

# RECORDER AND MARSHAL GET \$1,000 SALARY

## Alderman Bayne Says Committee Plays With Saloon Bill

The city council met in regular session last night with all aldermen in attendance but Downing.

The minutes of the previous meeting were read and adopted.

Alderman Bayne asked for a report from the committee on ordinances for a report on the saloon bill, and when Alderman Acheson asked for further time in which to report, Alderman Frazier stated that it looked like child's play for the committee to defer this bill and Alderman Bayne then took the initiative and stated that they were playing with the bill. No action was taken in the matter, and the saloon bill was again sidetracked, and laid upon the shelf until the next meeting.

The committee on ordinances reported the bill for regulating the salaries of the city officials and the bill for placing the city monuments favorably, and the bill for regulating the slaughter house district unfavorably. Report adopted. The only change made in sal-

aries from the original budget was recorder and marshal \$1000 each, instead of \$1200, and street commissioner raised to \$900.

The committee on streets reported favorably on the construction of a sidewalk on the west side of 21st streets, from Asylum avenue to State street, and on the north side of lot 8, block 13, Central addition. Report adopted, and walks ordered.

The committee on ways and means reported favorably on bills against the city, and warrants were ordered drawn for the several amounts.

A motion for an official survey of North Salem, for the location of the lines of the lots in that community was referred to the committee on streets.

The street commissioner was instructed to build walks in front of lot 8, block 13, in Highland addition, and lot 12, block 1, Central addition.

A motion for a walk on the south side

of Market street from the southwest corner of the block of the North school, running west 1 1/2 blocks, was adopted.

Application for saloon license of J. S. Cooper and Swartz were reported on favorably, and license ordered granted.

The committee on fire and water were instructed to get estimates on the cost of 2500 feet of fire hose.

The following hosemen were elected to the department: Wm. Iwan, J. L. George H. Hutton, H. S. Nutter, F. Kurtz, N. H. Hensley and R. Southwick, G. N. Churchill was elected stoker.

An appropriation of \$100 was made out of the park fund for tiling, to be put in Wilson avenue.

Recorder Moores read his report for the past month, which was referred to the committee on ways and means. Fees collected by this office, as shown by the report, amounted to \$2196.98, following are the items: Fines, \$98; fees, \$6; saloon licenses, \$1600; miscellaneous licenses, \$66; street assessments, \$295.57, and miscellaneous receipts, \$221.41.

The committee on fire and water reported unfavorably on the petition of A. J. Mathes to erect a small corrugated iron building on Commercial street. Report adopted.

Several petitions for sidewalks were referred to the committee on streets.

Applications for the placing of street lights were all referred to the committee on lights.

Mayor Waters, Aldermen Gesner and Croisan were appointed a committee to investigate the advisability of floating bonds in the sum of \$20,000, for the construction of a permanent bridge across South Mill creek, on Commercial street. If this is deemed advisable by the committee they were instructed to secure an amendment of the charter during the present session of the legislature, to enable them to float these bonds.

The street commissioner was instructed to tile the open ditch at the corner of Mission and Liberty streets, and to fill the ditch.

Bills for ordinances creating the office of city attorney, at a salary of \$300, and to establish a grade on second street were read the first and second times and referred to the ordinance committee.

**Winter**  
Is Not Over

An effort is being made to secure recognition of the Salem Military Band.

A committee of the Commercial Club, composed of Mayor Waters, John H. McNary and E. Hofer, accompanied Prof. McElroy to Portland today to present his claims.

It seems strange that the fair managers should not be willing to employ at least one Oregon band. Of course, it is claimed that the Italian and German bands are Portland organizations.

But an all-Oregon band, composed of American boys, and an American leader, will be appreciated by Oregon people, and their music better relished than any other.

We will probably have some cold weather yet and you will need a heating stove. We have cut prices on every heating stove in the house. Call and examine them.

**FRIDAY**  
13  
Ordered flour from the new mill.

**THE KEY TO THE SECRET**  
of good bread making lies in a bag of flour from the Salem Mills. It is made by the most perfect process, from the choicest wheat, and makes the whitest and most delicious bread that makes it in reality "the staff of life," by its healthful and nutritive qualities.

# BEER

SALEM IS SALEM

## A Liquid Food

**The United States Government Considers Beer a Nutritious LIQUID FOOD.**

---

Owing to HOPS being one of the chief ingredients of beer, physicians prescribe beer as a sedative, tending to sooth, to allay irritability and ease pain. The best of NERVE TONICS.

The MALT EXTRACT in beer furnishes the nutritious elements. It builds up the human system, furnishing new tissues in place of those wasted.

The small amount of ALCOHOL in beer is just enough to furnish a proper stimulus, so necessary to restore the worn out energy. In the true sense of the word beer should not be termed "An Intoxicant." The proportion of alcohol in beer is hardly 3 1-2 percent.

Its USEFULNESS as a TEMPERANCE drink is being recognised the world over. Beer drinkers rarely, if ever, care to imbibe the more ardent liquors. The drinking of beer weans men from the stronger liquor habit, and consequently conduces to temperance and sobriety. Germany the greatest beer drinking nation, uses comparatively little strong liquor.

SALEM BEER is absolutely pure, cleanliness being the WATCHWORD. The highest grades of malt and hops are used in brewing. As a refreshing and invigorating beverage it cannot be excelled. It is the equal of any eastern beer, now on the market.

Every bottle of Salem beer is Pasteurized after it has been sealed. Salem beer fills all the requirements of high class temperance beverage.

TRY SALEM EXPORT BOTTLED BEER AS A HOUSEHOLD BEVERAGE AND YOU WILL BE CONVINCED.
