OVERTAXED.

Hundreds of Salem Readers Know What It Means.

The kidneys are overtaxed. Have too much to do. They tell all about it in many aches and pains.

Backache, sideneche, headache. Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

A Salem citizen tells here a certain cure.

G. S. Cooper, farmer, living three miles northeast of Salem, on the Garden road, says: "I very often lifted heavy weights, but has since regretted having done so, as the result was that I strained my back, and ever after had more or less trouble from dull aching pains across my loins, and other symptoms of kidney complaint. In some way Doan's Kidney Pills were brought to my notice, and the first time I went to town I dropped into Dr. Stone's drug store, and inquired about them. I was told that they were highly recommended, and advised to give them a trial. I did so. And, while I did not follow the treatment as regularly as I should have done, being a poor hand to take any kind of medicine, the benefit I derived from their use stamps them as a remedy which acts fully up to the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name--Doan's--and take no other.

A GOOD DEAL OF NONSENCE.

About "Blood Purifiers" and "Tonics."

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease, or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs lack, and, unless the deficiency of pepsin and diastase is supplied, it is useless to attempt to cure stomach trouble by the use of "tonics," "pills," and "cathartics" which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs, and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well. Prevention is better than cure, and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

Expect a Spouter.

The Silver Lake Artesian Well Company has commenced boring for water on the land owned by F. M. Christman, a short distance west of town, says the Silver Lake Oregonian. A large vein of water was struck at the depth of 20 feet, immediately after 12 feet of hardpan had been gone through. The well is now down 25 feet, and the company is confident that artesian water will be found within 100 feet of the surface.

Twenty Years' Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation or exposure, causing weak and watery blood and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong, steady nerves and increasing the strength, producing solid flesh at the rate of 1 to 3 pounds per week. This means health. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box or 3 boxes for \$2. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures, which we have been for sale by Dr. S. C. Stone, druggist.

Skeletons in Cave.

Victoria, B. C., March 29.--News was received by the steamer Queen City from Vancouver Island coast of the discovery by a prospector of a cave on the seashore between Quatsino Sound and San Joseph Bay, at the north end of Vancouver Island, in which 40 skeletons were found. The prospectors found some of the skeletons intact. Some of the skulls were broken.

It is possible that the cave was the burial place of an Indian tribe, once numerous in that district.

Is After Mineral Exhibit.

D. H. Weyant, general agent of the Lewis and Clark exposition, gathering the mineral exhibit, an old Salem man, is in the city closing up his work in connection with the Gold Creek mining district. He says he will have about three tons of ore from that section, but that the Marion county mines exhibit, as a whole, will not be fully what it should be.

No Other Remedy

Can take the place of the celebrated Hostetter's Stomach Bitters in the thousands of homes in which it has once been used. They know its value as a remedy for all family ills, and consequently are never without it. It positively restores the appetite, builds up the run-down system and cures Dyspepsia, Indigestion, Constipation, Biliousness, Headache, Spring Fever, Colds, La Grippe, Malaria or Female Disorders. We urge a trial.
