TONIGHT.
Edison—Vaudeville.
A REAL LAUGHING HIT.
"Ma, Look at Him," Is as Funny as Can Be—Don't Miss It.

The Edison theatre certainly has a great laugh-producing show for this half of the week, as every act is full of fine comedy. Rand and Byron, in a singing, dancing and acrobatic act, appear to great advantage, their work being different from any ever presented at this popular little theatre. Mr. Rand is a clever comedian, and his partner is pretty and very graceful dancer. Mr. Deely, in a single specialty, received encore after encore, "enough said." Mr. Morrell, singing the illustrated song entitled "They All Spoke Well of You" made this part of the program very enjoyable, as his voice is a high tenor of great power and remarkable sweetness. The farce, "Ma, Look at Him," by Morrell, Deely, Rand and Byron, was one continual laugh from beginning to end. Mr. Morrell, as the little boy, being especially funny. The Edisonoscope showed a fine lot of motion pictures. Prize matinee Saturday at 3:15 p. m.

A Pleasant Way to Travel.
The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.

BOILS AND ERUPTIONS

Have been suffering from Impure Blood for many years, having Boils and other Eruptions. Having heard of S. S. S. I decided to try it, and am glad to say that it has done me a great deal of good. I intend to continue to use it, as I believe it to be the best Blood Medicine on the market. Cleveland, Tenn. W. K. DETERS.
For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared and I have not been troubled any since. GEO. G. FERTIG.
114 W. Jefferson St., Louisville, Ky.
Newark, Ohio, May 23, 1903.
From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty in number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine needed in my case. It drove out all impurities and bad blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease. Mrs. J. D. ATHERTON.
Write for our book on blood and skin diseases. Medical advice or any special information about your case will cost you nothing.

An Enterprising Company.
The Spaulding Company is working about 75 men, and paying good wages. They have sawed more lumber in two months than some of the mills on the river in two years. Ten new fire hydrants are being put in the lumber yard, and to protect the mill property. Mr. Spaulding is very much interested in the work of the Willamette Valley Development League, and says he will gather some statistics of the tonnage a line would have from Salem to Independence would have via the Luckiamute to the Yaquina Bay country, through the Siletts.

Brothers Fought Together.
Another instance of brothers fighting side by side in the wars of our country is that of S. B. Watkins, of this city, who, with his brother, served three years in the First Oregon. They skirmished with the Indians together more than once, and recently had a reunion. The Journal would be glad to hear of other instances of boys from the same family who wore the blue together.

Buy a Salem Broom.
The Salem broom factory is doing an increasing business, and employing more labor. All Salem dealers should sell the Salem brooms, and all Salem people should ask for the Salem brooms. If all Salem people called for a Salem broom tomorrow there would have to be ten extra hands employed to make them. This is the way to build up an industry.

Iowa State Treasurer.
Hon. V. P. Twombly, former state treasurer of Iowa, stopped off at Salem between trains last night, and went on his way East this morning. He visited F. A. Turner, P. S. Knight and Hofer Bros., old Iowa acquaintances. He and P. S. Knight were boys together in Iowa, and had not met in all these years. It was a very happy reunion with the old Iowans.

Needed Rousing.
The Pastor—What in the world was the matter with the choir today? I never heard such tame and absolutely listless singing. Haven't been fighting again, have they?
The Organist—No; just now they are as amiable as turtle doves.

May Institute Criminal Prosecution.
Oyster Bay, L. I. July 13.—It is regarded here as not unlikely that criminal prosecution may result from the investigation of the cotton report leak in the department of agriculture. While decision to institute criminal proceedings has been reached the subject is being considered by Attorney General Moody, who will later take the matter up with the president.

Old Glory in the Muck.
London, Ont., July 13.—An American flag was torn down in front of the city hall tonight and trampled under a hundred feet, as the result of a remark made by an American visitor at the Orangemen's demonstration.
About 800 Americans came over from Michigan, and during the day carried the Stars and Stripes through the streets, without unfavorable comments being elicited.
Tonight the Americans gathered in front of a hotel, when some one cried: "To hell with Canada; she never showed us yet."
Instantly the American flag owned by the Port Huron (Mich.) lodge was torn from where it waved in the breeze and was ripped into shreds and trampled under the feet of an angry mob.
Port Huron Orangemen say they did not resent it, as they believed the insult to Canada was uncalled for.

Plymouth Binding Twine

For eight long years this implement house has sold binding twine, made by the Plymouth Cordage Co., of Plymouth, Mass., and in all that time they have never shipped us a bad lot of twine. Their standard twine runs far over than many another higher priced twine, there being an entire absence of those annoying thick and thin spots and heavy clumps, which worry the farmer into distraction, and cause no end of delay and bother.
Take a ball of this and a ball of any other twine on the market, regardless of the price, count the missed bundles and delay with either, and you will know why we lose no customers once they use this twine.

Hay Tedders

Plenty of hay tools of all sorts. Our hay carriers, for steel or wood track, are proving eminently satisfactory. Breaks of any sort extremely rare, and they are free from complicated parts, no springs being used, and all parts malleable.
