morning on the steamer Pomona, where they will meet the Pacific College team this evening in a struggle for supremacy in that sport. The members who were with the team are as follows: Phelps and Humphreys, forwards; M. Mantson, center; Huat and Hewitt, guards; D'Armond and Meyers, substitutes. Manager Miles will referee. The boys are in fine condition, and as the Pacific team is reported to be in a like condition, a good game is expected.

**CHINESE NEW YEAR DAWNS**

**Amid the Beating of Tom Toms and the Roar of Bursting Bombs**

Many peaceful and lawabiding citizens were startled from their repose in well-earned sleep shortly after midnight last night, by the beating of tom toms and an explosion of fireworks such as is never heard in this city except on the date of the Chinamen's festival, Chinese New Year; no other holiday is so important in the estimation of the celestials. A great share of the local Chinamen's hard-earned savings must have been expended for the purchase of fireworks, Chinese gin, candy and hop, all of which are used extensively in this celebration.

To those astronomically inclined it may be interesting to know that the Chinese New Year falls on the first new moon after the sun enters Aquarius, which makes it come not before January 21st, nor after February 19th. The year is indicated by the age of the reigning emperor, so that the year begun today is the 30th year of Kwang Sui, which, translated into English, means "Illustrious Succession," for the emperor's own name is too sacred to be used in connection with an ordinary event as the morganing of one year into another. The Chinese might be called the original Quakers, so far as their nomenclature for months and days is concerned, for they are really not designated by names, but by numbers, so that New Year's day is the "first day of the first month of the 30th year of Kwang Sui."

**SOCIAL EVENTS**

Society turned out in full force Wednesday evening at the last of the series of three brilliant balls given by the Century Club, of this city, at the Armory Hall. The decorations were very artistic, quantities of small fir trees lined the hall, and the ceiling was hung with flags. Ferns and evergreens, interwoven with the national colors, were everywhere in evidence.

McElroy's orchestra furnished delightful music throughout the evening, and over 65 couples tripped the light fantastic through the pleasant hours. Punch was served in the lunch room, and those who did not dance were amused at cards at one end of the hall.

The whole affair was a delightful event in the social whirl. The handsomely gowned ladies made a pleasant setting to the scene.

People from Portland and Albany and other valley towns were present.

**S. P. Will Build Switch.**

G. L. Williams, the logging contractor of Dexter, who has been getting out logs for the Eugene Lumber company, is at Cottage Grove, getting out logs on Rowe river to be shipped by train to Eugene. The logs will be loaded onto cars and hauled to Cottage Grove. At that point the cars will be transferred to the S. P. and brought to Eugene. It is understood that the S. P. will build a switch to the mill over which the logs will be hauled and lumber shipped out.

**Beautiful Women**

realize that lustrant hair of rich, youthful color always adds to their charms. The hair may be golden, black or brown, but when it becomes gray or faded there is an appearance of age, though she may feel as young as ever. Under these circumstances gray hair is a drawback to her beauty.

**AFTER SICKNESS**

**VINOL IS A WONDERFUL TONIC AND STRENGTHENER.**

Geo. W. Putnam Refunds Money in All Cases Where It Fails to Give Satisfaction.

"During the past few months there has been a great deal of sickness of one kind and another in this vicinity," said Mr. Putnam, "and I want to say to the people of Salem that the one thing to aid recovery after sickness is to give the patient a blood building and strength restoring tonic, one that will give strength to every organ in the body.

"Now," continued Mr. Putnam, "I don't believe there is another remedy in the country equal to our delicious cod liver oil preparation, Vinol, for making pure, rich, red blood and building up strength. I say this from an intimate knowledge of almost every medicine on the market, and after considering what Vinol is and has done.

"Vinol contains every one of the body-building, medicinal elements of cod liver oil; without one drop of oil to upset the stomach and retard its work, and this with organic iron, which is a needful constituent for the blood, dissolved in a delicious table wine, makes Vinol. It acts directly on the stomach, creates a healthy appetite, and enables the digestive organs to obtain the necessary elements from the food eaten to make rich, red blood, and healthy flesh and muscle tissue and create strength, and you know what you are taking."

Continued Mr. Putnam, "We have a good many letters like the following: "Mr. A. Manser, of Poughkeepsie, N. Y., writes: 'A severe fever left me in a very weak condition, and no matter what I took I could not seem to get any strength, until through a friend I learned of Vinol. Two bottles worked wonders for me, so quickly did it restore my health and strength, and I am fast gaining in weight. Vinol is a wonderful strength creator.'"

