**Hair Vigor.** Does four things and does them well. Restores color to gray hair, stops falling hair, makes the hair grow, cures dandruff. Isn't this enough for one preparation?

D. L. Rhodes has resigned as secretary of the Oregon Fire Relief Association at McMinnville. He is succeeded by W. C. Hagerty, a well-known newspaper man.

## Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

### Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jovan, Parker City, Ind.

Hood's Sarsaparilla promises to cure and keeps the promise.

### Third Game.

Monday the third Yew Park team played the last game of a series of three games with the Waldos. They won with a score of 10 to 2. The first game was won by the Waldos 16 to 4, the second game by the Third Yew Park 11 to 8. Yesterday the game was interesting from start to finish. The star pitcher, Clay Carey, who played with the Waldos, was batted all over the field. Lousignont pitched fine ball, and they could not get onto his curves. Lewis also played good ball. Next Saturday the Yew Parks are going to play the reform school teams. The teams were as follows:

Waldos	Third Y. P.
Shortstop	
D. Johnson	Bashor
Pitcher	
C. Cary	R. Lousignont
Catcher

## Learning By Experience

An investment last winter and spring of \$75 in advertising space in two agricultural publications put \$2,400 in a farm boy's pocket. He advertised seed corn. It was the first publicity purchasing he ever did, and naturally he went about it in that diffident, incredulous manner which is of considerable assistance to the "new man" in killing trade. Still he made money and, what is more important when philosophically considered, learned to appreciate the value of printers' ink.—Agricultural Advertising.

If there are any doubting Thomases among our merchants, they should advertise in this paper. It reaches the buyers in town and the adjacent territory.

### X-RAYS

The Willamette valley cannot be developed too much nor too fast in the right direction.

Any street improvement that is put down should be put down well. But any improvement is better than none.

A public improvement without a graft attached to it is really undesirable. We are willing to have asphalt or bitulithic, if we have to have it, but it is horrible to have it, and not get a graft out of it.
