A GOOD DEAL OF NONSENCE.

Every drop of blood, every bone drawer: good as new; at a bargain, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the Court street, Salem, Or. 3-20-1w idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease, or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cath-

WASTING AWAY It's the small but constant loss of flesh that indicates physical waste-the gradual slipping away of healthy flesh, pound by pound, which no ordinary food seems to restore. Scott's Emulsion will restore it. This Emulsion is the greatest flesh builder obtainable. Scott's Emulsion first stops the wasting-that's one gain. Then when it supplies new flesh and takes one back to normal strength and weight, that's another gain and a big one.

### Friday and Saturday Bargain Days

Always bear in mind that it is not how much we can get for our goods, but how cheap we can sell them is our idea of doing business. Quick sales and little profit and a big volume of business is what we are after. If we buy an article that is worth one dollar and that we can sell for 25 or 35 cents, out it goes. Do your trading at the always busy store. Prices cut to the quick Friday and Saturday.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs, and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomnch.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well. Prevention is better than cure, and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists. The
