## BUTTER

NEVER FAILS IN QUALITY

MANUFACTURED BY

Commercial Cream Company.

SALEM,  
LYONS,  
LEWISTON,

OREGON  
OREGON  
IDAHO

### Three

Reasons why "Cascade" Butter is better than "ordinary."

First—Because all cream is pasteurized and cleanliness is the watchword in every step of its manufacture, therefore Cascade Butter keeps of good quality twice as long as "ordinary" butter.

Second—Because it is made fresh every day and is not over 48 hours old when it reaches the table.

Third—All our cream is graded, and nothing but the best quality is made into

CASCADE BUTTER

### Some Grocer

May offer you foreign butter 10 days old for 5c less a roll, and tell you it is just as good as "CASCADE."

IF SO, WHY DOES HE OFFER TO SELL FOR 5c LESS?

WE DESERVE

The trade of Salem people because we are a home concern. We distribute about \$10,000 per month among the farmers within 25 miles of Salem. This is probably more than the pay roll of the largest manufacturing concern in Salem.

### BOLISH "SLING SHOTS"

#### North Salem Residents Hold Mass Meeting in Protest Against Catapults

More damage can be done by one boy, armed with a sling shot, than by three Tracys," is the verdict returned at a mass meeting of the residents of North Commercial street, last night, which was called to discuss some mode of abolishing this pest in that neighborhood. At a certain season of each year, usually in the spring time, when the birds begin to reappear from their winter quarters, the small boy of every community begins to "rustle" for nickles which to buy "sling shot rubbers." These procured, he sets about hitting up every young tree or bush that locality, in search of a suitable "rag" to complete the manufacture of his implement of war. He then takes a pocket of leather out of a shoe, and an old one cannot be procured, one of his new ones will do, that is if he

is able to secure it and smuggle it from the house, then the dog is chastized for carrying it away, and the sling shot completed. Rocks also are usually hurled by this miniature catapult after the luckless canine.

This season is in full swing in the neighborhood mentioned, and the glaziers have been hiring extra help to assist in replacing broken windows. Last night, when human nature could stand no more the persecuted citizens rose in revolt, and have announced their intention to abolish this nuisance, even at the cost of their lives, and, from the present indications, it will not fare well with the first young hopeful in whose possession one of these satanic inventions is found.

This is the season of the year when you must be careful of your hands and face. The cold, raw winds which blow from the four points of the compass chap the skin—Rose and Cucumber Jelly is the only preparation which will protect the skin and prevent it from being rough.

If your face is tender—if it become rough and red—one application of Rose and Cucumber Jelly will effect a cure. It beautifies your complexion, keeping the skin velvety and fresh. All druggists.

Burgess Ford, a student of Williamette University, spent Sunday with friends at Eugene.

### MOVE WEST SCHOOL

In pursuance of a petition, which was circulated last week, in the vicinity of the West Salem school, a call was made, and a meeting held in the school building last night for the discussion of the advisability of moving the school from its present site.

Temporary organization was formed with E. C. Crossan in the chair, "temporary" being the proper expression, considering the fact that there was no sign of organization a few minutes after the discussion began, and the purpose of the meeting put before the house. The trouble then began. Every one wanted to speak at the same time, and didn't want anyone else to have a chance, the chair was completely ignored, and pandemonium reigned.

No motion was put before the meeting throughout the evening, except an indefinite postponement, which was carried, although it is quite evident from the attitude taken by the majority present that the school will ultimately be moved.

#### Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At J. C. Perry's drug store; 50c and \$1.00; guaranteed. Trial bottle free.

#### Health Board Meets.

The city health board met last night in regular session, in the police court room of the city hall. All members were present and a lively meeting was held, the discussion of the evening being the needed improvements in the sanitary condition of the city. The resolutions introduced by Chairman Stok, in regard to the city health ordinance, at the last meeting of the board, were discussed, and will be presented to the council this evening.

#### Got Off Cheap.

He may well think he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at J. C. Perry's drug store; guaranteed.

### INSPECT MILITIA COMPANY

Adjutant-General W. E. Finzer, O. N. G., has issued orders through the captains of the National Guard companies for annual inspection, to be held during this month at different dates for the different companies. Company M, of Salem, will be inspected Friday evening, Company G, of Albany, will "get theirs" tomorrow night.

Colonel James Jackson, United States army, retired, on duty with the organized militia of this state is designated by General Finzer to make the inspections, who will attend to the inspection in this city himself, as will Col. Calvin U. Gantenbein, Third infantry, O. N. G.

It is rumored that the trophy won by Company M, at the Portland rifle shoot will be brought up by the Portland officers, and the formal presentation made to Captain Murphy and Company M, although this is not an assured fact. Even though the presentation is not made next Friday, the inspection itself will be well worth attending, and the general public are invited to be present.

The inspection will be made with the company attired in blue uniform, campaign hat and leggings.

### SOCIAL EVENTS

### SHORTY SAVED THE COW

"Shorty" Redmond, Salem's pioneer street car man, now smokes good cigars, or rather he is entitled to smoke good cigars, whether he does or not. He had the good fortune Sunday morning to be able to render August Huckenstein an invaluable service. He was on his regular run, when, upon reaching the other side of the bridge across North Mill creek, he observed that a cow had fallen to the ground, badly tangled in the rope with which she had been tethered, and was nearly choked to death, and unable to move. "Shorty" quickly shut the power off the car and alighted, leaped the fence, and had the cow released and breathing again just in time to save her life. The bovine is quite valuable, and Mr. Huckenstein says that he would not part with her, and is therefore duly grateful to "Shorty." Hence the cigars.

#### To the Public.

You are respectfully requested to call on the undersigned and satisfy yourselves that the wines, liquors, cigars, etc. at 221 Commercial street are the best in the city. New patrons, as well as old, will receive the best attention.

RALPH SWARTS.
