A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colo- rado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's lat- est standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full in- formation.

STRENGTH

Is an attribute of manhood universally desired. Few people understand that the only source of physical strength is food, and that every one who has sufficient nourishing food should be strong. But there are thousands of puny people who have plenty of good food. How is that explained? The explanation is simple. Food does not nourish the body unless it is properly digested and assimilated. Diseases of the stomach and other organs of digestion hinder the proper diges- tion and assimila- tion of the food. The strength of the body is lost.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and its al- lied organs. It causes the perfect diges- tion and assimilation of food and thus it makes men and women strong. "I had been suffering from indigestion so badly that I could not work more than half the time, but now can work every day and eat any thing I want," writes Mr. Victor L. Hayden, of Blackstone, Nantoway Co., Va. "Why? Because I took Dr. R. V. Pierce's Golden Medical Discovery. It has put new life and energy in me, re- stored my health and made a man of me once more. I used to weigh 120 but had gotten down to 110, now am back to 120 and will soon be back at my old weight if nothing happens. Your medicine has done it all."

He Takes a Tumble.

Customer—How is it, Mr. Jones, that you have no bicycle rack? I see your neighbors have them.

Mr. Jones—Well, I, er, well, I, to tell the truth, that is just why I have none.

Customer—But, Mr. Jones, don't you think it is very unfair to compel your customers to occupy your neigh- bor's rack, and some times force his patrons to go to another store, in order to have a place to put their wheels?

Jones—You are right; I never before saw it in that light. I understand that that man Sherwood has five different styles of his rack now, and that he will be out about the 20th of February showing them to the public. I shall order one without further delay. I thank you Mr. Smith for calling my attention to this matter; call again.
