## Commercial Club Passes Resolutions Relating to New High School

## Decide to Hold Convention of Willamette Valley Club at Salem

The Greater Salem Commercial Club met last night in the police court room in the city hall.

The following resolutions were introduced and adopted:

Resolved, By the Commercial Club that we approve the determination of the school board to construct a high school building that shall be a creditable public building for the Capital City, and that we favor construction of pressed brick and of home manufacture, if the same can be had in good quality and at terms satisfactory to the board.

Mr. Gray said in support of the resolutions that Burton Bros, in this city, make brick of just as good quality as any to be secured anywhere. He said they only make one color it is true, blood red, but this put up with black mortar makes just as pretty a building as could be desired.

Resolutions which were passed by the McMinnville Commercial club, suggesting a Willamette valley convention of commercial clubs to be held in Salem, were read and the matter was discussed by the members present. Hon. Frank Davey spoke of the advantages of such a convention during this year.

On motion of Mr. Gray, Col. E. Hofer, Hon. Frank Davey and Mr. Stockton were appointed a committee of three to take up this matter and open negotiations with the McMinnville club.

Frank Derby reported on the subject of getting reduced rates from Portland to the valley cities, that very little was accomplished, but something would be done if the matter was taken up in the district convention and a united effort be made by all of the clubs.

It was suggested that the district convention should be held before the meeting of the Oregon Development League, which is to be held in Portland and after discussion of the subject it was decided that this would be the best plan.

Mayor Waters stated that he had received a letter from the railroad officials since the committee on railroad rates met, and that, from the letter, he believes that it would be possible to get low rates by some good active work. He also said that the railroad had in view a plan for a train running from Salem to Portland in the morning and returning late at night.

Mr. Stockton made a few remarks, comparing the enterprise of California towns with Salem, and said that the only way to live the city will be to clean it up, improve the streets and yards, so that it will be in a presentable condition when the visitors do come, so that they will find a city, and not a village where the people are wading around in the mud.

Mr. Dancy, of the Telephone Company, stated that the delay in the new exchange, which is being installed, has been caused by lack of material, and that the building is completed and the work will be continued upon the arrival of the material. He also stated that, after the underground wire work is installed the telephone poles will be taken down in the business part of the city, and those in the residence portion of the city will be placed in the alleys and all painted.

The following resolutions were introduced and adopted:

Resolved, That the Commercial Club favors such action by the city council as will result in the earliest possible improvement of South Commercial street from the old city limits to the northern limits, to connect with the Liberty crushed rock road.

### Corbett and Nelson Fight.

San Francisco, Feb. 28.—All eyes in the sporting world are turned toward San Francisco. In this city tonight, in the arena of the Hayes Valley Athletic club, "Young Corbett" and "Batling" Nelson, the two foremost fighters of their class, will meet for the second time to settle the question of supremacy. To close followers of the fighting game no battle of later days will be more interesting.

As a betting proposition the fight promises more than any mill that has taken place here in a long time. At present Nelson rules a favorite at odds of 6 to 5. This indicates that notwithstanding the fact that Corbett was decisively beaten by Nelson several months ago, he is by no means considered easy game for the Dane. In fact, his admirers are inclined to throw the previous match out in figuring the merits of the fighters, for they consider Corbett at his best an equal to Nelson. Of course, Nelson is not underestimated by the wise ones, so considering that both will be at their best when the gong calls them into the ring tonight, there will be much money staked on both sides.

Reports of the most confident nature emanate from both training camps. Corbett has finished his work of preparation at San Rafael, and those who have been in closest touch with him declare that he was never in better condition for a fight. The Denverite has had the advantage of mixing it up daily with Joe Gans, than whom no clever fighter is in the business today. Nelson has trained in his usual conscientious manner and as a result appears to be in the pink of condition.

All things considered the fight promises to be a rattling affair from start to finish. Among the sporting fraternity interest in the bout is at fever heat and when time is called tonight there is not likely to be an unoccupied seat in view of the ring.

### MERCHANT OF VENICE.

Jessie Southwick Will Present Shakespeare's Great Play Tonight.

There will be given the people of Salem to night an opportunity of hearing a really great artist in Shakespeare's great comedy, "The Merchant of Venice."

Nothing can be said that will either add to or detract from Mrs. Southwick's reputation as an interpreter of dramatic literature, and it is not the intention of the writer to do either, but we want the people of Salem to realize the great opportunity that is offered. This much we offer. If anyone who hears Mrs. Southwick tonight is not entirely satisfied with her work, they can get their money back freely. Remember the price for any seat in the house is 50 cents. Children, 25 cents.

### "Queen Esther" at Albany.

Prof. Martin E. Robinson, who so successfully directed the large choruses which rendered "Queen Esther" and "Belshazzar" in Salem last year, is at present drilling a chorus for "Queen Esther" in Albany. The leading parts are all taken by Albany people. Mrs. H. A. Nelson, as Esther, the queen, is one of Albany's sweetest singers. Some of the other soloists are: Ahasserus, the king, H. A. Nelson; Haman, S. N. Steele; Zeresh, Mrs. F. P. Nutting; Medecai, Albert Westgate; Mordecai's sister, Lulu Jones.

# How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

Business men of Marshfield are becoming interested in baseball, and are agitating the question of organizing a team. There is much good material to choose from, and it is thought a good team could be organized, and with the aid of surrounding towns, perhaps a small league could be started.
