DAMAGE LIMIT RAISED

Smith Gets a Minority Report Adopted

Plantiffs in Damage Suit for Death May Sue for \$10,000

The house is clearly "anti-corporation" on a hard show-down. This fact was shown on Thursday when the Smith bill to increase liability of railroads in cases of killing a person was put on the calendar on a minority report of the railroad committee. Smith, of Josephine, explained that section 381 of the code provides that plaintiffs can collect only \$500 for loss of life by a railroad. The bill takes off the limit, and says they may sue for \$10,000. He said in Washington or California the plaintiff could sue for any amount. He had, in 15 years' practice, known cases where \$10,000 to \$25,000 was collected for damages to the person, but he had never known of a case where heirs had collected \$5000 for a human life.

Muir, of Multnomah, said the committee had made a report against the bill, because the senate had indefinitely postponed a bill to take off the limit. They thought it a waste of time to report such a bill here. The senate would kill all anti-railroad bills.

Burns, of Coos and Curry, said the fact that the senate would so stultify itself was no guide for the house and the members here should go on record in favor of an act of justice and allow the heirs of a person killed to sue for the value of a human at whatever it was worth.

On a roll call of the house the vote stood 30 ayes, 22 noes, 8 absent. So the minority report was substituted, and the bill went to third reading, and was made a special order for Monday.

TEAM SMASHES WAGON

Runaways Collide With Damon's Dray and Injure Driver

A. H. Damon, the express man, was badly bruised around the head, and a horse belonging to Henry Fletcher had a shaft run into its body in a general mixup that occurred on the corner of Court and Commercial streets about 2:30 o'clock this afternoon.

Mr. Fletcher, who runs the feed mill near the fair grounds, was driving in to the city with an empty wagon, and upon reaching the corner of Liberty and Court streets, a breakdown of some kind occurred, causing the tongue to drop to the ground, which frightened his team and caused them to run away. They turned down Court street, and wheeled onto Commercial street, just as Mr. Damon drove past that corner. The team became confused, and one started to pass on each side of Mr. Damon's rig, tangling their harness with that of Damon's horse, and were soon in a tangled, kicking mixup, out of which Mr. Damon was rescued with a badly bruised head, but no other injuries have been discovered. It took some minutes to untangle the horses, and when at last things were righted it was discovered that one of Mr. Fletcher's horses had been impaled upon one of the shafts of the dray, and in all probabilities will die from its injuries. The only damage done to the dray was the smashing of two front wheels.

SHERIFF'S BUSY DAY.

Large Sums Collected Will Be Turned Over to Treasurer.

This sum, which is now deposited to the credit of the sheriff, will be turned over to County Treasurer Richardson some time next week.

A large majority of the people are taking advantage of the rebate, and are paying their entire tax, while some are taking the extension of time by paying only half. Receipts are being made out by the wholesale by the busy sheriff and his deputies, there being 430 issued up to last night.

VINOL'S RELIABILITY

STRONG EVIDENCE OF MERIT.

Prominent Physicians Join With Mr. Putnam in Recommending Vinol.

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children, and the convalescent that I ever saw."

Another physician writes: "I could cite many cases where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles."

Now, when we tell you that we have never sold in our store a remedy of such remarkable curative and strength-creating power as Vinol, for the weak, the sick and the aged, and that if it fails to accomplish what we say it will we will refund your money without question, it will show you our faith in the preparation.

In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure. Try Vinol on our guarantee. Geo. W. Putnam, Druggist.

The Woodmen of the World chorus, of Denver, will compete for the choral prize at the Lewis and Clark exposition. Professor William Thomas, who has been drilling the chorus for several months, gained distinction by training the Denver Choral society chorus, which won first prize at St. Louis.

THEY CURE THE GRIP

SO DECLARES MR. DAVIS OF DR. WILLIAMS' PINK PILLS.

The Effect of a Severe Attack Quickly Overcome by the Use of the Great Blood and Nerve Remedy.

The grip differs from ordinary colds in that it introduces into the system a very obstinate poison. The victim of an attack is never fully cured until this poison is thoroughly driven out of the blood. So long as it is there he remains weak and depressed and liable to a fresh attack. Stubborn indigestion, neuralgia and other nervous disorders are some of the ailments that follow the grip, and show the bad condition of the blood.

How can the impure blood be purified and enriched? This is a question of the greatest importance for every sufferer. When this matter was under discussion recently, Mr. John F. Davis said: "In the latter part of December, 1903, I had a severe attack of grip, and for two months before I began to use Dr. Williams' Pink Pills I was a great sufferer."

"What was your chief trouble?" "The terrible pains that racked my whole body. I do not think any part of it was free from them."

"Did you have any other discomforts?" "At first I had only what I thought to be a slight cold. I supposed it would go away in a short time, but it hung on. One night when I came home from work, I suddenly became so weak and dizzy that I was obliged to lie down. Cold sweat came out on my forehead and my head ached fearfully. I called a doctor who treated me for grip, but very little relief came from his treatment. My appetite failed and I grew very thin. For two months the almost unbearable pains continued."

"Then what happened?" "Then I came across the story of a man who had been cured of a condition like mine by the use of Dr. Williams' Pink Pills, and I made up my mind to try them and see if they would not help me."

"Did they help you?" "Yes, indeed; they met all the needs of my case. The very first box did me so much good that it made me hopeful of a cure. After taking it I felt better than at any time since I was first stricken down. My appetite revived and I began to take on flesh. By the time I had taken five more boxes the dreadful pains had altogether disappeared, and I have ever since been a well man and a firm believer in Dr. Williams' Pink Pills."

Mr. Davis lives at No. 115 Emerson street, Haverhill, Mass. Dr. Williams' Pink Pills thoroughly cleanse the blood of all impurities caused by the grip, and build up strong tissues capable of resisting the effects of a variable climate. They are equally good for shattered nerves, dispel low spirits and restore sluggish energies. They are sold by every druggist in the world.

A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.