"In the strongest manner we unhesitatingly endorse and guarantee Vinol to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated and restore health to the convalescent or we will return every dollar paid us for it. Geo. W. Putnam, Druggist."

**Succumbed to the Inevitable.**

Eight months ago there came to Oregon City a merchant who purchased a stock of goods. An advertisement was solicited of the new merchant who informed the newspaper man that he did not believe in advertising, since he seriously questioned the efficacy of reaching the public in that way. Last week the same business man packed up his goods and departed for other pastures. The merchant who severs his partnership with printers' ink will sooner or later find himself divorced from the trading public.—Enterprise.

**Centennial Notes.**

Portland, Oregon, where the Lewis and Clark exposition is to be held next summer, now has a population of 135,000. When the population did not exceed 100,000, the citizens subscribed \$430,000 to the fair.

A model hat factory showing how hats are manufactured will be one of the attractive exhibits in the palace of manufactures, liberal arts and varied industries at the Lewis and Clark centennial.

Submarine illumination of Guild's lake, the natural "grand basin" of the western world's fair, will be an unique feature of the Lewis and Clark exposition. Lights will be placed on the bottom of the lake in air and water tight receptacles, and at night visitors may see the fish swimming around in the water.

**STATE NEWS**

In a few days the people of Cross Keys, Or., and Bend will have an opportunity to ride to and fro in an automobile. It is being built at Portland, and will soon be ready for use. The machine is 16 feet long, and carries 12 passengers, runs 20 miles an hour and is driven by a 40-horse power gasoline engine. It is to be run over a fine road which is thoroughly dried and oiled.

Albany's newest production is the "High School Whirlwind," a paper published by the students.

The anti-cigarette war is now on at The Dalles under the auspices of the school board of that town.

The First Church of Christ, Scientist, of Eugene, filed articles of incorporation with the county clerk Tuesday.

The Eugene papers have now changed to four pages, and will hereafter appear in that shape.

Eugene will have a new industry, in the shape of a new creamery.

Tonight and Saturday, fair.

**COLUMBIA WON'T PLAY CHEMAWA**

Word has been received from Chemawa that the football game which was scheduled between the lightweight team of that place and the Columbia Juniors has been called off. The cause of this is not any "cold feet" on the part of the Chemawa boys, but the Columbia team has made so many excuses that it is seen to be useless for any attempt to be made to pull the game off. Finances, sickness and opposition of the faculty have all been pleaded by the Columbias, and, although the Chemawa boys offered to pay the expenses of the other team, should they come to Chemawa to play. The only thing that the Columbia manager would agree to was that Chemawa come to the other school and pay their own expenses. This was not agreed to by the Chemawans, and the game was doomed.

**Druggist Moves to Portland.**

J. M. Haberly, who has been the proprietor of the Palace Pharmacy for the past two years, has closed his store in this city, and this morning left for Portland, shipping his fixtures on the steamer Pomona, where he will open one of the largest wholesale and retail drug businesses located on the East Side. He has selected a site in Sunny-side addition, and expects to open his store in a short time. Theron E. Lyons, who has clerked in Mr. Haberly's store in this city for some time, will go to Portland Monday, where he will accept a position with his former employer.

**Road Day.**

Today is road day in the county commissioners' court, but the docket is small this month, and there are only two matters up for consideration.

A public road, 30 feet in width, was ordered established from the property of J. T. Turner to the Salem-Silverton road.

The matter of the petition of H. A. Tanner for the location of a gateway or road from her residence property to the Garden Road and the Pratum road is being argued this afternoon.

The Endeavorers of the First Christian church will hold their regular monthly business meeting tonight in the church parlors. A social will be given in connection, to which all friends are invited.

**Jones Tells Why**

Customer—How is it, Mr. Jones, that you have no bicycle rack? I see your neighbors have them.

Mr. Jones—W-a-l-l, or w-e-l-l, to tell the truth, that is just why I have none.

Customer—But, Mr. Jones, don't you think it is very unfair to compel your customers to occupy your neighbor's rack, and some times force his patrons to go to another store, in order to have a place to put their wheels?

James—You are right, I never before saw it in that light. I understand that that man Sherwood has five different styles of his rack now, and that he will be out about the 20th of February showing them to the public, I shall order one without further delay. I thank you Mr. Smith for calling my attention to this matter; call again.

**A Pleasant Way to Travel.**

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.
