A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.

MISSION FURNITURE COMPANY

Mission Furniture Manufactured in Salem by a New Firm

Paul Stege and D. F. Carnes Open Store on Court St

Stege & Carnes is the name of a new firm that has been organized in Salem for the manufacture of "Mission Furniture," which will be sold direct to the customers. Mr. Stege, the senior member of the firm, has lived in Salem all his life, and has been associated with the House Furnishing Company, of this city for a number of years, and thoroughly understands every detail of the business. Mr. Carnes has made Salem his home for the past three years, is a first-class salesman, and a wide-awake business man.

The firm is located at 445 Court street, and in the rear of the building will be erected the manufacturing plant, equipped with all the necessary machinery and tools for the manufacture of "Mission Furniture." None of the product of the firm will be sold at wholesale, but direct to the consumer, which will make the price of this furniture very reasonable, and within the reach of all.

The salesroom, at the front of the building, has been tastefully fitted up, and the firm has on display 136 samples of carpets, the entire Mier & Frank line, which they have the exclusive sale of in Salem. With this large and varied stock of samples to select from, the buying public can surely be suited and satisfied.

Aside from "Mission Furniture" and carpets, the boys propose to operate a complete "sample" house furnishing establishment. Salem has a promising future, and will no doubt support and maintain the above mentioned industry and many more in various other lines. What is most needed today, in our country are more factories to manufacture our raw materials into the finished product.

Great System.

Another trolley magnate took a visiting traction official from a distant city for a street car ride to a pleasure park.

"We have one of the greatest systems in the world," he said, as they got aboard.

There were 40 passengers seated and 60 standing. More got on, until the car held 210 persons. When all the standing room was exhausted the people stood on one another's feet.

"You see how great our system is," the trolley magnate said. "We carry more passengers in one car than any other company on earth."

"Wonderful!" exclaimed the visitor, lost in admiration.—Newark News.

GOOD NEWS.

Many Salem Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad sufferers in Salem are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is no more, thanks to Doan's Kidney Pills. People are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. L. W. Monach, wife of L. W. Monach, cabinet maker, residing corner Fourth and Main streets, Albany, Oregon, says: "After any over exertion, or when I contracted a cold, pain seated itself in the seat of my back, causing it to ache severely, and there was a difficulty with the kidney secretions. On such occasions stooping, lifting, twisting or turning was always followed by sharp shooting twinges through the kidneys. When I was badly in need of something to bring relief I read about Doan's Kidney Pills and procured a box and took them strictly according to directions. They thoroughly relieved me of the last attack, and up to the present time I have not had a trace of symptoms of irritated or inactive kidneys. I will be pleased to allow you to use my name if it will be the means of doing good to others."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
