any statement of any bank account or of any charges whatever and nothing to do with the books. Did I see the same and you will remember several times I cautioned not to mix me up in any way with land office matters. Third, to this I do not know what book entries have made or what you did with cash, or checks, if you ever received any for land service. Nor was I advised by you or did I have knowledge that any part of any cash or receipts was placed either to the credit of our firm or myself.

Judge, you will agree with me, sure these are the facts, and I also sure whatever entries you ever intended I should have any part of such cash or checks, and that you intended that in was in settling accounts between us part of any such moneys or checks should be mine, but your individual property. I had supposed, of course, that you had kept all such books and accounts in your own hands. There is no offense on your part in doing business for any honest people in these land matters. I hope, therefore, you will do me the justice at the next time in giving the **FACTS** just they are and as I have stated them must not get rattled or alarmed.

Will, doubtless, identify the co-ownership articles of 1901 as having been prepared by him. See him at his arrival. Don't be interested until I see you and now, **STRICTLY CONFIDENTIAL**, don't tell Harry, your son, or anyone. Can't immediately on receipt of this anything and come directly to me. Bring with you in trunk, but not your family or anyone know, the company's books, day ledger, of them, also your bank book, as extremely anxious to see for myself personally what the books show. It is important we should talk with Fulton who is to help determine in regard to the case. I hope you can come. If so, don't let a soul know you are coming, not even Harry. If you conclude to come, wire me as follows: "John leaves direct for Washington this evening, Tanner."

Hope you can come **AND IMMEDIATELY**, before you are called again by the grand jury. Sincerely yours,
JOHN H. MITCHELL.

S.—Don't show Harry this letter or tell him anything in it. Don't show our books. Tell him nothing.

S.—Keep all important papers in

safe, and safe and office carefully locked, as these scoundrels will get in if possible.

P. S.—**BURN THIS** without fail.

He Still Denies His Guilt.

Senator Mitchell at Washington gave out the following statement:

"If Judge Tanner ever received any money for any business he transacted for any one in connection with land matters, and placed it to my credit, or any part of it, he did it without my knowledge or consent, directly or indirectly. It was our distinct understanding soon after my election to the senate last time, that I was to have no interest whatever in any business he might do in connection with departmental matters. I have never received with my knowledge or consent, a single penny or any amount whatever for any services rendered by me or Judge Tanner, or by the firm of Mitchell & Tanner of the firm in connection with any land matters or any business before a government department, and this I believe I can establish in a fair trial to the entire satisfaction not only of the jury but of the people of Oregon and the entire country."

In talking about his partner's confession, Senator Mitchell showed no bad spirit, gave no evidence of ill temper or excitement, but when he was asked if, in the light of this confession and corroborative testimony, he would resign his seat in the senate, he displayed considerable spirit.

"Resign! No, I Won't."

"Judge Tanner and all the rest of them can confess as much as they please," he exclaimed; "their confessions cannot hurt me."

"Resign, No, I won't resign. I have not the slightest intention of resigning. I am going back to Portland before the court meets and to face the charges. I don't know what Tanner's confession is, but if he has told the truth it won't do me the slightest injury. There seems to be great interest in my future course just now, especially with regard to my seat in the senate, but I am going to hang on. I am not going to resign. That's what they want me to do; but I'll fool them!"

Other Senators Suspend Judgment.

Senator Mitchell's standing in the senate is not affected by Judge Tanner's confession. He is in the same position now that he occupied after first being indicted. The senate is not ready to hold him guilty or innocent, but will wait for the courts to determine whether or not the indict-

ments were properly rendered.

If Mitchell is convicted it will be incumbent upon him to promptly resign, but until he has been declared guilty by a jury the senate will give him the benefit of the doubt, as it does every senator in similar circumstances. It has done this in the case of Senator Burton, who was not only indicted but convicted. Burton's case is still pending in the court, and until it is finally passed upon the senate will not deny him his membership of that body.

Pretty Safe Rule to Go By.

When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pills. They are sold by all druggists for 25c per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon.

For sale by Dr. S. C. Stone, druggist.

When Your Cold Catches You Just There

There is No Time to Wait.

It is not a "little thing." It's a deadly thing. It will not "get well by itself" if you let it alone. Whiskey and quinine and such things brace you up for the time, but they don't cure you.

Ask any intelligent doctor why you catch cold so easily. He will say, "Because you are a bit run down." He means that the force which nature placed in your body to keep out disease germs—the resistive force—is weakened. The door is open a little way toward disease.

There is not a gravestone in any cemetery in the world caused by consumption or pneumonia or any lung trouble whatever, which did not start with what you call "Nothing but a cold."

A cold should not be beaten back or drugged over—it should be **cured**, and the general health should be built up.

ACKER'S ENGLISH REMEDY

should be taken at the first symptoms of cold. It is a tonic for the whole body, a specific for sudden colds, coughs or sore throats. It doesn't matter where the cold is or how it got there, we know that **Acker's English Remedy** will reach it and cure it. It is sold on a positive guarantee.

NO CURE NO PAY. If you have a cold—no matter how slight—it means something. Take **Acker's English Remedy** at once. Keep it in the house. If it does not relieve you almost instantly, we will refund you the price paid.

"**ACKER'S ENGLISH REMEDY** saved my life. A cough, slight at first, grew constantly worse and I finally had to give up my work in the Knife Factory at Walden. I had frequent bleeding spells. Was examined by local doctors, prominent physicians in New York and at a Medical College. They all pronounced my case hopeless. I began using **ACKER'S ENGLISH REMEDY** and a few bottles cured me. I am today a perfectly well man."

(Signed) **A. H. SIMPSON, Walden, N. Y.**

Acker's English Remedy is sold on a positive guarantee that the purchase money will be refunded in case of failure. 25c., 50c., and \$1.00 per bottle.
