

BINGS LATE HOP CIRCULAR

Reports a Temporary Lull With Bright Prospects

Nurnberg-Saaz, Feb. 1.—(Special to the Capital Journal.)—During the last weeks a rather quiet tone prevailed on our market and enquiry was less active. Prices consequently have slightly given way and are, at the present moment, at buyers' favor.

Stock is in such a small compass as it was never before in the last 20 years. For this reason an advance of prices is expected if weather favorable for beer consumption sets in.

We actually pay per 50 kilos, first costs: First choice qualities, 200@225 marks; good qualities, 180@190 marks; medium to common, 150@170 marks.

WORSE EVERY YEAR.

Plenty of Salem Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't, other kidney ills follow—

Urinary troubles, diabetes, Bright's disease.

A Salem citizen tells you how—the cure is easy.

William M. Spayd, living at the corner of North Winter and D streets, says: "Words cannot express my opinion half strong enough of Doan's Kidney Pills. I have known their remarkable merits for the last eight years, having used them in Clinton county, Mich., where I was living. My kidneys were a source of annoyance for quite a number of years. I had much pain across my loins, and the secretions from the kidneys were irregular in action, causing me to rise often during the night, and at times there was a scalding. I procured Doan's Kidney Pills at Dr. Stone's drug store and gave some to a person visiting us, and they gave her wonderful relief, and in my case I was benefitted in every way. My backache was relieved and the trouble with the kidney secretions was corrected. You are at liberty to refer to me as one who can endorse the claims made for Doan's Kidney Pills. I also know of a great many others who have used them with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Archbishop Ryan's Birthday.

Philadelphia, Pa., Feb. 20.—Archbishop Ryan entered his 75th year to day. In accordance with the expressed wish of the archbishop there was no public demonstration, but all day long congratulations in person or by messenger deluged the beloved head of the Pennsylvania diocese. Few persons outside of those in clerical circles, are aware of Archbishop Ryan's age, as he is hale and hearty and has not a gray hair in his head. He was born in 1831, near Thurles, Tipperary county, Ireland, and attended a private school at Dublin until 16 years old. He then entered Carlow college, where he received his ecclesiastical training and was ordained subdeacon. In 1852 he left Ireland for America and became connected with the archdiocese of St. Louis. At the age of 21 he was appointed professor of English literature at the Carondelet (Mo.), seminary and ordained deacon with the privilege of preaching in the St. Louis cathedral.

On September 8, 1853, he was ordained priest and made assistant pastor of the cathedral, which position he filled until 1856, when he became its rector. In 1860 he was transferred to the Annunciation church, St. Louis, where he remained for 12 years, acting also during the civil war as chaplain of a military hospital and prison. He was consecrated coadjutor bishop of St. Louis in 1872 and while visiting Rome in 1884 was given the honorary title of Archbishop of Salamina by Pope Leo XIII. On June 8, 1884, Archbishop Ryan was removed from St. Louis to Philadelphia as successor of the late Archbishop Wood.

The archbishop enjoys splendid health and spirits and continues to give his personal attention to all the details of his high office. He is an early riser. The first duty of the day is the celebration of mass, which usually

takes place in the little chapel adjoining the cathedral. The first few hours are set aside for the reception of priests and pastors. Two hours following this are accorded to general visitors. Dinner, as a rule is served at 1 o'clock. If the weather is fine in the afternoon, the prelate generally takes a long walk. A spell of illness has prevented this recreation this winter, but with the return of spring the Archbishop hopes to resume his habit of many years standing.

Although a great orator, Archbishop Ryan has put very few of his thoughts in book form. There is one, however, a reproduction of a lecture on "What Catholics Do Not Believe." This was delivered in St. Louis many years ago and has had a large sale in this country and Europe.

Pretty Safe Rule to Go By.

When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pills. They are sold by all druggists for 25c per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon.

For sale by Dr. S. C. Stone, druggist.

Public School Centenary.

New York, Feb. 20.—In all the public schools of Greater New York and also in the City college and Normal college special exercises were held today in celebration of the centenary of the department of education of New York. It is just 100 years since the first free public school was established in the metropolis.

During the eighteen century the only free schools in New York were those conducted by various religious organizations for the benefit of the children of their adherents. To take away the stigma attaching to "charity schools" and to provide instruction for those too poor to pay for it, a meeting of public spirited citizens was held on February 19, 1805, in the house of John Murray, in Pearl street. DeWitt Clinton was the prominent figure. They formed themselves into "the Free School society of New York." On May 19, 1806, the first free school under the auspices of the society was organized in an old mansion on Banker street. It began its career with an attendance of 40 pupils. Today one of the many scores of schools in the metropolis has accommodations for 2500 boys and girls. The expenses of the public school system during the first year of its existence totalled \$500, as compared with the present expenditure of \$22,000,000 annually, which does not include the many millions spent on the erection of new school buildings.

