In Memory of Monroe.

New York, April 28.—The women of the American Scenic and Historic Preservation society today placed a memorial tablet upon the old house in Prince street where James Monroe, president of the United States, died. The day was appropriately chosen as this was the one hundred and forty-seventh anniversary of Monroe's birth. The dedication of the tablet was made the occasion of interesting exercises. The program consisted of prayer, music and addresses. General Frederick Dent Grant was present, and the military band from Governor's Island furnished the music. Miss Mary Van Buren Vanderpoel, president of the society, presided over the ceremonies, and the tablet was unveiled by Gouverneur Hoes of Washington, a lad of 15, and a great-grandson of President Monroe.

The old colonial house, 63 Prince street, is fast falling into decay. There is a cheap restaurant in the once beautiful drawing room, a shoe factory occupies the second floor, and from the quaint old dormer window swings the sign of a small furrier.

Monroe was connected with several old New York families, and after the death of Mrs. Monroe he left his Virginia home and came to New York to live with the Gouverneurs in Prince street, then a fashionable section of New York, and there he died on July 4, 1831.

A MEASURE OF MERIT.

Salem Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Salem. Is not the testimony of strangers. But the endorsement of Salem people.

That's the kind of proof given here. The statement of a Salem citizen.

William H. Spayd, living at the corner of North Winter and D streets, says: "Words cannot express my opinion half strong enough of Doan's Kidney Pills. I have known their remarkable merits for the last eight years having used them in Clinton Co., Mich., where I was living. My kidneys were a source of annoyance for quite a number of years. I had much pain across my loins and the secretions from the kidneys were irregular in action, causing me to rise often in the night, and at times there was a scalding. I also had more or less dizziness. I procured Doan's Kidney Pills from Dr. Stone's drug store and gave some to a person visiting us and they gave her wonderful relief, and in my case I was benefited in every way. My backache was relieved and the trouble with the kidney secretions was corrected. You are at liberty to refer to me as one who can endorse the claims made for Doan's Kidney Pills and I also know of a great many others who have used them with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A Vanderbilt Benefit.

Asheville, N. C., April 28.—George W. Vanderbilt's Biltmore house, well known to be one of the finest private residences in America, is to be opened to the public this evening for the first time. The occasion will be a concert to be given by Mr. and Mrs. Vanderbilt in aid of charity. The program will be given by the Pittsburgh orchestra Mr. Emil Paur, conductor, and Mme. Gadski, soloist.

Preparations for the affair have been in progress for more than a month. Mr. Vanderbilt has had constructed twenty omnibuses to carry the guests from the station to the mansion. From Asheville many persons will go to Bilt-

HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

more by special trolley cars. Altogether it is expected there will be between seven and eight hundred guests, including several parties from New York and other cities.

Partition of China.

Medford, Mass., April 28.—The annual intercollegiate debate between representatives of Tufts college and the University of New York takes place this evening in Goddard chapel and promises to be the event of the college year. The question of debate is embraced in the following proposition: "Granted that a reasonably equal partition of China among the great powers can be peacefully accomplished. Resolved, that such a partition of China would be more advantageous to the world than the preservation of its national and territorial integrity."

Sullivan vs. Lewis.

Baltimore, Md., April 28.—"Kid" Sullivan, of Washington, D. C., and Harry Lewis, of Philadelphia, are to furnish the principal bout at tonight's show of the Eureka Athletic club. The agreement calls for a 15-round contest at 130 pounds, weigh in at 3 o'clock. Both men are well up in the feather-weight division, fast and rugged fighters, and capable of putting up a lively fight.

Fencing Championships.

New York, April 28.—For the first time in the history of the Amateur Fencers' League of America, the west will be represented in the national fencing championship tournament, which begins tonight at the New York Athletic club. Chicago has sent a team of three crack fencers, including Haier, the Illinois state champion, and it is not improbable that they may return west with several of the choice prizes. Another city represented in the tournament this year for the first time is Washington, D. C.

Prosperity in Argentina.

The Buenos Ayres correspondent of German trade papers speak in glowing terms of the prosperity now existing throughout Argentina. The customs and internal revenue receipts show large gains, and the value of real estate is augmenting. The number of immigrants has been increasing during recent months; the coming crops are very promising, and wool and other staple products are bringing good prices.

The railroad bureau which is turning out literature that has for its purpose the backing of the effort of the President to secure the passage of laws which will compel them to deal fairly with the people is attempting the impossible. It is trying to prove that reductions of freight rates cannot by any possibility inure to the benefit of the consumer; the middleman, says the bureau, is the only one who can be advantaged. Nonsense. Unless the railroad's special pleaders can show that the middlemen have a pooling system similar to that surreptitiously maintained by their principals they cannot escape the workings of the law of competition. They must inevitably share the reduction with the consumer or new middlemen will come on the scene who will be willing to do so.

NAGGING PAINS

Newport News, Va., July 22, 1903.
Last summer while recovering from illness of fever, I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I cheerfully recommend S. S. S. to any one suffering from Rheumatism.
513 3rd St. CHAS. K. GILDERSLER

Rheumatism is caused by uric acid or some other acid poison in the blood, which when deposited in the muscles and joints, produce the sharp, cutting pains and the stiffness and soreness peculiar to this disease. S. S. S. goes directly into the circulation, all irritating substances are neutralized and filtered out of the system, the blood is made pure and the general health is built up under the purifying and tonic effects of the vegetable remedy.
Write for our special book on Rheumatism which is sent free. Our physicians will advise without charge all who will write us about their case.
