

**TEDDY NOT BAD SAYS MR PAGE**  
 Famous Southerner Thinks President's  
 Errors Are of Head, Not Heart.

The worst that can be said of Mr. Roosevelt, and it may be said, is that at times he possibly manifests a tendency to overestimate the power of the President, and apparently to exercise his power as though it were a personal power, and to act somewhat as though he were in danger of forgetting that he is not a ruler but a chief magistrate, with his rights and his powers as clearly defined and also as clearly limited as those of any private citizen. He has even been likened, on some accounts, to the most exuberant, picturesque and anachronistic ruler in Europe. His error in this respect leads him, now and then, into acts inconsistent with his real dignity, as when, with a show of personal resentment, he has undertaken to use his great position to vindicate his authority in a manner perilously close to the border line of personal anger. . . . If Mr. Roosevelt shows a tendency to aggrandize his office, he does not necessarily aggrandize the man in office. He is the most natural and simple of men in his tastes. If the doors of the White House are surrounded by more officials, and if more gold lace is in evidence within its portals than can be recalled than in any previous administration; if the President must be taxed with what appears to us, who know the history of Republican government and are jealous for its preservation in full perfection, an undue militarism, Mr. Roosevelt in his personal habits is as democratic as any President who has presided there in our time. Indeed, with a reputation for a tendency to such militarism he has taken more steps to ward off the peril of war than one of his predecessors in the negotiation of arbitration treaties with the governments of the Old World. It is reported that he treasured a former constituent who expressed some apprehension that he might with his military ardor lead the country into war, by putting the simple question: "You think I would do that and I shut up the White House?"—Thomas Nelson Page, in the Metropolitan Magazine for March.

**HALL'S**  
**STOMACH**  
**BITTERS**

If you want a safe medicine for all family ailments you can not find any thing better than the Bitters. For over 50 years it has been curing such ailments as Indigestion, Dyspepsia, Constipation, Sick Headache, Female Disorders, Chills, Colds and La Grippe without failure. Try it and see.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.

Sold by Druggists, 75c.

**Drummond in Penitentiary.**  
 Otis Drummond, the Portland boy bandit, was committed to the penitentiary yesterday, and will have eight years to serve for his misdeeds. His mother is said to have appealed to the governor for a pardon without avail, as there would be no reason for such an action.

**RAD BREAKS THE CAUSE**  
 Roosevelt's Error in Handling South  
 Carefully Discussed by Thomas  
 Nelson Page.

Three or four acts of the President, to the outside world apparently not very important, contribute to this unhappy misunderstanding which has arisen. As they all appear to be in one line and have had a disastrous effect, possibly they may not inside quietly be characterized as blunders. Yet that he has made them all naturally, must be admitted by those who know all the conditions surrounding them. The first was inviting to his table a negro. The second was the removal of a postoffice by way of punishment of a community because a negro postmistress had been intimidated into resigning the office. The third was the appointment of a negro as the collector of the Port of Charleston, the proudest, most aristocratic and most sensitive city in the country, and his reappointment, again and again, after the senate committee had refused to confirm him. The fourth was the shutting down on the movement to establish in the South a White Republican party. The fifth, a sentence in a speech on Decoration Day in which he was reported to have referred to the Confederate soldiers in connection with anarchists. It may be said at once that this sentence was misinterpreted. Finally, and giving edge to all these, was the poignant disappointment of the South that the President, half Southerner as he was, should so little have understood her condition and her needs.—Thomas Nelson Page in the Metropolitan Magazine for March.

**Pretty Safe Rule to Go By.**  
 When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pills. They are sold by all druggists for 25c per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon.  
 For sale by Dr. S. C. Stone, druggist.

**MALARIA**  
**IN THE SYSTEM**

Holly Springs, Miss., March 21, 1906.  
 While building railroads in Tennessee, some twelve years ago a number of hands contracted fever and various forms of blood and skin diseases. I carried S. S. S. in my commissary and gave it to my hands with most gratifying results. I can recommend S. S. S. as the finest preparation for Malaria, chills and fever, as well as all blood and skin diseases. W. L. MCGOWAN

I suffered greatly from Soils, which would break out on different parts of my body. I saw S. S. S. advertised and after using about three bottles I was cured, and for the last three years have had no trouble whatever. A. W. ZIEGLER,  
 217 Road St., Evansville, Ind.

They began using your S. S. S. probably ten years ago for Malaria and blood troubles, and it proved so good that I have continued ever since using it as a family remedy. It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and cure for Malaria.  
 C. C. HEMMINGWAY,  
 Ark. Ark. Ark.

Soils, abscesses, sores, dark or yellow complexion and debility are some of the symptoms of this miserable disease. S. S. S. counteracts and removes from the blood all impurities and poisons and builds up the entire system. It is guaranteed a purely vegetable remedy. Write for medical advice or any special information about case.

**Wheeler County Shortage.**  
 The first act of wrong doing by a county official of this county, was bought under the line light last Monday by the filing of the report of the expert accountants, Clark and Buchanan, who have finished the examination of the county records.

In this report it show that Sheriff P. L. Keeton is short in his accounts \$4728.42 since he has been in office. Mr. Keeton has been a resident and citizen in what is now Wheeler county for over thirty year. His terms of office date from the organization of the county. Three times he has been elected sheriff by popular vote winning over all opponents against him by a handsome majority.—Mitchell, Ore. News.

It is stated that the shortage is due to a deputy county official who is a gambler and partly made up of uncollected taxes.
