## ATTACKING PRESIDENT ROOSEVELT

### Hot Air Russian Newspapers Say President Is Hostile to Russia

St. Petersburg, June 12.—That a strong party at St. Petersburg is working against peace is shown by the attitude of the reactionary press. Several newspapers today published articles attacking Roosevelt, declaring the President is openly hostile to Russia. A report from Manchuria that the Japanese have begun offensive movements also had a tendency to make the outlook for peace less bright.

#### Getting Busy.

St. Petersburg, June 12.—It is announced today that M. Witte, president of the committee of ministers, is leaving St. Petersburg for two weeks on "public business." It is said on good authority that his mission is connected with peace negotiations.

#### Going Back Home.

Singapore, June 12.—The steamer Sea Lion, which arrived here today, reports that on June 10th she passed a Russian volunteer cruiser in Malacca straits. The cruiser was on her way back home.

#### Peace Assured.

St. Petersburg, June 12.—Prince Dolgoroukoff said that, unless the Japanese should propose impossible terms, peace would be assured in a short time.

#### Japan Is Willing.

Tokio, June 12.—Minister of Foreign Affairs Komura, in a note to Minister Gricom, acknowledged the receipt of President Roosevelt's note, and says his government is giving the suggestion contained therein serious consideration. Japan, in the interest of the world, as well as that of Japan, is willing to re-establish peace with Russia on terms and conditions that will fully guarantee the stability of the imperial government. Japan will, therefore, agree to appoint plenipotentiaries to meet those of Russia, and agree on terms of peace.

St. Petersburg, June 12.—It is stated on good authority that Russia will not agree to abandoning Vladivostok, taking the stand that that port is

in ideal condition to resist a Japanese attack. It is believed if Japan forces the issue that Vladivostok must be given up as a naval base, the war must continue.

#### Created Sensation.

St. Petersburg, June 12.—The Novoye Vremya, in an editorial this morning, deprecates the optimism among diplomats regarding the movement toward peace. If Japan, under the slogan "Asia for Asiatics," recognizes that Russia, in her original history and destiny, is an Asiatic as well as European power, she will be ready to conclude not peace, but an alliance. The editorial is something of a sensation.

## PLAYING AT WAR

### The Land Forces Are Doing Things to Uncle Sam's Navy

Baltimore, June 12.—At 1:30 this morning three torpedo boats and destroyers of Admiral Dickins' attacking squadron were theoretically blown out of the water by the guns of Fort Howard, and the fourth destroyer was discovered "sunk." Then the Texas made a frontal demonstration on the forts, aided by a swift cruiser. The fort returned the fire and theoretically sent both vessels to the bottom.

#### DRISCOLL ENTERS DENIAL.

Says Stories About Graft Charges Are a Pack of Lies.

Chicago, June 12.—John C. Driscoll, former secretary of the Coal Team Owners' Association, whose name figured largely in the graft charges made by the labor leaders, Shea and Young, returned to Chicago Saturday. Driscoll denounced the stories that he acted as a go-between for the attempted bribery of union officials, as lies. Driscoll has agreed to talk to the state's attorney, and will appear before the grand jury today, to testify to the graft charges.

## SHOOTING RECORDS BROKEN

### Battleship Kentucky Gunners Break all Records With Five Inch Guns

New York, June 12.—Rear-Admiral Evans and his flagship, the Maine, which arrived from the drilling ground, reports that four gunners of the battleship Kentucky broke all records for shooting with five-inch guns. One gunner with 14 shots a minute hit the target 13 times. The second gunner fired 13 shots and hit the target each time. Two other men had 12 hits out of 13 shots.

## BIG PRICE FOR PICTURE

Vienna, June 12.—The city of Frankfurt has just bought from Count Schoenborn the celebrated picture by Rembrandt of "Samson and Dalila" for \$82,500. Austria is in despair at having lost such a notable work, but the sale was conducted without warning, and the contract being signed the celebrated picture was taken to Frankfurt at once. It is said that this picture actually came to Vienna as a canvas packing, and that an ancestor of Count Schoenborn bought it in the marketplace for \$25 of an old man who used it to keep the sun and rain off the second hand rubbish he was selling.

#### Fleet Ordered to East.

New York, June 12.—An officer of the North Atlantic fleet said today it is understood the first-class battleships and fleet will soon be ordered to Asiatic waters, to reinforce the fleet under Rear-Admiral Train.

#### Bad Show for Creditors.

New York, June 12.—Captain Putnam Bradley Strong, who gained notoriety because of his marriage to May Yohe Ayers, and who is now appearing with her on the vaudeville stage, has filed a petition in bankruptcy, scheduling his liabilities over \$1000; assets nothing.