Millionaire Minister Weds Young Girl.

Palm Beach, Fla., Feb. 20.—The most notable wedding of the winter season at Palm Beach took place today when Miss Gwendolyn Whistler of Baltimore, a relative of the great American painter of the same name, became the bride of the Rev. Richard Lewis Howell, known as the richest clergyman in the world. The wedding took place at the winter cottage of the bridegroom and was a function of great brilliancy. The guests included prominent persons from Baltimore, Pittsburgh, Philadelphia, Jacksonville, St. Augustine and a number of other places.

Dr. Howell is 51 years old, while the bride has not yet reached her 19th year. Dr. Howell's first wife was Miss Mary T. Rush of Pittsburgh, and upon her death Dr. Howell inherited her large fortune, which has vastly increased under his management. A year ago he created a sensation by purchasing three of New York's most fashionable apartment houses for nearly \$5,000,000. He maintains five homes in Washington, Virginia and Palm Beach and has a splendid steam yacht. He is a son of the late Andrew Howell of Wheeling, W. Va. He has occupied pulpits in Pittsburgh, Philadelphia and several other cities, but at present is without a charge.

Cleveland Auto Show.

Cleveland, Ohio, Feb. 20.—Under the glow of thousands of electric lights the third annual exhibition of the Cleveland Automobile club opened at the Gray's armory today with the largest and most magnificent display of motor vehicles ever exhibited in this state. Automobiles of every price and description, and all that pertains to

100 Doses For One Dollar

Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is

Hood's Sarsaparilla

It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.

"I have taken Hood's Sarsaparilla and found it reliable and giving perfect satisfaction. It takes away that tired feeling, gives energy and puts the blood in good condition." MISS EFFIE COLONNE, 1533 10th Street, N. W., Washington, D. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

them, are on display. While the major part of the exhibit is devoted to the automobiles and accessories manufactured in Cleveland and vicinity, numerous outside manufacturers are represented by their latest models. In the department devoted to material all of the tire manufacturers are represented, this being one of the first local shows in the country graced by their patronage. The exhibition affords an excellent opportunity for the study of all varieties of automobile parts and the myriad inventions and improvements of which the last year has been productive. The exhibition will continue through the entire week.

THINK IT OVER.

Something you Can See in Any Restaurant or Cafe.

A physician puts the query: Have you ever noticed in any large restaurant at lunch or dinner time the number of hearty, vigorous old men at the tables; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray, but not of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson, which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not munching bran crackers or gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food, and not upon dieting and an endeavor to live upon bran crackers. There is a certain class of food cranks who seem to believe that meat, coffee, and many other good things are rank poisons, but these endavorous, sickly-looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantities any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress, one or two of Stewart's Dyspepsia Tablets after each meal will remove all difficulty, because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and nux.

Stuart's Dyspepsia Tablets do not act upon the bowels, and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly, and thus giving a much-needed rest and giving an appetite for the next meal.

Of people who travel nine out of ten use Stuart's Dyspepsia Tablets, knowing them to be perfectly safe to use at any time, and also having found out by experience that they are a safeguard against indigestion in any form, and eating, as they have to, at all hours and all kinds of food, the traveling public have for years pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full-sized packages, and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

With Keystone Company. C. E. Skidmore, of Willamette University, has accepted a position with the Keystone View Company, as district manager, and is to be located at San Francisco.

Kenneth Frank returned to Salem this morning, after spending Sunday with his parents in Albany. Mr. Frank is working for the S. P. bridge gang near this city.

The Only Firstclass Eating Place in the city.

Regulators and all will receive courteous attention. French dinners and oysters any style. Come and see.

If you want a safe medicine for all family ills you cannot find anything better than the Bitters. For over 50 years it has been curing such ailments as Indigestion, Dyspepsia, Constipation, Sick Headache, Female Disorders, Chills, Colds and La Grippe without failure. Try it and see.

HOSTETTER'S CELEBRATED STOMACH BITTERS

as time as called at the end of the last half, the score stood 15 to 15, but, under the rules, a tie game cannot be played, and the game was continued until one team scored two more points. Dallas threw a foul, scoring them one, and then succeeded in getting a field goal, counting two more, which resulted in the final score.

It was a fast game throughout, probably the closest contested of the season, and, although defeated, the local boys put up a game to be proud of, and feel sure that in another contest of the kind they would reverse the order of things and be victors.

A Business Change.

The Center saloon, which has been operated for several years at 221 Commercial street, has been bought by the undersigned, and will be conducted in first-class order. All old and new patrons made welcome.

2-14-1f RALPH SWARTS.

DON'T GET OLD

Before your time. Proper care of your stomach and diet will keep your health good. In this particular the Will Rose flour is a known enemy of dyspepsia, as it makes the best of food, white, sweet, nutritious bread—it is the housewife's favorite.
