**A HOUSECLEANING QUERY.**

The trouble is coming. Trouble is headed for your house, armed with mops, brushes, dust rags, bars of soap, piles of scouring; the air is full of the infernal odors of soap-suds, and the guns are loaded to the muzzle with the ammunition of spring housecleaning.

This editorial is written by a MERE MAN. It is necessary to be thus personal to elucidate the point of view.

Why does a woman clean house spring and fall? Isn't the daily and weekly dusting, scrubbing and general discomfort sufficient for all purposes? It would seem so.

But just about the time the bluebirds come, and the pussy willows are at their best, your wife decides that the house must be ripped from center to circumference. If you don't like it you can move. If you do take up quarters in the barn you are a flinty hearted wretch, and don't you forget it. There isn't much that you can do, except to say the things that you think. Later you may be allowed to beat the carpets, but you cannot hope to compete with the hired man at that task, and if you are particularly pleasant you will be allowed to wear out your knees and temper while pulling tacks. If you have never removed tacks from a hardwood floor with the back of a can-knife, you have not experienced real life, but you are to be congratulated.

But why all this fuss? The home looks fine. There may be a little dust under the lounge, and the wall paper needs a lick or two at the hands of the cleaner, but beyond that what moans it?

Microbes live in dust. They bother the human family little until the dust is stirred and scattered. Why not leave well enough alone?

We have in mind a good woman who moved into a new house on April 1st. The carpenters had left it clean. You could dine off the floors and sup in the garret without fear of dirt. And the good woman moved, AND HER FIRST ACT WAS TO CLEAN HOUSE. Why do they do it? We will admit that we are stumped!

**MACADAM STREETS.**

The movement now on in this city to secure macadam streets should be encouraged.

Many of the best residence parts of Chicago, San Francisco and Berkeley are built of broken rock.

These cities use a variety of limestone, build the streets narrow and put in good curbs and gutters.

The streets of Salem are too wide to ever get good results from any kind of pavement that has to be kept clean.

The objection to macadam streets is that it is not easily cleaned. But this is overcome by the fact that our traffic is light.

Well constructed macadam streets would be kept quite clean in winter by rain and in summer sprinkling.

There is plenty of good material for the construction of macadam streets, and that plan should be tried.

If the asphalt people or the bitulithic people want to put down some of their pavement no obstacle should be put in the way.

But for heaven's sake let us have some kind of street improvement besides the old-fashioned and unsatisfactory unseasoned river gravel.

Baker City business men and officials are trying to have the Chicago Business Men's excursion visit them on their Western junket.

"The way to wealth, if you desire it, is as plain as the way to market."

So said wise old Ben Franklin one hundred and fifty years ago. It is as true today as then.

He points the way with this homely advice: Be honest. Work hard. Save some.

OUR SAVINGS BANK DEPARTMENT WILL HELP YOU SAVE. "Remember," said Franklin, "that money is of a prolific, generating nature. Money begets money, and its offspring can beget more, and so on."

We receive deposits of one dollar or more any time, and pay interest at the rate of 3 per cent per annum, compounded semi-annually.

## Motherhood

**MOTHERHOOD** is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy. Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality and strength.

With these facts presented to American women no expectant mother should be satisfied without the re-inforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at \$1.00 a bottle.

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stout in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

MRS. V. ELIZABETH STAFFORD.

**STATE NEWS**

La Grande citizens are going in for cement sidewalks.

Albany Woodmen and Maccabees are going to organize baseball teams this season, and promise the citizens some good games, and show how the game should be played.

A part of the U. of O. students have started a tramp to the ocean. On the way they will study botany, geology, etc., and investigate the oyster industry and other things.

The Herald says that Albany needs improvements that improve—the wooden crossings in the down-town part of the city are in horrible condition, and should be replaced with cement.

**A CASE TO FIT.**

Many More Like It in Salem.

The following case is but one of many similar occurring daily in Salem. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

Olof Johnson, who is a gardner by occupation, living at the corner of 15th and B streets, North Salem, says: "Kidney complaint is no new thing for me. I have been bothered off and on from a disordered condition of the kidneys for 10 or 12 years. I did not suffer so much from backache as most people do who have kidney secretions, which was both distressing and aggravating. There was a scalding sensation in passing, and a heavy brick-dust like sediment appeared after standing in the vessel over night. I had attacks of dizziness in my head, and oft times a blurring would appear before my eyes, and I could hardly see. I tried numerous remedies, but all in vain until I saw Doan's Kidney Pills highly recommended for just such troubles, and procured them at Dr. Stone's drug store. I will say that in all my experience with doctors' prescriptions and different kidney remedies nothing has given me the amount of relief that I have received from Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
