ALLEGE ALSO ACCOUNT

Step Daughters of O. G. Savage Ask Court to Re-open Estate

ALLEGE Annie M. Johnson and Effie J. Reid have filed complain in the circuit court against their step-father, O. G. Savage, claiming the final account which he filed, and was approved in the county court, as administrator of his wife's and plaintiffs mother's estate, was fraudulent and false.

Plaintiffs set forth in their complaint that Loretta E. Savage died intestate, December 12, 1902, leaving an estate valued at about \$17,500, and that defendant was appointed administrator. They allege that, for the purpose of cheating them, defendant told them that the personal assets of the estate were exhausted by the debts against the estate, and that the real property would have to be sold to meet debts amounting to \$1075.85, unless they paid the amount out of their own private funds. They allege that, in order to do this, they collected money due them in California, and deposited it in the bank, in the sum of \$1700, subject to defendant's order, and that he paid the debt amounting to \$1031.30, and another of \$75.85, with drafts against Annie M. Johnson; then drew out the sum of \$91.05 in various other checks, which sum he converted to his own use.

The plaintiffs also allege that when the final account was filed and notice of objections published, that plaintiff had them published in the Salem Sentinel, and that neither of them were subscribers, and did not know that the account had been filed, although living in the same house with defendant.

Plaintiff asked the court to set aside the order of the county court approving the final account, and reopen the estate and to require defendant to render a just and true final account. They also ask that they be permitted to present their claim for \$1296 against the estate and ask judgment in the sum of \$1031.37, \$75.85, \$391.05 and \$500, and that defendant be required to pay all claims against the estate from the income thereof, and ask that he pay the costs and disbursements of this action. Chamberlain & Thomas and M. E. Pogue are attorneys for plaintiffs.

LARGE REBATE ON TAX

Sum of \$6150 Allowed Tax-payers Who Were Prompt

Last night when Sheriff Culver's office was closed, the time in which the 3 per cent rebate was allowed on the payment of taxes expired. The sum of \$165,000 has been received for in that time, and fully \$40,000 is deposited besides in checks and money, which has not been received for yet, making a total collection of about \$205,000. The rebate of 3 per cent, which had been allowed on this sum will probably amount to about \$6150.

Although the rebate is at an end, 15 days' grace still remain in which to pay the tax without being penalized, but if a payment of at least half the total amount of the individual tax is not made by the first Monday in April, a penalty of 10 per cent will be attached to the taxes, which will draw interest from that date at the rate of 12 per cent. If half of the taxes are paid before the first Monday in April no penalty will be attached until the first Monday in October, when it will go into effect if the remainder has not been paid. A great many taxpayers are taking advantage of this offer, and over 100 have paid only half of their tax, and are taking time on the other half.

Aurora City Election.

Aurora, March 16.—The city election held here Tuesday resulted in electing most of the old officers. J. G. Miller, George Kraus, William Giesy, A. F. Will and A. C. Snyder were elected councilmen; A. H. Giesy, recorder; A. H. Will, treasurer, and Charles Mattocks, marshal. The main issue was whether the council should be authorized to borrow \$500 to help pay for a city water works system, but it was snowed under, there being a strong sentiment against running in debt.

To the Public.

You are respectfully requested to call on the undersigned and satisfy yourselves that the wines, liquors, cigars, etc. at 221 Commercial street are the best in the city. New patrons, as well as old, will receive the best attention.

Clubs Cut Out.

Victoria, B. C., March 16.—The elasticity of the British Columbia benevolent societies act, under which a number of gambling and illicit drinking "clubs" have flourished immune from prosecution here, and at Vancouver, was made an end of by the legislature yesterday, power being given the government to cancel the incorporation of any organization of a social character under the act, which may appear to have used the act as a cloak to escape the general law.

Probate Matters.

A. O. Condit, executor of the estate of Elizabeth T. Boise, deceased, has filed his final account in the county court, and the matter has been set for hearing April 15th.

The appraisers of the estate of E. A. Stone, deceased, have filed their report with the court, setting the value of the estate at \$4760.73.

POLK ARTESIAN WELLS

Artesian well talk, started by the flow of water discovered at D. L. Hedges' place, brings out the fact that artesian veins are to be found in Polk county. Mr. Bentley, at Monmouth, has a well in which water is forced to the top of the ground the year around, says the Enterprise.

A. R. Lewis has a genuine artesian flow at his place in Airlie. His well was dug through 37 feet of solid rock. It was drilled by Lou Stapleton in July, 1902, and the flow is as strong today as when it was first dug. It is a small stream, but affords all the water needed for ordinary purposes. When other water sources were dried up last summer, this well afforded water for six head of horses during the dry spell. When piped it sends water six feet above the ground, but, for convenience, has a pipe crooked about a foot above the surface, and to get a bucket of water he only needs to set his pail under the spout and turn a shut-off. This water is strongly impregnated with mineral, containing two kinds of salt. It is transparently clear, and said a neighbor of Mr. Lewis, "I would not take \$1000 for the well if it could be transferred to my place."

A treat to the cigar smoker will be a treat indeed if you give him one of those fine La Corona cigars, manufactured only by Aug. Huckestein, of this city. For sale by all dealers. Try them.

Notice to Alter and Establish Street Grade.

Notice is hereby given that an ordinance to alter and establish the grade of Commercial street in the City of Salem, Oregon, from the south line of the donation land claim of William H. Willson and Chloe A. Willson, his wife, claim No. 44, to the south boundary line of said city, was introduced in the common council of said city and read the first and second times and referred to the committee on ordinances, on the 7th day of March, 1905, and all persons interested are required to appear and show cause why said ordinance should not be passed, on or before the next regular meeting of the common council, on the 21st day of March, 1905.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

New Death House at Sing Sing.

Ossining, N. Y., March 15.—Work was begun this week on the new \$40,000 death house at Sing Sing prison. The present death house, which accommodates only 13 prisoners, will be torn down, and this new one will have 40 cells.

The building will be the finest of the kind in the country. It will be constructed of brick and stone, and will have a glass-covered court and promenade, where condemned men may take exercise at the discretion of the warden. No changes in the methods or appliances will be made in the new chamber. Under the present system a murderer is pronounced dead 70 seconds after he is led into the room, and it is the opinion of the prison officials that this arrangement is as expeditious as it is possible to make it. The last man put to death in the present chamber will be Martin Ebel, a young man of Mount Vernon, who strangled his wife with a shoe string and hid her body in a sewer. He will die on April 10th.

Learning By Experience

An investment last winter and spring of \$78 in advertising space in two agricultural publications put \$2,400 in a farm boy's pocket. He advertised seed corn. It was the first publicity purchasing he ever did, and naturally he went about it in that diffident, incredulous manner which is of considerable assistance to the "new man" in killing trade. Still he made money and, what is more important when philosophically considered, learned to appreciate the value of printers' ink.—Agricultural Advertising.

If there are any doubting Thomases among our merchants, they should advertise in this paper. It reaches the buyers in town and the adjacent territory.