## MEET AND ORGANIZE

### Tax Commission Met This Morning and Elected Officers

The state tax commission, created by the last legislature, met at the state house at noon today, and organized by electing Mr. Mulkey, of Portland, chairman. The board then proceeded to elect a secretary, Clyde M. Acheson, of Portland, securing the plum. Mr. Acheson is not very well known in Salem, and his election was accomplished by the Democratic vote, the Republican members not agreeing. Mr. Acheson, it is claimed, is on the legal staff of the Title Guarantee and Trust Company, of Portland.

There were several candidates for the position, among them Frank Davey, of this city, and Frank Middleton, of Portland. It was supposed that Davey had rather the best of the fight, but the last few days, as is usual in such cases, mutual friends of the commissioners and applicants got busy, and Mr. Davey's chances went glimmering. The appropriation is \$7000, and the secretaryship carries a goodly salary.

### Pennsylvania Special Clips Off Time Between Chicago and New York

Chicago, June 12.—The westbound "Pennsylvania special," the 18-hour train, which left New York yesterday afternoon, arrived at Chicago at 8:52 this morning, three minutes ahead of running time. Much of the distance was done in less than a mile a minute.

Jersey City, N. J., June 12.—The eastbound "Pennsylvania special," from Chicago, arrived at 9:23 this morning, making the run in three minutes less than schedule time. This is two hours less than the previous low schedule to New York from Chicago. The train will be the fastest in the world for the distance.

## HANDS DOWN OPINIONS

The supreme court handed down five opinions this morning as follows:

Mary Kemp, respondent, vs. Joseph W. Brown and the county of Polk, appellants; appeal from Polk county, R. P. Boise, judge. Justice Bean rendered the opinion, affirming the decision of the lower court. The question involved was whether the county court could refuse to confirm the report of viewers appointed to assess damages for the location of a county road. The decision is in effect that it cannot.

Joseph W. Brown, appellant, vs. Mary Kemp, et al, respondents; appeal from Polk county, Hon. R. P. Boise, judge; affirmed. Opinion by Justice Bean. This was for an easement through private property, and sustains the principle that in selling a parcel of land not adjoining the highway, the grantor necessarily sells the right of way.

Margaret Busch, respondent, vs. John F. Robinson, appellant; appeal from Umatilla county, Hon. W. R. Ellis judge; affirmed. Wolverton, C. J. Respondent was employed in a laundry at Pendleton, and was hurt by getting her hand caught in a mangle. Defendant set up contributory negligence, but jury awarded her damages.

W. J. Woods, respondent, vs. Oregon Short Line Railway, appellant; appeal from Baker county, Hon. Robert Eakin, judge; reversed and remanded. Bean, Justice.

Frank C. Sharkey, et al., appellants, vs. C. F. Candiani, et al., respondents; appeal from Lane county, Hon. J. W. Hamilton, judge; remanded for modification of decree.

#### SCHOOL BOARD MEET.

But Decline to Act, Owing to the Absence of Two Members.

The meeting of the school board, set for last Saturday evening, did not come off, as only three directors, Messrs Byrd, Fletcher and Lee, were present. There was a committee from South Salem present composed of J. A. Carson, John Bayne and L. H. McMahon and several ladies, who were sent there for the purpose of getting Misses Grace Bellinger, Maude Myers and Bessie Smith reinstated as teachers in the Lincoln school. It was asserted that Messrs Croisan and Condit remained away from the meeting, in order to avoid responsibility in this matter, but such could not have been the case, as Mr. Croisan was in Portland, and Mr. Condit was also absent. The board adjourned to meet this evening at the police court room, when this matter will be taken up. Several other matters will also be attended to at this meeting of the board.

## RED ROSE PAYS FOR THE RENT

### A Lancaster Church Has Cheap Way of Paying Ground Rent

Lancaster, Pa., June 12.—The rent of Zion's Lutheran Church at Manheim became due yesterday, and was paid with one red rose in accordance with the terms of agreement made with Baron Stiegel, who donated the church site in 1792. The occasion, which has become known as the "Feast of Roses," has increased interest this year because of the attendance of Governor Pennypacker, who had promised to make the address attending the payment of the rental. Congressman D. F. Lefean, accepted it for the heirs, one of whom, Miss Martha Horning, of Newport, R. I., a descendant of Baron Stiegel, was present to receive it.

## OUTLINES HIS POLICY

New York, June 12.—Paul Morton, the new head of the Equitable board, had a conference Saturday with Thos. F. Ryan, who purchased the Hyde stock, and later went to the Equitable office. I don't wish to reflect in any way on the former management, but shall take things exactly as I find them, and devote every effort to conduct the affairs to a successful issue." Morton has determined not to go abroad, in view of his election to the Equitable.

#### FILIPINOS BROKE OUT.

Outlaws Committing Depredations in Cavite Province.

Washington, June 12.—The Army and Navy Journal prints an article showing that ladronism is again rampant, and that the Filipino constabulary is utterly unable to cope with the situation. The substitution of military control in the disaffected districts is recommended. The paper says that in Samar several thousand Pulajane outlaws have instituted a reign of terror. Large bands of outlaws are committing serious depredations in Cavite province.
