

A CREAMY FOOD
 Scott's Emulsion is cod liver oil prepared as a food—not a food like bread or meat, but more like cream; in fact, it is the cream of cod liver oil. At the same time it is a blood-maker, a nerve tonic and a flesh-builder. But principally it is food for tired and weak digestions, for all who are fat-starved and thin. It is pleasant to take; children like it and ask for more.

PRISON CHARGES REPORTED

Findings of the Legislative Committee in a Nut-shell

There is considerable interest in the recent legislative investigation at the state prison, as some pretty rank charges of misappropriation of funds were rife, and now that the committee has completed its work all will be glad to know what was found. It has been stated that the whole matter was instigated by malice, but however that may be, here is the first paragraph of the report which contains the milk in the cocoanut. The remainder of the report is largely given to statistics and other data, but has little bearing upon the committee's opinion of whether the officials were guilty of a serious offense or not. This part of the report says: "We have given opportunity for the prosecution and defense to present their sides of the matter, during the limited time at our disposal, and from the evidence before us, we find that the superintendent of the penitentiary with the approval of the governor, expended approximately two thousand dollars (\$2,000) for the purchase of furniture and fixtures, used for furnishing the homes of the superintendent, the first warden and reception room at the penitentiary, and that such expenditure was made from the betterment fund rather than the penitentiary fund, upon the advice of the attorney general; the articles, however, having been purchased but not paid for, prior to said advice being given. We find that at said time the furniture in use in said buildings, owned by the state, was dilapidated and worn and unfit for use and that in our judgment at said time, this expenditure was necessary for the best interests of the state. In our judgment, however, this was in violation of the statute creating the betterment fund, but was without any wrongful intent.

M. B. Briggs and Elmo Neil, of Ashland, who have been among the clerical staff at the legislature, are spending a few days in Portland.

ENJOYING THIS LIFE

Spending His Fortune So Heirs Cannot Quarrel

One admires the wisdom of Stephen B. Roath, of Norwich, Conn. By industry and the methods of trade he amassed millions. Like most men of wealth he had his experiences with the courts of the land. And he found that a great fortune and a tightly drawn will mean a lawsuit as soon as the body of the late lamented has been placed in a tomb and the relatives down to the fourth generation have had time to don their fighting clothes. Stephen Roath is giving his money away while he is yet among the living. He has been able to overcome that rich man's prejudice against parting with money while the lamp of life still burns. If you are not rich you cannot appreciate what a mountain that prejudice is, or how many hypochondriacal millionaires there whose dreams are filled with visions of the poorhouse. He overcame that and he also overcame the desire to pile up more wealth. He gave away a million dollars and got solid enjoyment watching the joy of those whom he had made beneficiaries. As ago overtook him he distributed another million. He proposed to leave very little for his heirs to quarrel over. Who shall say that his is not the wiser course? He will die comparatively poor. Not all of those whom he has benefitted will make good use of their wealth, but at least there will be blessed peace, and those who would attack the reputation of the dead will have their troubles for their pains.

Fiendish Suffering
 is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at J. C. Perry's drug store; guaranteed.

NAGGING PAINS

Newport News, Va., July 22, 1903.

Last summer while recovering from illness of fever, I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I cheerfully recommend S. S. S. to any one suffering from Rheumatism. 913 32d St. CHAS. E. GILDERSLERVE.

Rheumatism is caused by uric acid or some other acid poison in the blood, which when deposited in the muscles and joints, produce the sharp, cutting pains and the stiffness and soreness peculiar to this disease. S. S. S. goes directly into the circulation, all irritating substances are neutralized and filtered out of the system, the blood is made pure and the general health is built up under the purifying and tonic effects of the vegetable remedy. Write for our special book on Rheumatism which is sent free. Our physicians will advise without charge all who will write us about their case.
