OPPOSES WOMAN'S CLUBS

(From an article by Ex-President Cleveland, in the Ladies' Home Journal.)

I am persuaded that without exaggeration of statement we may assume that there are women's clubs whose objects and intents are not only harmful, but harmful in a way that directly menaces the integrity of our homes and the benign disposition and character of our wifehood and motherhood; that there are others harmless in intent, but whose tendency is toward waste of time and perversion of effort, as well as toward the formation of the club habit, and the toleration or active patronage of less innocent organizations; that there are also associations of women whose purposes of charity, religious enterprise or intellectual improvement are altogether laudable and worthy. Leaving this latter class out of account, and treating the subject on the theory that only the other organizations mentioned are under consideration, I believe that it should be boldly declared that the best and safest club for a woman to patronize is her home. American wives and American mothers, as surely as "the hand that rocks the cradle is the hand that rules the world," have, through their nurture of children and their influence over men, the destinies of our Nation in their keeping to a greater extent than any other single agency. It is surely not soft-hearted sentimentalism which insists that, in a country where the people rule, a decisive share in securing the perpetuity of its institutions falls upon the mothers who devote themselves to teaching their children who are to become rulers, lessons of morality and patriotism and disinterested citizenship. Such thoughts suggest how supremely great is the stake of our country in woman's unperverted steadfastness, and enjoin the necessity of its protection against all risks, and all temptations.

MALARIA IN THE SYSTEM

Holly Springs, Miss., March 24, 1903. While building railroads in Tennessee some twelve years ago a number of hands contracted fever and various forms of blood and skin diseases. I carried S. S. S. in my commissary and gave it to my hands with most gratifying results. I can recommend S. S. S. as the finest preparation for Malaria, chills and fever, as well as all blood and skin diseases. W. I. MCGOWAN.

I suffered greatly from Boils, which would break out on different parts of my body. I saw S. S. S. advertised and after using about three bottles I was cured, and for the last three years have had no trouble whatever. A. W. ZEBER, 217 Read St., Evansville, Ind.

I began using your S. S. S. probably ten years ago for Malaria and blood troubles, and it proved so good that I have continued ever since using it as a family remedy. It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and cure for Malaria. Arkansas City, Ark. C. C. HEMINGWAY.

Boils, abscesses, sores, dark or yellow blotches and debility are some of the symptoms of this miserable disease. S. S. S. counteracts and removes from the blood all impurities and builds up the entire system. It is guaranteed a purely vegetable remedy. Write for medical advice or any special information about case.

O. P. Hoff, state labor commissioner, today inspected the two sawmills in Eugene and gave the proprietors instructions to cover up pieces of machinery where life and limb were endangered.

Mr. Hoff has commenced a tour of the saw mills in all parts of the state and will see that these dangerous places are remedied, thus preventing many serious accidents.—Guard.

Quality is of uniformly high standard. The Wild Rose brand is the family flour par excellence. Best on the market for the money.
