# BILLS PASS THE COUNCIL

The regular meeting of the city council was held last evening with all present, except Alderman Skaife.

Geo. Griswold was given time to present a petition for the purchase of two fire extinguishers and two fire lanterns to be used by the Yew Park bose team.

The committee on fire and water, which was authorized to investigate the proposed erection of a corrugated iron building by Steiner & Berger, the same having been opposed by Mr. Pohle, on the grounds that its erection would endanger the adjoining property, reported that, in their judgment, the right to erect said building should be granted. Attorney Holmes was given permission to speak in behalf of Mr. Pohle. Atorney McMahon then followed him, speaking for Steiner & Berger. After some discussion a vote was taken on the adoption of the committee's report, and was lost by a vote of 7 to 6.

Judge Boise asked permission to speak regarding the proposed extension of Highland avenue through his property. He said that such a proceeding would injure the value of his property, and cause much expense to himself, and e did not believe that, at this time, there was need for such a road.

Alderman Steusloff submitted a re port regarding the construction of a sidewalk on the west side of Commercial street, near Marion square, to cost

Miss Estelle Campbell, 140 N. High street, Nashville, Tenn., writes:

"Peruna helped me when almost everything else failed. I was rundown from overwork, as I had not been able to take a vacation for three years and naturally my nerves were all unstrung and I was greatly in need of rest and a tonic.

#### A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question.

We have on file thousands of letters which testify to the curative and preventive value of Peruna in cases of nervous depression and run down conditions of the system. We quote a typical case:
