Prince Edward's Birthday.

London, June 23.—Prince Edward, eldest son of the Prince and Princess of Wales and heir presumptive to the throne, received numerous presents today on the occasion of his 11th birthday. The little prince's birthday was also celebrated by the ringing of bells in the Curfew Tower of Windsor Castle and the firing of salute.

Those who enjoy the personal acquaintance of the little prince report that he is more than usually bright and intelligent. He is being carefully educated under the personal supervision of his grandfather, King Edward. He and his younger brother, Prince Albert, are being trained for the navy, following the example of their father, the Prince of Wales, who went through all grades of the service.

CAN'T BURN BRUSH

Farmers Get Warm Enough to Almost Cause Spontaneous Combustion

County Clerk Roland was besieged by angry farmers today, who wanted in particular to secure permission to burn brush on their farms, and in general to register a kick against what they considered an unreasonable and uncalled for law. Of course they did not think of putting the blame upon the members of the legislature that passed the bill, but, without a single exception, they jumped onto the county clerk, and demanded to know why under the sun he ever had such a law passed.

The act to which they were so much opposed was passed by the last legislature for the purpose of preventing forest fires. Any person wishing to set out fire must first secure a permit, in making application for which, he must give a description of his farm, the brush to be burned, etc. The fire must be set out on one of three days, designated in the application, and within ten days after the application has been made.

Dogs and Snake Bites.

Proof of the old assertion that dogs know the remedy for every poison they are heir to was furnished in part by Joseph Gaughle's canine pet, near Maple Grove, Lehigh county. The pet in question was bitten on the heel by a deadly copperhead, and then disappeared. Hours later the dog was found half buried in the oozy soil of a swamp a mile or so from home. He remained in that position for about a day, when he returned home, apparently none the worse for his deadly snake bite.

In Blissful Ignorance.

Chicago, June 23.—Michael Donnelly, president of the builders' union, and leader of the stock yards strike, was a witness before the grand jury today on the labor graft investigation. Donnelly was unable to tell the jury who assaulted him at the meeting three years ago after he opposed the plan of strike settlement offered by John Driacoll, R. N. Moffett, of Sears, Roebuck & Co., and F. Folsenthal, a business man, declared they had no knowledge of the use of money in the strike settlements.

Wrecked Caused by Malice.

Cleveland, O., June 23.—State Railroad Commissioner Morris, who has personally investigated the Mentor wreck, said today that, beyond all doubt, the switch was open. The engine did not leave the track until it had gone 50 feet on the siding. "Some one set the switch," he said, "just an instant before the train reached it."

BRANTON IS GUILTY

Eugene, Or., June 23.—A cooler man never sat under judgment of the circuit court of Lane county than John Branton, accused of assault with attempt to kill on the person of John Fletcher. The trial lasted for a little more than two days, and during the entire time the prisoner has acted as unconcerned as if nothing had ever happened to place him in such a prominent position.

The prisoner was accompanied this morning by his 12-year-old daughter, who seemed to take a close interest in her father's case, and apparently was able to see that her father was being tried for a villainous crime. John Branton himself was very cheerful and seemed to care naught for the outcome. Only once or twice during the entire trial did he seem to be in the least affected by any of the testimony or arguments of the attorneys.

This morning was occupied by the attorneys for the defense in their pleas to the jury. Judge Meadly, speaking first, gave a vivid account of the case, but laid special stress on the duty of man to man. L. Bilyeu, in closing the arguments for the defense, spoke for nearly two hours, and thoroughly reviewed the case, seeking to establish the fact that Fletcher shot himself. District Attorney Brown closed the case in a long speech, in which he made a very forceful talk, and at 2:30 Judge Hamilton charged the jury, and gave them the various legal points on which they must decide as to the guilt or innocence of the accused.

At 5 o'clock the jury returned a verdict of guilty as charged in the indictment. Saturday morning at 10 o'clock was set as time for sentence.

ROY H. MILLER.

On Trial in Baker City on Sumpter Bank Matters.

Roy H. Miller, president of the defunct bank of Sumpter, is on trial today in the criminal court, charged with obtaining money under false pretenses. The court room is crowded with interested spectators, and a number of Sumpter people are down as witnesses. It is expected that the taking of the testimony will consume two days' time.

The indictment against Miller, which was returned by the last term grand jury, charges that on February 23, 1904, in the city of Sumpter, he fraudulently and wilfully represented to A. P. Goss that a certain check for \$15,000 on the First National bank of Sumpter was a good and valid check, and would be honored by the First National bank. With these misrepresentations he induced A. P. Goss to turn over to him, Miller, the property of the Bank of Sumpter, in payment for which he gave the \$15,000 certified check. The indictment then charges that at the time of making the transfer Miller knew the check was worthless, and that it would not be honored. This is the only charge in the indictment, although it is alleged that the bank of Sumpter, through mismanagement, became defunct, but Miller will not be tried on any of these charges now.—Baker City Herald.

HOPS AND STATE.

Baseball Game Between Pickers and Pluckers.

The greatest game of baseball ever played in the Capital City is scheduled to take place tomorrow afternoon. The contesting teams will be composed of members of the hop buying fraternity, and one of the state house employes and officials.

All arrangements have been completed, and the public, which will be admitted free of charge, will no doubt get their money's worth. Both Manager Gatens, of the state house, and Manager Irwin, of the hop men are confident of victory. A reporter was informed today that the game would be pulled off rain or shine, and that six hours would be consumed by the men in running in scores. Manager Gatens asserts that there will be nothing to it but state house, and the hop men will not have a look-in. The line-up of the two teams follows:

State House—Snyder c, Bonson p, Perkins 1b, Gatens 2b, Kaskier 3b, McHugh ss, Miles lf, B. F. West cf, O. West rf.

Hop men—Irwin c, Zeller p, Schueking 1b, Crossman 2b, Pincus 3b, Cornoyer ss, Settlemier lf, McClellan cf, Durbin rf.

Substitutes—Parziah and Lewis.

The Southern Pacific Company will sell tickets, Salem to Boswell Springs and return up to and including September 30, 1905, limited to 30 days, rate of \$5.55. 6-5-11
