

AMUSEMENTS.

TONIGHT.

Edison—Vaudeville.

Babie Mazie a Clever Comedienne. Last night's program at Salem's popular vaudeville theatre was certainly a decided change from the first half of the week.

MARION COUNTY CENSUS

Census returns for the different towns and precincts of Marion county are somewhat slow in arriving, and it is probable that the complete report of the county will not be in for some time.

Deafness Cannot Be Cured By local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure.

X-RAYS

Care may furrow the brow, but it expands the heart. Isn't it about time those indictments were leaking out?

No wine glass is deep enough to drown the pettiest of sorrows. There's many a good resolution sacrificed on the altar of expediency.

In the pharmaceutical field the blame man would doubtless be classed as a refrigerator. Ambition is only worthy when you hope through it to achieve more good for humanity.

Were it not for the trials of life how few of us would value at their true value the joys that come to us. Piety renders wholesome and profitable every trial of life by the magic of the sentiment "it's all for the best."

You can always count on one great leader in the council censuring anyone who undertakes a street improvement. He does not even believe in sidewalks.

From St. Louis, Marion County. Nearly all the old hop yards in this vicinity are doing very poorly. They started good enough, but seem to be at a standstill now, but all of the young yards are looking better than ever.

MANAGER NACE ASKS JUSTICE

Willamette Wins Another Victory by Defeating the Fast Team of Eugene High School

According to the "write-up" given in the morning paper, one would think that this Eugene high school team was an aggregation from a kindergarten, very badly crippled at that—in fact one would infer that they went into the game on crutches—but the truth of the matter is, this same crippled (?) aggregation defeated a picked team from Albany with Teabo and "Slats" Taylor as battery, along with other former league players, such as Dorsey, Turner and Myers.

It is true that high school and university teams have much to learn about the game, and errors are only too frequent, but any amount of printed matter will not make the player more conscious of them. It is a very easy matter to sit and tell (or write, especially when one is paid for that kind of work) how a play ought to have been made, but altogether a different proposition to get out and do it.

It was in the first inning that the visitors scored one run, and in the second, by one hit and a couple of bad throws they were allowed to make

His Cure Complete

MR. PORTER NOW ENTIRELY FREE FROM NEURALGIA.

Remedy Found in Dr. Williams' Pink Pills—Relief Began With First Box and Pain Now Gone Altogether.

"It seems like a miracle that those little pink pills should have cured my neuralgia," said Mr. Potter. "They are certainly a marvelous medicine and I shall always be glad to recommend them."

"For two years," he continued, "I had suffered almost unbearable pains in my head. They would start over my eyes and shoot upward most frequently, but they often spread over my face, and at times every part of my head and face would be full of agony. Sometimes the pains were so intense that I actually feared they would drive me mad."

"I could not sleep, my temper was irritable and I got no pleasure out of life." "During those years of suffering, you made efforts to conquer the disorder, didn't you?" "I surely did. I tried remedy after remedy, but finding no help in any of them, I became a despairing man. Even when I began to take Dr. Williams' Pink Pills I had no great hope of a cure. I had used nearly everything else offered for neuralgia, and I merely thought: they won't do me any harm; I may as well try them too."

"That was in December of 1903. To my surprise, a change in my condition took place right away. The pains grew less intense and the acute attacks were further apart, as I kept on using Dr. Williams' Pink Pills. The improvement began with the first box, and when I had used six boxes I stopped. My cure was complete and has lasted ever since."

Mr. Charles H. Porter lives at Raymond, New Hampshire, and is well known as the proprietor of the Hotel Raymond. He is one of many grateful people who have found that Dr. Williams' Pink Pills will cure disease that causes the pain by purifying and enriching the blood. Not only neuralgia, but sciatica, partial paralysis and locomotor ataxia yield to them.

One of the best things about Dr. Williams' Pink Pills is that they do not contain the slightest trace of narcotics. No harmful drug habit results from using them. As soon as the cure is complete they can be laid aside without discomfort. They improve the general health at the same time that they cure the nerve-aches. They are sold by all druggists. A valuable booklet on nervous disorders will be sent free to any one who will write the Dr. Williams' Medicine Company, Schenectady, N. Y.

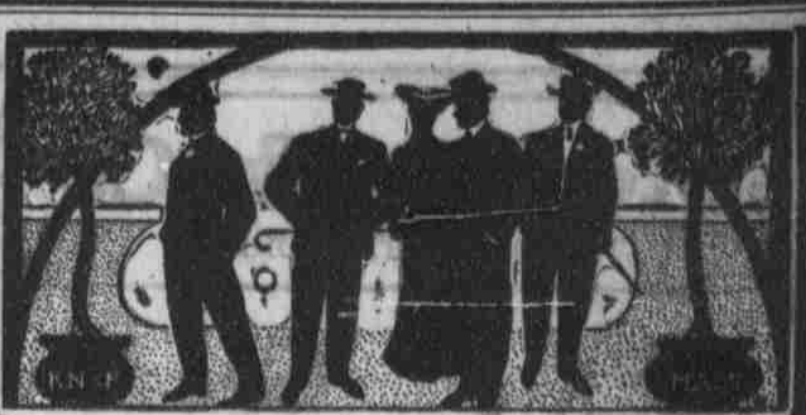

three more runs. This was their last chance to score, for the University boys then settled down and played consistent ball. Jerman pitched a fine game throughout, and allowed but five hits. The local team also made three runs during the first of the game. By bunching hits, assisted by errors, made eight runs during the first three innings. Considering the condition of the grounds, it was a good exhibition of ball. The infielding of the visitors was almost perfect. It was in the ninth inning that G. Hunt made the play of the day, by catching what looked to be a two-bagger, and made a double of it by a perfect throw from left field, to first base.

Harbingers of Summer

"One swallow doesn't make a summer." Neither does the prophecy of a weather prophet; but a store full of bright, new things in clothing, furnishings, etc., is a pretty good indication of itself that the welcome summer season is not far away.
