

Seasonable Machinery

M'CORMICK HARVESTING MACHINERY, BIRDSALL CLOVER HULLERS, CHAMPION AND ELLI BALING PRESSES, FAIRBANKS-MORSE SPRAY OUTFITS, JENKINS SWEEP RAKES, HAY MACHINERY OF EVERY DESCRIPTION, PLYMOUTH BINDING TWINE.

McCormick harvesting machinery is too well known to need any extended description here, suffice to recognize it as standard of the world.

Birdsall Clover Hullers are the only hullers in the world using the Rasp Hulling Cylinder and Concaves, which RUBS the hulls or pods instead of trying to remove the seed by knocking it out; hence all the seed is saved, which is not the case with the common hullers. Send for descriptive matter, and understand fully why these claims are made, and you will buy no other. Once a Birdsall is used in a neighborhood, and understood, the farmers will not permit another in their fields.

Champion all steel balers are alone in their class when it comes to efficiency and durability, the main considerations.

Spray time is here; get a Fairbanks-Morse 2 H. P. gasoline outfit, and it will furnish 125 to 150 pounds pressure on four nozzles, and will not stop to sweat or spit on its hands. You can use the power at any time for any other purpose where a 2-horse power is usable.

Plymouth Binding Twine has been sold out of this house continuously for eight seasons. Never a customer lost who once uses it. It is the most even twine on the market today, and must be used to be appreciated.

Drop us a line for catalog and other information on any of the within times.

By all means kill the scheme to build seven permanent bridges. Cement walks are all right, but concrete and steel bridges won't rot down, and will save money. Besides the construction of them will give some laboring man a chance to earn something to live through the winter with. Besides it might look enterprising for the Capital City to do such a thing, and that would be a terrible thing for the second city of Oregon to be guilty of.

Pathetic sight: Beautiful girl standing on street corner chewing gum. One arm akimbo, the other hanging by her beautiful side. Her jaws working with automatic regularity. Lower jaw being beautifully developed. The muscles on her cheeks rise and fall in perfect rhythm with her beautiful form. She chews on and on as she gazes into space. Her beautiful mouth has expanded under the influence of the masticatory exercise. She is going to graduate in this art, and a beautiful salary position as head saleslady in a chewing gum store awaits her.

BOBBY AND THE MATCHES

A Combination That Caused a Whole Lot of Damage

The barn of Otto Williams, the McCoy stage driver, was totally destroyed this morning by fire, and two horses perished in the flames. The contents of the barn, consisting of a new buggy, some hay and a quantity of feed, were all lost. A little calf that was tied in the barn was fortunate enough to escape after the fire had burned the rope to shreds.

This was another case of children and matches proving a bad combination. The father, being a stage driver, was away from home, and the mother was at work in the laundry, so that the children were left at home alone. Little Bobbie, a tot of less than three summers secured some matches and traveled out to the barn to enjoy himself. The next that was seen of him he was standing out in the street, near the barn, crying as if his heart would break, while the barn was fast going up in smoke.

The loss was about \$700.

Miss Myers Declines.

Miss Maud Myers, one of the Lincoln school teachers whose resignation was procured in a manner that subjected the school board of this city to a great deal of criticism, and for whom a petition of all the patrons of that school was sent in at the last meeting, was seen by a reporter today, and said that, under no circumstances, would she accept a re-election to that position. She says she has no fault to find or criticism to make on the action of the board, and is very grateful for all that has been done for her by her many friends in this city in her efforts to have her reinstated. Miss Myers was one of the best liked and most popular teachers in the city. She always did a great deal more for the children than the course of study called for, and exercised a refining influence upon the children in her care. There are few better children teachers in the state than Miss Myers, and she will have no difficulty in securing employment, as she has a number of positions open to her.

ing at the home of Geo. S. Downing and other relatives. The doctor is a nephew of Geo. S. Downing, and is a delegate to the National Medical Association meeting which is being held in Portland now. They will remain here about two weeks.

Colonel J. H. Bailey of Pendleton, one of eastern Oregon's staunchest Democrats and a member of the Lewis and Clark fair commission, was in the city yesterday, having had business before the supreme court. Although the colonel is being prominently mentioned as the man who will very probably be appointed to fill Senator Mitchell's seat as soon as it becomes vacant, he says that his senatorial toga has not yet been ordered from the Taylor's. He was accompanied home by his daughter, Miss Ada, who has been visiting relatives and friends in this city for several days. Miss Bailey made a host of friends while in Salem who will be glad to welcome her back at any time.

Committed to the Asylum.

Francis Wattier, of Parkersville, was yesterday adjudged insane and committed to the asylum. Wattier was born in Wisconsin, but has resided in Oregon for a number of years. He is about 40 years of age, and has only been insane a few weeks. The afflicted man imagines people are trying to kill him with kodaks, and has at different times expressed his determination to take desperate measures to defend himself. The cause of Wattier's condition is not known.

An Accommodating Friend.

Would You "Worry" for Five Cents an Hour

Your work is probably hard enough—after you have subtracted the "worry" from it. It will be a bit too hard for you if you cultivate the luxury of worrying. Because you need a new clerk, or new servant, or partner, or stenographer, or more business capital—none of these things need to worry you. A Want Ad. big enough to be effective will cost you less than twelve hours of worry at five cents an hour. And the chances are that your want can be filled in twelve hours or less. Is it worth five cents an hour to secure immunity from worry?

PLACE YOUR WANT AD IN THE JOURNAL. It will bring results.

Married at Portland.

Miss Lillian Farrell, daughter of Pat H. Farrell, formerly of Albany, was married Thursday, June 29th to Mr. Rollo H. Powers, a prominent member of Innes' band at the fair. This is the culmination of a little romance. The two young people met at the beginning of the fair. After the fair they will reside at Indianapolis. The bride is well-known in this city. She is a niece of County Treasurer James Elkins and Mrs. F. M. Redfield, of Albany, and has visited in this city.

Roy Miller Gives Bonds.

Thursday afternoon the bonds of Roy H. Miller in the sum of \$4000, were approved and he is now a free man until the supreme court passes on his case. The bonds were paper and were given by a bonding company.—Baker City Herald.

Interesting Divorce Suit.

A suit for divorce was filed in the circuit court yesterday afternoon by J. R. Parvin of this city against his wife. This comes as a surprise to Salem people, and as the complaint was removed as soon as it was filed, it was impossible to learn the alleged grounds for divorce.

A Grim Tragedy

is daily enacted, in thousands of homes as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. O. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Married at Albany.

Clyde Rupert and Miss Pearl Stratton were married at the country home of the bride's father, Mr. L. C. Stratton, Sunday afternoon at 1 o'clock, Rev. A. Douglas performing the ceremony.

They passed through this city Sunday afternoon en route to Portland, where they will make their future home. The bride is a handsome and accomplished young lady, and is well known in this city. The groom is a former Albany boy, where he attended college. He is now associated with the Wells-Fargo people, and runs between Portland and Dunsmuir. He was prominent in baseball, and many will remember him playing in this city last summer.

SOME QUESTIONS

Put to the New Waters' Profit-Sharing Association

1. How can a man make his tobacco habit earn him something?
2. How can a woman profit by that tobacco habit of her husband?
3. What are THREE good reasons for patronizing the Waters' New Profit-Sharing Association?
